60-DAY NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 ET. SEQ. (PROPOSITION 65)

Dear Alleged Violator(s) and the Appropriate Public Enforcement Agencies:

The Kawahito Law Group APC represents EnviroProtect, LLC (“EnviroProtect”) with respect to this matter. EnviroProtect is a California company acting in the interest of the general public seeking to further, among other causes, the protection of the environment, awareness of dangerous chemicals in consumer products, and corporate accountability. As described below, EnviroProtect has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65” or “Act”), codified at Cal. Health & Safety Code §25249.5 *et seq.* This letter serves to provide EnviroProtect's Notice of these violations. Pursuant to §25249.7(d) of the Act, EnviroProtect intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice unless the appropriate public enforcement agencies have commenced and are prosecuting an action to rectify these violations.

General Information and Summary of Proposition 65. A copy of a summary of Proposition 65 prepared by the Office of Environmental Health Hazard Assessment is attached to this letter.

Alleged Violators. The name of the entity or entities covered by this Notice and who are alleged to be in violation of Proposition 65 (collectively the “Violators”) are:

Marshalls	Dolly Madison, Inc.
Marshalls of MA, Inc.	264 5 th Ave.
c/o CT Corporation System	New York, NY 10001
818 Seventh Street, Ste. 930	
Los Angeles, CA 90017	

Consumer Product. The products (“Products”) which are causing an exposure without a warning in violation of Proposition 65, are:

Product(s)	Retailer(s)	Manufacturer(s)/Distributor(s)/ Importer(s)
Dolly Madison Home Collection Pillow Cases SKU# 095693419	Marshalls Marshalls of MA, Inc.	Dolly Madison, Inc. Dolly Madison Industries, Inc.

Listed Chemical and Route of Exposure. The chemical that is the subject of this Notice is Di-(2-ethylhexyl) phthalate (“DEHP”). The consumer exposures at issue result from the use of the Products in accordance with their intended use including the handling of the Products by hand. The primary routes of exposure are oral ingestion and dermal absorption. The types of harm from the chemicals at issue include Developmental Toxicity, Male Reproductive Toxicity, and Cancer.

Period of Exposure and Violation. Exposures to DEHP from the use of the Products have occurred each day since the products were introduced into the California marketplace, but at a minimum since September 12, 2020. Moreover, these exposures will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the Products. Without proper warnings regarding the toxic effects of exposures to the listed chemical resulting from contact with the Products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the listed chemical from reasonable foreseeable use of the Products.

Resolution of Noticed Claims. Consistent with the public interest goals of Proposition 65, EnviroProtect is interested in seeking a constructive resolution to this matter to have the ongoing violations of California law quickly rectified. To that end, EnviroProtect intends to file a private enforcement action as provided for in the Act for the alleged violations by the Violators, unless Violators agree in an enforceable written instrument to: (1) recall the listed Products or undertake best efforts to ensure that the requisite health hazard warnings are provided to those who have received such Products; (2) reformulate the Products so as to eliminate further exposures to the identified chemicals or affix clear and reasonable Proposition 65 warning labels for Products sold in the future; and (3) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, and avoid costly and time-consuming litigation.

To the extent you are interested in discussing a potential early resolution of this matter, you may communicate directly with EnviroProtect’s attorneys using the below contact information.

Contact Information. Please direct all questions or issues concerning this Notice to EnviroProtect’s counsel at the following address:
