**DATE:** March 16, 2018  
**To:** Lighthouse for the Blind of Fort Worth; Sears Holdings Corporation;  
California Attorney General's Office;

**From:** SHEFA LMV, INC.

### **I. INTRODUCTION**

We are a nonprofit public benefit corporation of the State of California acting in the interest of the general public. We seek to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve public health and safety by reducing the hazardous substances contained in such items. This Notice is provided to the parties listed above pursuant to California Health & Safety Code §25249.6, et seq. ("Proposition 65"). The violations alleged by this Notice consist of product exposures, routes of exposures, and types of harm that may potentially result from exposures to the toxic chemical ("listed chemical") identified below:

<b>Product Exposure:</b>	<b>See Section VII</b>
<b>Listed Chemical:</b>	<b>DINP (Diisononyl Phthalate)</b>
<b>Routes of Exposure:</b>	<b>Touch, Oral, Dermal absorption</b>
<b>Types of Harm:</b>	<b>Carcinogen</b>

### **II. NATURE OF ALLEGED VIOLATION (PRODUCT EXPOSURE)**

The specific type of product that is causing consumer exposures in violation of Proposition 65, and which is the subject of this Notice, is listed under "Product Category/Type" in Section VII below. All products *within the type* covered by this Notice shall be referred to hereinafter as the "products." The sales of these products in California dating at least as far back as January 20, 2018 are subject to this Notice. As a result of the sales of these products, exposures to the listed chemical have been occurring without the clear and responsible warnings required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemical, resulting from contact with the products, California citizenry lack the information necessary to make informed decisions on whether and/or how to eliminate (or reduce) the risk of exposure to the toxic chemical from the reasonably foreseeable use of the products.

Through the act of buying, acquiring and using the products, citizens of California are exposed to the listed chemical in homes and elsewhere throughout California where these products are used. Exposure to consumers includes, but is not limited to, when handling the product the listed chemical comes into contact with the hands and is then absorbed through the skin, hand to mouth contact, hand to food to

mouth contact, or through hand to cigarette to mouth. Exposure may continue to occur for a significant period after the initial contact. These violations and threatened violations pertain to a chemical listed as a carcinogen.

### **V. RESOLUTION OF NOTICED CLAIMS**

Based on the allegations set forth in this Notice, we intend to file a citizen enforcement lawsuit against the alleged Violator(s), unless such Violator enters into a binding written agreement to: (1) recall products already sold or undertake best efforts to ensure that the requisite health hazard warnings are provided to those whom have received such products; (2) reformulate such products to eliminate exposures to the listed chemicals; or, at a minimum, (3) provide clear and reasonable warnings for products sold in the future.

If the alleged Violator is interested in resolving this dispute without resorting to time-consuming and expensive litigation, please feel free to contact the counsel identified above. It should be noted that we cannot: (A) finalize any settlement until after the 60-day Notice period elapses; or (B) speak for the Attorney General or any public agency who received this Notice. Therefore, although we may ultimately reach an agreement that will resolve our claims, such an agreement may not satisfy the public prosecutors.
