I. INTRODUCTION

Safe Products for Californians, LLC ("SPFC") is the noticing entity, acting in the interest of the general public. It seeks to reduce or eliminate the presence of hazardous substances in consumer products sold in California, and to ensure that California consumers are aware of the presence of such substances in consumer goods so that they can make an educated effort to limit their own exposure where deemed necessary.

This Notice is provided to the public agencies listed above pursuant to California Health & Safety Code §§ 25249.6, *et seq.* ("Proposition 65"). As noted above, notice is also being provided to the violators, Dick's Sporting Goods, Inc., Bass Pro Outdoor World L.L.C., and Wilderness Sports Warehouse, LLC (the "Violators"). The violations covered by this Notice consist of the product exposures, routes of exposure, and types of harm potentially resulting from exposure to the toxic chemical ("listed chemical") identified below, as follows:

Product Exposure:	See Section VII, Exhibit A
Listed Chemical:	Di(2-ethylhexyl)phthalate ("DEHP")
Routes of Exposure:	Ingestion, Dermal
Types of Harm:	Birth Defects and Other Reproductive Harm Cancer

II. NATURE OF ALLEGED VIOLATION (PRODUCT EXPOSURE)

The specific type of product that is causing consumer exposures in violation of Proposition 65, and that is covered by this Notice, is listed under “Product Category/Type” in Exhibit A in Section VII below. All products within the type covered by this Notice shall be referred to hereinafter as the “products.” The sales of these products in California dating back to at least August 3, 2017 are subject to this Notice. As a result of sales of these products, exposures to the listed chemical have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemical, resulting from contact with the products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemical from the reasonably foreseeable use of the products.

California consumers are exposed to the listed chemical through the act of buying, acquiring or utilizing the products. By way of example but not limitation, direct exposures occur when people (including children) place the product, or a portion thereof, into their mouth or otherwise chew, lick, and/or bite the product, thereby allowing the listed chemical to leach out of the substrate. Citizens can be exposed to the listed chemical through the routine handling of the products through readily available amounts of the listed chemical on the surface of the product that will rub off on the user’s fingers and hands, then ingested by way of subsequent hand-to-mouth activity.

IV. PROPOSITION 65 INFORMATION

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessment’s (“OEHHA”) Proposition 65 Implementation Office at (916) 445-6900. For the Violators’ reference, attached is a copy of “Proposition 65: A Summary,” which has been prepared by OEHHA.

V. RESOLUTION OF NOTICED CLAIMS

Based on the allegations set forth in this Notice, SFPC intends to file a citizen enforcement lawsuit against the alleged Violators unless such Violators enter into a binding written agreement to: (1) recall products already sold or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such products; (2) provide clear and reasonable warnings for products sold in the future or reformulate such products to eliminate the exposure of California citizens to the listed chemical(s); and (3) pay an appropriate civil penalty based on the factors enumerated in California Health & Safety Code § 25249.7(b). If the alleged Violators are interested in resolving this

dispute without resorting to time-consuming and expensive litigation, please feel free to contact SPFC's counsel identified in Section III above. It should be noted that neither SPFC's counsel nor SPFC can: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any district or city attorney who received this Notice. Therefore, while reaching an agreement with SPFC will resolve its claims; such agreement may not satisfy the public prosecutors.

VI. ADDITIONAL NOTICE INFORMATION

(THIS INFORMATION IS NOT REQUIRED TO BE PROVIDED UNDER CAL. CODE REGS., TITLE 22 § 12903(b)(4).)

Identified below is a specific example of a product recently purchased and witnessed as being available for purchase or use in California that is within the category or type of offending product covered by this Notice. Based on publicly available information, the retailers, distributors, and/or manufacturers of the example within the category or type of product are also provided below. SPFC believes and alleges that the sale of the offending products also has occurred without the requisite Proposition 65 "clear and reasonable warnings" at one or more locations and/or via other means including, but not limited to, transactions made over-the-counter, business-to-business, through the internet, and/or via a catalog by the Violators and other distributors and retailers of the manufacturer.

*The specifically identified example of the type of product that is subject to this Notice is for the recipients' benefit to assist in their investigation of, among other things, the magnitude of potential exposures to the listed chemical from other items within the product category/type listed in Exhibit A. It is important to note that this example is not meant to be an exhaustive or comprehensive identification of each specific offending product of the type listed under "Product Category/Type" in Exhibit A. Further, it is SPFC's position that the alleged Violators are obligated to continue to conduct in good faith an investigation into other specific products within the type or category described above that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the notice recipients' custody or control) during the relevant period so as to ensure that the requisite toxic warnings were and are provided to California citizens prior to purchase.

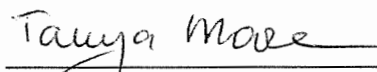

CERTIFICATE OF MERIT

(Pursuant to California Health & Safety Code § 25249.7(d))

I, Tanya E. Moore, hereby declare:
