60-DAY NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 ET. SEQ. (PROPOSITION 65)

Dear Alleged Violator(s) and the Appropriate Public Enforcement Agencies:

The Kawahito Law Group APC represents the Center for Advanced Public Awareness, Inc. (“CAPA”), 180 Promenade Circle, Suite 300, Sacramento, California 95834. CAPA is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, fostering and increasing the public awareness of chemicals used to manufacture consumer products, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

CAPA has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65” or “Act”), which is codified at California Health & Safety Code §25249.5 et seq., with respect to the product(s) identified below. These violations have occurred and continue to occur because the alleged Violator failed to provide required clear and reasonable warnings with these products. Section 25249.6 of the statute provides that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual . . .” This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Health and Safety Code Section 25249.7(d), CAPA intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information and Summary of Proposition 65. A copy of a summary of Proposition 65 prepared by the Office of Environmental Health Hazard Assessment is attached to this letter.

Alleged Violators. The name of the entity or entities covered by this Notice and who are alleged to be in violation of Proposition 65 (collectively the “Violators”) are:

Consumer Products and Listed Chemical. The products (“Products”), which are causing an exposure without a warning in violation of Proposition 65 include all the medical marijuana “flowers” or “buds” sold to California residents for consumption by smoking. Violators failed to clearly and reasonably warn consumers that Marijuana Smoke¹ is a chemical known to the State of California to cause cancer. On June 19, 2009, the Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency added marijuana smoke to the Proposition 65 list. OEHHA announced the selection of marijuana smoke as a chemical for consideration for listing by the Carcinogen Identification Committee (CIC) in the *California Regulatory Notice Register* on December 12, 2007, subsequent to consultation with the CIC at their November 19, 2007 meeting. The CIC determined that marijuana smoke was clearly shown, through scientifically valid testing according to generally accepted principles, to cause cancer. Consequently, marijuana smoke was added to the Proposition 65 list, pursuant to Title 27, California Code of Regulations, section 25305(a)(1) (formerly Title 22, California Code of Regulations, section 12305(a)(1)).

Listed Chemical and Route of Exposure.

Chemical	CAS No.	Toxicological Endpoint	Listing Mechanism
Marijuana smoke ²	--	Cancer	State’s qualified experts

The consumer exposures that are the subject of this notice result from the use of the Products in accordance with their intended use including the combustion and inhalation of the products. Consequently, the primary route of exposure to the chemicals contained in marijuana is through direct smoking of the marijuana leaves, flowers, and stems.

¹ Many of the chemical constituents that have been identified in marijuana smoke are carcinogens. The following 33 marijuana smoke constituents are listed under Proposition 65 as causing cancer: acetaldehyde, acetamide, acrylonitrile, 4-aminobiphenyl, arsenic, benz[a]anthracene, benzene, benzo[a]pyrene, benzo[b]fluoranthene, benzo[j]fluoranthene, benzo[k]fluoranthene, benzofuran, 1,3-butadiene, cadmium, carbazole, catechol, chromium (hexavalent compounds), chrysene, dibenz[a,h]anthracene, dibenz[a,i]pyrene, dibenzo[a,e]pyrene, diethylnitrosamine, dimethylnitrosamine, formaldehyde, indeno[1,2,3,- c,d]pyrene, isoprene, lead, mercury, 5- methylchrysene, naphthalene, nickel, pyridine, and quinolone.

² *Marijuana Smoke Listed Effective June 19, 2009 as Known to the State of California to Cause Cancer*, Office of Environmental Health Hazard Assessment, June 19, 2009, available at: <https://oehha.ca.gov/proposition-65/cmr/marijuana-smoke-listed-effective-june-19-2009-known-state-california-cause> (last visited: June. 26, 2018).

Period of Exposure and Violation. Exposures to Marijuana Smoke from the use of the Products have occurred each day since the products were introduced into the California marketplace, but at a minimum since July 23, 2018. Moreover, these exposures will continue every day until clear and reasonable warnings are provided to purchasers and users. Without proper warnings regarding the toxic effects of exposures to Marijuana Smoke resulting from contact with the Products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the listed chemicals from reasonable foreseeable use of the Products.

Resolution of Noticed Claims. Consistent with the public interest goals of Proposition 65, CAPA is interested in seeking a constructive resolution to this matter to have the ongoing violations of California law quickly rectified. To that end, CAPA intends to file a private enforcement action as provided for in the Act for the alleged violations by the Violators, unless Violators agree in an enforceable written instrument to: (1) recall the listed Products or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such Products; (2) affix clear and reasonable Proposition 65 warning labels for Products sold in the future; and (3) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, and avoid costly and time-consuming litigation.

To the extent you are interested in discussing a potential early resolution of this matter, you may communicate directly with CAPA's attorneys using the below contact information.

Contact Information. Please direct all questions or issues concerning this Notice to CAPA's counsel at the following address:

OEHHA Summary (to Violators only)

Additional Supporting Information for Certificate of Merit (to AG only)

CERTIFICATE OF MERIT
Health and Safety Code Section 25249.7(d)

**Re: Center for Advanced Public Awareness, Inc.'s Notice of Proposition 65
Violations**

I, James Kawahito, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience and have assembled evidence attached to the copy for the California Attorney General as Exhibit 1 to this Certificate of Merit regarding the lack of warnings for the listed chemical that is the subject of the notice.
4. Based on the information obtained and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2).
