

**60-DAY NOTICE OF VIOLATION
OF CALIFORNIA HEALTH & SAFETY CODE § 25249.7(d)
(PROPOSITION 65)**

Date: July 20, 2018

To: Walmart Inc.
Jet.com, Inc.
California Attorney General's Office;
District Attorney's Office for 58 Counties; and
City Attorneys for San Francisco, San Diego, San Jose, Sacramento & Los Angeles

From: The Center for Advanced Public Awareness, Inc.

I. INTRODUCTION

The Center for Advanced Public Awareness, Inc. ("CAPA") is a California non-profit organization acting in the interest of the general public, pursuant to California Health & Safety Code § 25249.7(d). CAPA seeks to further: the protection of the environment; the reduction or elimination of toxic chemicals used in the manufacture of consumer products; the improvement of human health, through increased public awareness of toxic chemicals; a reduction in the use and misuse of hazardous chemicals; and the promotion of environmentally sound practices and corporate responsibility.

This 60-Day Notice of Violation ("Notice") is provided by CAPA who identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Cal. Health & Safety Code § 25249.5 *et seq.* ("Proposition 65" or the "Act"), with respect to the product listed below, based on a failure to provide a clear and reasonable health hazard warning in connection with the sale or use of the product in the State of California. This Notice is being provided to the alleged violators, Walmart Inc., and Jet.com, Inc. ("Violators" or "Notice Recipients"), as well as the California Attorney General's Office, The District Attorney's Office for 58 Counties, and the City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles.

The Notice Recipients are hereby given notice that they violated and continue to violate Proposition 65 with respect to the warning requirement, located at section 25249.6 of California's Health & Safety Code, which states, "No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual." Without proper warnings regarding the toxic effects of exposures to a listed chemical, consumers and citizens in California lack the information necessary to make an informed decision as to whether or how to eliminate or reduce their risk of exposure from the reasonably foreseeable use of products containing the listed chemical.

Pursuant to Health & Safety Code § 25249.7(d), CAPA intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice, unless the

appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

II. NATURE OF ALLEGED VIOLATIONS

Consumer Product. The specific type or category of products ("Product") that are the subject of this Notice are as follows:

Product(s)	Category/Type	Retailer	Manufacturer/Distributor
Nutek Pink Stereo Earbuds, Model #EP-102-0, UPC #8 40795 12003 9	Earbuds with vinyl/ PVC components	Walmart Inc.	Jet.com, Inc.

Identified above is a specific example of a Product recently purchased and witnessed as being available for sale or use in the State of California, within the category of offending products covered by the Notice. The retailers, manufacturers and/or distributors listed above are based on publicly available information.

The Product is identified for the Notice Recipients' benefit to assist in their investigation into the alleged violations that are the subject of this Notice. The exemplar Product is not intended to be an exhaustive list of all such products potentially in violation of Proposition 65. It is CAPA's position that the Notice Recipients are obligated to conduct, in good faith, an investigation into other specific products, within the category or type identified above, that may have been manufactured, imported, sold or distributed for sale, or otherwise have been in the Notice Recipients' custody or control during the relevant period, identified below, so as to ensure that the requisite health hazard warnings are provided to consumers in California prior to purchase.

Listed Chemical and Route of Exposure. The chemical that is the subject of this Notice is Di-(2-ethylhexyl) phthalate ("DEHP"). On October 24, 2003, the State of California listed DEHP as a chemical known to cause developmental toxicity, male reproductive toxicity and cancer. The consumer exposures that are the subject of this Notice result from the purchase, acquisition and handling of Products containing DEHP, in accordance with the Product's intended use, including the handling of the Product by hand. Consequently, the primary routes of exposure to the chemical are through dermal absorption, direct and indirect hand-to-mouth ingestion, and object-to-mouth ingestion. Consumers and other individuals are exposed to the listed chemical through their reasonably foreseeable direct dermal contact, caused when they handle, touch or otherwise use the Nutek Pink Stereo Earbuds. Thus, the potential exists for exposures to DEHP through dermal absorption, direct and indirect hand-to-mouth ingestion and object-to-mouth ingestion.

Violations and Time Period of Exposure. The Notice Recipients knowingly and intentionally exposed, and continue to knowingly and intentionally expose, consumers within the State of California to DEHP, a chemical known to the State to cause cancer and reproductive toxicity, without first giving a "clear and reasonable" health hazard warning of the exposure to such individuals, as required by Proposition 65. Specifically, the alleged Violators failed to provide clear and reasonable warnings to consumers that the Products can expose users to DEHP.

Exposures caused by the use of the Products have occurred each day since the products were introduced into the California marketplace, but, at a minimum, since July 20, 2018, and, potentially, as far back as July 20, 2015. Moreover, these exposures will continue until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from the Product or reduced to allowable levels in the Product. Without proper warnings regarding the toxic effects of exposures to the listed chemical resulting from contact with the Products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the listed chemical from the reasonably foreseeable use of the Products.

III. RESOLUTION OF NOTICED CLAIMS

Consistent with the public interest goals of Proposition 65, CAPA is interested in pursuing a constructive resolution to this matter to have the ongoing violations of California law quickly rectified. To that end, based on the allegations set forth in this Notice, CAPA intends to file a citizen enforcement lawsuit, as provided for in the Act, against the Notice Recipients for their alleged violations, unless the Violators agree, in an enforceable written instrument, to: (1) recall the listed Products; (2) reformulate the Products to reduce/eliminate further exposures to DEHP; (3) provide clear and reasonable health hazard warnings compliant with Proposition 65 for Products sold in the future; and (4) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as costly and time-consuming litigation.

It should be noted that neither CAPA nor their counsel can: (1) finalize any settlement until after the expiration of the 60-day Notice period, and, only then, if no public prosecutor has commenced and is diligently prosecuting the alleged violations; or (2) speak for the Attorney General or any District or City attorney who is in receipt of this Notice. Therefore, while reaching an agreement with CAPA will satisfy CAPA's claims, the agreement may not satisfy any public prosecutors.

IV. GENERAL INFORMATION AND SUMMARY OF PROPOSITION 65

A copy of a summary of Proposition 65's provisions, prepared by the Office of Environmental Health Hazard Assessment ("OEHHA") is enclosed with the copy of the Notice served on the alleged Violators for their reference. For further general information concerning Proposition 65, contact OEHHA's Proposition 65 Implementation Office at (916) 445-6900.

V. CERTIFICATE OF MERIT

Pursuant to Health & Safety Code § 25249.7(d) and Title 11, C.C.R. §3100, a Certificate of Merit is attached hereto. A copy of the Notice and Certificate of Merit is served on the Attorney General and marked "Attorney General Copy: Contains Official Information Pursuant to Evidence Code Section 1040" with all supporting documentation, as required by Section 3102, attached thereto.

VI. CONTACT INFORMATION

CAPA retained Kimberly Gates as legal counsel in connection with this matter. To the extent you are interested in discussing potential resolution, please direct all questions, issues or communications regarding this 60-Day Notice of Violation to CAPA's counsel at the following address:

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7(d)

Re: Center for Advanced Public Awareness, Inc.'s Notice of Proposition 65
Violations

1, Kimberly Gates, hereby declare and certify:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience and have assembled evidence attached to the copy for the California Attorney General as Exhibit 1 to this Certificate of Merit regarding the lack of warnings for the listed chemical that is the subject of the notice.
4. Based on the information obtained and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code § 25249.7(h)(2) (i.e. the identity of the persons consulted with and relied on by the certifier and the facts, studies and data reviewed by that person.)

Dated July 20, 2018.
