

**60-DAY NOTICE OF VIOLATION
OF CALIFORNIA HEALTH & SAFETY CODE § 25249.7(d)
(PROPOSITION 65)**

Date: July 17, 2020

To: Chris Homewood, President, TriMark USA, LLC
Charles Thompson, President, Arden Companies, LLC
California Attorney General’s Office;
District Attorney’s Office for 58 Counties; and
City Attorneys for San Francisco, San Diego, San Jose, Sacramento & Los Angeles

From: Center for Advanced Public Awareness

I. INTRODUCTION

Center for Advanced Public Awareness (“CAPA”) is a non-profit organization in the State of California acting in the interest of the general public, pursuant to California Health & Safety Code § 25249.7(d). CAPA seeks to further: the elimination of toxic chemicals in the manufacture of products; the improvement of human health through increased public awareness of toxic chemicals; and the promotion of environmentally sound practices and corporate responsibility.

This 60-Day Notice of Violation (“**Notice**”) is provided to the alleged violators, TriMark USA, LLC and Arden Companies, LLC (“**Notice Recipients**”), as well as the California Attorney General’s Office, the District Attorney’s Offices for 58 Counties, and City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles.

CAPA provides this Notice after identifying violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, codified at California Health & Safety Code § 25249.5 *et seq.* (“**Proposition 65**”), based on the failure to provide a clear and reasonable health hazard warning in connection with the sale or use of the products, listed below, in the State of California. The Notice Recipients are hereby given notice that they violated and continue to violate Proposition 65 with respect to the warning requirement, codified at California’s Health & Safety Code § 25249.6: “No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual.” Without proper warnings about the toxic effects of exposures to listed chemicals, citizens in California lack the information necessary to make an informed decision as to whether or how to eliminate or reduce their risk of exposure from the reasonably foreseeable use of products containing listed chemicals.

II. NATURE OF ALLEGED VIOLATIONS

Consumer Product. The specific type or category of products (“**Products**”) that are the subject of this Notice are as follows:

Exemplar Product	Category/Type	Retailer	Manufacturer/ Distributor
Apron Bib Vinyl Brown CLVAT, Part No. 4618, Model # PBCLWPAP16-T; GTIN 0 34648 15650 8	Vinyl Aprons	Chefs’ Toys, LLC	TriMark USA, LLC; Arden Companies, LLC

Identified above is a specific example of Products recently purchased and witnessed as being available for sale or use in the State of California, within the *category* of offending products covered by this Notice. The identified retailers, manufacturers and/or distributors of the Products are based on publicly available information. The Exemplar Product is identified for the Notice Recipients' benefit to assist in their investigation into the alleged violations that are the subject of this Notice. The specific identified Exemplar Product is not intended to be an exhaustive list of all such products potentially in violation of Proposition 65.

The Notice Recipients are now obligated to conduct, in good faith, an investigation into other products, within the category or of the type identified, that may have been manufactured, imported, sold or distributed for sale, or in the Notice Recipients' custody or control during the relevant time period, identified below, to ensure the requisite health hazard warnings are provided to individuals in California prior to purchase.

Listed Chemical. The chemical that is the subject of this Notice is diisononyl phthalate ("DINP"). The State of California listed DINP as a chemical known to cause cancer on December 20, 2013.

Routes of Exposure. The exposures that are the subject of this Notice result from the purchase, acquisition and handling of Products containing DINP. Exposures occur when individuals handle, touch or otherwise utilize Vinyl Aprons containing DINP in accordance with the Products' intended uses, resulting in exposures through ingestion and dermal absorption. Individuals ingest DINP when they touch or handle the Products, transferring the chemical from their fingers or hands to their mouths. Dermal absorption of DINP occurs when individuals handle, touch, or utilize the Products.

Violations and Time Period of Exposure. CAPA alleges the Notice Recipients knowingly and intentionally exposed, and continue to knowingly and intentionally expose, individuals within the State of California to DINP, without first providing information about the chemical's toxic effects, as required by Proposition 65, by failing to provide clear and reasonable warnings to consumers and users that the Products can expose users to DINP.

The California State Plan for Occupational Safety and Health incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General of the State of California.

Exposures caused by the use of the Products have occurred each day since the Products were introduced into the California marketplace, but, at a minimum, since July 17, 2019, and, potentially, as far back as July 17, 2017. Because the Products lack clear and reasonable warnings regarding the toxic effects of exposures to DINP, each Product sold during this period and not accompanied by a warning constitutes a violation by the Notice Recipients and/or other sellers of the Products, whether sold directly through retailers located in, or with locations in, California, via the internet, or through catalog purchases by customers and individuals located in

California. Moreover, these exposures are ongoing and will continue either until clear and reasonable warnings are provided to protect consumers and users or until this known toxic chemical is removed from the Products or reduced to allowable levels.

III. RESOLUTION OF NOTICED CLAIMS

Consistent with the public interest goals of Proposition 65, CAPA seeks to pursue a constructive resolution of this matter to quickly rectify ongoing violations of California law. To that end, based on the allegations set forth in this Notice and pursuant to Health & Safety Code § 25249.7(d), CAPA intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice, unless the appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these allegations. If the Notice Recipients seek to resolve the claims alleged in this Notice without litigation, they may contact CAPA's counsel at the address listed below.

It should be noted neither CAPA nor its counsel can: (1) finalize any settlement until after the expiration of the 60-day Notice period; or (2) speak for the California Attorney General or any District or City attorney in receipt of this Notice. Therefore, while reaching an agreement with CAPA will satisfy CAPA's claims, the agreement may not satisfy any public prosecutors.

IV. GENERAL INFORMATION AND SUMMARY OF PROPOSITION 65

A copy of a summary of Proposition 65's provisions, prepared by the Office of Environmental Health Hazard Assessment ("OEHHA") is enclosed with the copy of the Notice served on the Notice Recipients for their reference. For further general information concerning Proposition 65, contact OEHHA's Proposition 65 Implementation Office at (916) 445-6900.

V. CERTIFICATE OF MERIT

Pursuant to Health & Safety Code § 25249.7(d) and Cal. Code. Regs. tit 11, § 3100, a Certificate of Merit is attached hereto. A copy of the Notice and Certificate of Merit is served on the California Attorney General and marked "Attorney General Copy: Contains Official Information Pursuant to Evidence Code Section 1040" with all supporting documentation, as required by Cal. Code. Regs. tit 11, § 3102, attached thereto.

CERTIFICATE OF MERIT

Health and Safety Code § 25249.7(d)

Re: CAPA's Notice of Proposition 65 Violations

I, Laralei S. Paras, hereby declare and certify:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience and have assembled evidence attached to the copy for the California Attorney General as Exhibit 1 to this Certificate of Merit regarding the lack of warnings for the listed chemical that is the subject of the notice.
4. Based on the information obtained and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code § 25249.7(h)(2) (i.e. the identity of the persons consulted with and relied on by the certifier and the facts, studies and data reviewed by that person.)
