**NOTICE OF VIOLATION OF
CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 ET SEQ.
(PROPOSITION 65)**

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

ATA Law Group represents the Center for Advanced Public Awareness, Inc. ("CAPA"), 180 Promenade Circle, Suite 300, Sacramento, California 95834; CAPA is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, fostering and increasing the public awareness of chemicals used to manufacture consumer products, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

CAPA has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code, section 25249.5 *et seq.*, with respect to the product identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. Section 25249.6 of the statute provides that "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual." Without proper warnings regarding the toxic effects of exposures to this listed chemical that results from contact with this product, California citizens lack the information necessary to make an informed decision on whether and/or how to eliminate (or reduce) their risk of exposure to the listed chemical from the reasonably foreseeable use of the product.

This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Health and Safety Code section 25249.7(d), CAPA intends to file a private enforcement action in the public interest sixty (60) days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

Certificate of Merit and General Information about Proposition 65. Pursuant to Title 11, California Code of Regulations section 3100, a certificate of merit is attached hereto. Pursuant to Title 27, C.C.R. section 25903(b), a copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with this letter served to

Notice of Violation of California Health & Safety Code § 25249.5 *et seq.*
February 1, 2018

the alleged Violators identified below.

Alleged Violators. The names of the company covered by this notice that violated Proposition 65 (hereinafter the “Violators”) is:

- **TJD Holdings, Inc., a Michigan Corporation**
- **TJD Holdings, Inc., d.b.a. Venturi**
- **Slip-X Solutions, LLC, a subsidiary of Venturi**

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

- **Prism Bath Mat – Di(2-ethyhexly)phthalate (DEHP)**

On January 1, 1988, the State of California listed DEHP as a chemical known to the State to cause cancer. This addition took place more than twenty (20) months before CAPA served this Notice.

Chemical	CAS No.	Toxicological Endpoint	Listing Mechanism
Di(2-ethyhexly)phthalate (DEHP) ¹	117-81-7	Cancer	State’s Qualified Experts (SQE)

Violations. The alleged Violators knowingly and intentionally have exposed and continue to knowingly and intentionally expose consumers within the State of California to Di(2-ethyhexly)phthalate (DEHP) at levels that, upon reasonable use of the product, exceed the No Significant Risk Level without providing clear and reasonable warning of this exposure. In particular, the product does not warn that it contains chemicals known to the State of California to cause cancer.

The No Significant Risk Level (“NSRL”) for DEHP is 310 µg/day. The overall exposure estimate from the Prism Bath Mat significantly exceeds NSRL under bathing conditions. As a result, the Prism Bath Mat needs a clear a reasonable warning under Proposition 65.

Route of Exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of the product. Consequently, a primary route of exposure to these chemicals is through dermal exposure. Significant dermal exposure will occur under wet conditions while sitting or standing on the mat when bathing and showering. Consumers and other individuals are exposed to the listed chemical through direct

¹ <https://oehha.ca.gov/proposition-65/chemicals/di2-ethylhexylphthalate-dehp>.

Notice of Violation of California Health & Safety Code § 25249.5 *et seq.*
February 1, 2018

dermal contact when they handle, touch, or otherwise use the Prism Bath Mat. The potential exists for dermal exposure of DEHP through direct contact with the user's bare feet, hands, and/or other body parts when the bath mat is manipulated or contacted.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least August 27, 2017, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons handling and/or using these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, CAPA is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) recall products already sold or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 for products sold in the future or reformulate such products to eliminate further DEHP exposures. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time consuming litigation.

CAPA has retained ATA Law Group as legal counsel in connection with this matter.
Please direct all communications regarding this Notice of Violation to my attention at the law office address and telephone number indicated herein.

Dated: February 1, 2018

Very truly yours,

Matthew C. Maclear

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Tri-Coastal Design Group, Inc.

I, Matthew Maclear, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged that the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: February 1, 2018

A handwritten signature in blue ink, appearing to read "Matt Maclear", written over a light blue horizontal line.
