**I. INTRODUCTION**

Consumer Protection Group, LLC ("CPG") is the noticing entity, acting in the interest of the general public. It seeks to reduce or eliminate the presence of hazardous substances in consumer products sold in California, and to ensure that California consumers are aware of the presence of such substances in consumer goods so that they can make an educated effort to limit their own exposure where deemed necessary.

This Notice is provided to the public agencies listed above pursuant to California Health & Safety Code §§ 25249.6, *et seq.* ("Proposition 65"). As noted above, notice is also being provided to the violators, Amazon.com Services, Inc. and Bardeau Essentials Inc. (the "Violators"). The violations covered by this Notice consist of the product exposures, routes of exposure, and types of harm potentially resulting from exposure to the toxic chemicals ("listed chemicals") identified below, as follows:

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Product Exposure:   | Tweezes Precision Stainless Steel Tweezers        |
| Chemical:           | Di-(2-ethylhexyl) phthalate                       |
| Routes of Exposure: | Ingestion, Dermal Absorption                      |
| Types of Harm:      | Cancer, Birth Defects and Other Reproductive Harm |

## **II. PRODUCT AND TIME OF VIOLATIONS**

The specific type of product that is causing consumer exposures in violation of Proposition 65, and that is covered by this Notice, is Tweezees Precision Stainless Steel Tweezers. Ongoing violations have occurred since at least September 6, 2017, as well as every day since the products were introduced for sale in California. These violations will continue until clear and reasonable warnings are provided prior to exposure of the identified chemicals. The method of warning should be a label in the product itself.

As a result of sales of this product, exposures to the listed chemicals have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemicals, California consumers lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemicals from the reasonably foreseeable use of the products.

California consumers are exposed to the listed chemicals by buying, acquiring or utilizing the products. By way of example but not limitation, direct exposures occur when people (including children) open, close or otherwise handle the case for the tweezers. The concentration of the chemical present within the case constitutes a significant chemical dose exposure to consumers through their use of the product. Exposure to the contaminants present within the noted product may also occur through hand to mouth ingestion under typical and foreseeable use of the tweezers.

## **IV. PROPOSITION 65 INFORMATION**

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessment 's ("OEHHA") Proposition 65 Implementation Office at (916) 445-6900. For the Violators' reference, attached is a copy of "Proposition 65: A Summary," which has been prepared by OEHHA.

## **V. RESOLUTION OF NOTICED CLAIMS**

Consistent with goals of Proposition 65 and a desire to have these violations corrected, CPG is interested in seeking a resolution of this matter that includes a binding written agreement by the Violators to: (1) recall any products already sold, or undertake best efforts to ensure that the requisite health hazard warnings are provide to those who have received such products; (2) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; and (3) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as expensive and time-consuming litigation. It should be noted that counsel cannot (1) finalize any settlement until after the 60-day notice period has expired; or (2) speak for the California Attorney General or any District or City Attorney who has received this notice. Therefore, while reaching an agreement with CPG will resolve its claims; such an agreement may not satisfy the public prosecutors.

## CERTIFICATE OF MERIT

I, Jonathan M. Genish, hereby declare:

1. This Certificate of Merit accompanies the attached Sixty-Day Notice in which it is alleged that the parties identified in the Notice have violated Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings;
2. I am the attorney for the noticing party;
3. I have consulted with one or more persons with relevant and appropriate experience or experience who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of this action;
4. Based on the information obtained through these consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established, and the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute; and
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including information identified in Health & Safety Code § 25249.7(11)(2) (*i.e.*, (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons).
