

SIXTY-DAY NOTICE OF INTENT TO SUE FOR VIOLATION OF THE SAFE DRINKING  
WATER AND TOXIC ENFORCEMENT ACT OF 1986  
(*Cal. Health & Safety Code § 25249.5, et seq.*) (“Proposition 65”)

July 28, 2020

Re: Violations of Proposition 65 concerning food products containing Bisphenol A (BPA)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

Davitt, Lalley, Dey, & McHale, PC (“DLDM”) represents Key Sciences (“Key Sciences”), a limited liability company acting in the interest of the general public to promote awareness of exposures to toxic chemicals in products sold in California and to improve human health by reducing hazardous substances contained in such items.

Key Sciences has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, DLDM intends to file a private enforcement action on behalf of Key Sciences 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

**Alleged Violators.** The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

**General Mills, Inc.**

**Consumer Products and Listed Chemical.** The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

**Green Giant - Canned Whole Kernel Sweet Corn (15.25 oz)**

On May 11, 2015, the State of California officially listed Bisphenol A as a chemical known to cause female reproductive toxicity.

It should be noted that Key Sciences may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

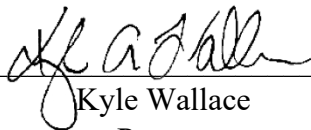

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least October 29, 2019 as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, Key Sciences is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

Key Sciences has retained me as legal counsel in connection with this matter. Please direct all communications regarding this Notice of Violation to my attention at the law office address and telephone number indicated below.

Sincerely,

---

Kyle Wallace

Certificate of Merit

Certificate of Service

OEHHA Summary (to General Mills, Inc. and their Registered Agents for Service of Process only)

Additional Supporting Information for Certificate of Merit (to AG only)

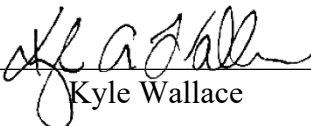

**CERTIFICATE OF MERIT**

**Re: Davitt, Lalley, Dey, & McHale, PC's Notice of Proposition 65 Violations by General Mills, Inc.**

I, Kyle Wallace, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am a Partner of Davitt, Lalley, Dey, & McHale, PC, attorneys for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: July 28, 2020
