

**60-DAY NOTICE OF VIOLATION
OF CALIFORNIA HEALTH & SAFETY CODE § 25249.7(d)
(PROPOSITION 65)**

Date: September 23, 2020

To: Kathleen Widmer, President, Johnson & Johnson Consumer Inc.
California Attorney General's Office;
District Attorney's Office for 58 Counties; and
City Attorneys for San Francisco, San Diego, San Jose, Sacramento & Los Angeles

From: Center for Advanced Public Awareness

I. INTRODUCTION

Center for Advanced Public Awareness (“CAPA”) is a non-profit organization in the State of California acting in the interest of the general public, pursuant to California Health & Safety Code § 25249.7(d). CAPA seeks to eliminate toxic chemicals in the manufacture of products, improve human health through increased public awareness of toxic chemicals, and promote environmentally sound practices and corporate responsibility.

This 60-Day Notice of Violation (“**Notice**”) is provided to the alleged violator, Johnson & Johnson Consumer Inc. (“**Notice Recipient**”), as well as the California Attorney General's Office, the District Attorney's Offices for 58 Counties, and City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles.

CAPA provides this Notice after identifying violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, codified at California Health & Safety Code § 25249.5 *et seq.* (“**Proposition 65**”), based on the failure to provide a clear and reasonable health hazard warning in connection with the sale or use of the products, listed below, in the State of California. The Notice Recipient is hereby given notice it violated and continues to violate Proposition 65 with respect to the warning requirement, codified at California's Health & Safety Code § 25249.6: “No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual.” Without proper warnings about the toxic effects of exposures to listed chemicals, California citizens lack the information necessary to make informed decisions as to whether or how to eliminate or reduce the risk of exposure from the reasonably foreseeable use of products containing listed chemicals.

II. NATURE OF ALLEGED VIOLATIONS

Consumer Product. The specific type or category of products (“**Products**”) that are the subject of this Notice are as follows:

Exemplar Product	Category/Type	Retailer	Manufacturer/Distributor
Desitin Maximum Strength Zinc Oxide Diaper Rash Paste UPC 0 74300 00070 1	Diaper Rash Ointments	Target	Johnson & Johnson Consumer Inc.

Identified above is a specific example of Products recently purchased and witnessed as being available for sale or use in the State of California within the *category* of offending products covered by this Notice. The identified retailers, manufacturers and/or distributors of the Products are based on publicly available information. The Exemplar Product is identified for the Notice Recipient's benefit to assist in its investigation into the alleged violations that are the subject of this Notice. The specific identified Exemplar Product is not intended to be an exhaustive list of all such products potentially in violation of Proposition 65.

The Notice Recipient is now obligated to conduct, in good faith, an investigation into other products, within the category or of the type identified, that may have been manufactured, imported, sold or distributed for sale, or in the Notice Recipient's custody or control during the relevant time period, identified below, to ensure the requisite health hazard warnings are provided to individuals in California prior to purchase.

Listed Chemical. The chemical that is the subject of this Notice is the heavy metal Lead. The State of California listed Lead as a chemical known to cause developmental toxicity, male reproductive toxicity and female reproductive toxicity on February 27, 1987 and as a chemical known to cause cancer on October 1, 1992.

Routes of Exposure. The exposures that are the subject of this Notice result from the use and application of Products containing Lead. Exposures occur when individuals, including infants, toddlers, children and women of childbearing age, contact, apply, touch, or otherwise utilize diaper rash ointments containing Lead in accordance with the Products' intended uses, resulting in exposures through ingestion and dermal absorption. Ingestion occurs when individuals, including infants, toddlers, children and women of childbearing age, touch the Products, transferring the chemical from their fingers or hands to their mouths. Dermal absorption of Lead occurs when consumers apply the Products to skin, including skin affected with the condition the Products are designed to prevent and treat, and to the diaper area of infants, toddlers and children.

Violations and Time Period of Exposure. CAPA alleges the Notice Recipient knowingly and intentionally exposed, and continues to knowingly and intentionally expose, individuals, including infants, toddlers, children and women of childbearing age, within the State of California to Lead without first providing a clear and reasonable health hazard warning to consumers about the exposure and the known reproductive and developmental risks posed by the exposure, as required by Proposition 65.

Exposures caused by the use of the Products have occurred each day since the Products were introduced into the California marketplace, but, at a minimum, since September 23, 2019 and, potentially, as far back as September 23, 2017. Because the Products lack clear and reasonable warnings regarding the toxic effects of exposures to Lead, each Product sold during this period not accompanied by a warning constitutes a violation by the Notice Recipient and/or other sellers of the Products, whether sold directly through retailers located in, or with locations in, California, via the internet, or through catalog purchases by customers and individuals located in California. Moreover, these exposures are ongoing and will continue until either clear and reasonable warnings are provided to protect consumers and users or this known toxin is removed from the Products.

III. RESOLUTION OF NOTICED CLAIMS

Consistent with the public interest goals of Proposition 65, CAPA seeks to pursue a constructive resolution of this matter to quickly rectify ongoing violations of California law. To that end, based on the allegations set forth in this Notice and pursuant to Health & Safety Code § 25249.7(d), CAPA intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice, unless the appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these allegations. If the Notice Recipient seeks to resolve the claims alleged in this Notice without litigation, it may contact CAPA's counsel at the address listed below.

It should be noted neither CAPA nor its counsel can: (1) finalize any settlement until after the expiration of the 60-day Notice period; or (2) speak for the California Attorney General or any District or City attorney in receipt of this Notice. Therefore, while reaching an agreement with CAPA will satisfy CAPA's claims, the agreement may not satisfy any public prosecutors.

IV. GENERAL INFORMATION AND SUMMARY OF PROPOSITION 65

A copy of a summary of Proposition 65's provisions, prepared by the Office of Environmental Health Hazard Assessment ("OEHHA") is enclosed with the copy of the Notice served on the Notice Recipient for its reference. For further general information concerning Proposition 65, contact OEHHA's Proposition 65 Implementation Office at (916) 445-6900.

V. CERTIFICATE OF MERIT

Pursuant to Health & Safety Code § 25249.7(d) and Cal. Code. Regs. tit 11, § 3100, a Certificate of Merit is attached hereto. A copy of the Notice and Certificate of Merit is served on the California Attorney General and marked "Attorney General Copy: Contains Official Information Pursuant to Evidence Code Section 1040" with all supporting documentation, as required by Cal. Code. Regs. tit 11, § 3102, attached thereto.

CERTIFICATE OF MERIT

Health and Safety Code § 25249.7(d)

Re: CAPA's Notice of Proposition 65 Violations

I, Laralei S. Paras, hereby declare and certify:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience and have assembled evidence attached to the copy for the California Attorney General as Exhibit 1 to this Certificate of Merit regarding the lack of warnings for the listed chemical that is the subject of the notice.
4. Based on the information obtained and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code § 25249.7(h)(2) (i.e. the identity of the persons consulted with and relied on by the certifier and the facts, studies and data reviewed by that person.)
