

SIXTY DAY NOTICE OF VIOLATION

*California Safe Drinking Water and Toxic Enforcement Act of 1986
(Cal. Health & Safety Code § 25249.5, et seq.) (“Proposition 65”)*

DATE: 12/2/2020

TO: La Bella Donna, Ltd.
California Attorney General’s Office;
District Attorney’s Office for 58 Counties; and
City Attorneys for Los Angeles, Sacramento, San Diego, San Jose, and San Francisco

FROM: Piyush Yadav

RE: Titanium Dioxide (airborne, unbound particles or respirable size) in Certain Loose Powder Cosmetic Products

I. INTRODUCTION

My name is Piyush Yadav. I am a citizen of the State of California acting in the interest of the general public. I seek to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by reducing hazardous substances contained in such items.

I have identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at Cal. Health & Safety Code § 25249.6 *et seq.*, with respect to the products identified below in Exhibit A. These violations by have occurred and continue to occur because the alleged violator, La Bella Donna, Ltd. (La Bella Donna), failed to provide required clear and reasonable warnings with these products.

Please allow this letter to serve as notice of these violations to La Bella Donna and the appropriate public enforcement agencies. Pursuant to Cal. Health & Safety Code § 25249.7(d), I intend to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

II. GENERAL PROPOSITION 65 INFORMATION

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessment’s (“OEHHA”) Proposition 65 Implementation Office at (916) 445-6900 or visit their website at <http://oehha.ca.gov/proposition-65>. I have enclosed with this letter a copy of a summary of Proposition 65 prepared by the Office of Environmental Health Hazard Assessment.

III. LISTED CHEMICAL

The violations involve exposure to the chemical Titanium Dioxide (airborne, unbound particles of respirable size). Effective September 2, 2011, the State of California officially listed Titanium dioxide (airborne, unbound particles of respirable size) as a chemical known to cause cancer.

IV. NATURE OF ALLEGED VIOLATION (PRODUCT EXPOSURE)

La Bella Donna knowingly and intentionally exposed and continues to knowingly and intentionally expose consumers within the State of California to Titanium Dioxide (airborne, unbound particles of respirable size). The warning prong of Proposition 65 states that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual...” *Cal. Health & Safety Code § 25249.6*.

The specific types of products that are causing consumer exposures in violation of Proposition 65, and that are covered by this Notice, are listed in Exhibit A below. All products within the type covered by this Notice shall be referred to hereinafter as the “Products.” Ongoing violations have occurred every day since at least the dates stated in Exhibit A, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. La Bella Donna violated Proposition 65 because it failed to provide persons using these Products with appropriate warnings that they are being exposed to these chemicals, including by failing to have a warning on product labels for Products sold in California and failing to have a warning on the webpages where the Products are sold to purchasers in California.

Through the act of buying, acquiring and using any and all of the Products, California citizens are exposed to Titanium Dioxide (airborne, unbound particles of respirable size) when used in a standard manner, including as indicated on the product labels. The route of exposure to this chemical has been and continues to be inhalation. Inhalation of the listed chemical occurs when the Products are applied to the skin and face as directed, which releases respirable-sized particles of titanium dioxide into the air. No clear and reasonable warning is provided with the Products regarding the carcinogenic hazards of airborne titanium dioxide.

V. CONTACT INFORMATION

Please direct all questions concerning this notice to me through my counsel’s office at the following address:

Elizabeth Kramer
Erickson Kramer Osborne LLP
182 Howard St.
San Francisco, CA 94105
Telephone: (415) 635-0631
Email: elizabeth@eko.law

VI. RESOLUTION OF NOTICED CLAIMS

Based on the allegations set forth in this Notice, I intend to file a citizen enforcement lawsuit against La Bella Donna unless it agrees in a binding written instrument to: (1) reformulate the identified products so as to eliminate further exposure to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned exposures to the identified chemicals, as well as expensive and time-consuming litigation.

If La Bella Donna is interested in resolving this dispute without resorting to time-consuming and expensive litigation, please feel free to contact my counsel identified in Section V above. It should be noted that neither my counsel nor I can: (1) finalize any settlement until after the 60-day notice period has expired; or (2) speak for the Attorney General or any district or city attorney who received this Notice. Therefore, while reaching an agreement with me will resolve my claims, such agreement may not satisfy public enforcement officials.

VII. VIOLATING PRODUCTS (EXHIBIT A)

LBD Sun - SPF 50 (15%/15% titanium dioxide and/or micronized titanium dioxide)

LBD-Men SPF 50 - Dark (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

LBD-Men SPF 50 - Fair (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

LBD-Men SPF 50 - Medium (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

LBD-Women SPF 50 - Dark (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

LBD-Women SPF 50 - Fair (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

LBD-Women SPF 50 - Medium (15% micronized titanium dioxide)
(sold since approximately 7/3/2016)

Loose Mineral Foundation SPF 50 - Caffè (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Caterina (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Crema (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Honey (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Light Amber (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Marianna (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Marta (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Nicoletta (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Peche (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Sophia (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Loose Mineral Foundation SPF 50 - Umbria (15% micronized titanium dioxide)
(sold since approximately 4/11/17)

Minerals On-The-Go SPF 50 - Caffè (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Caterina (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Crema (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Honey (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Light Amber (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Marianna (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Marta (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Nicoletta (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Peche (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Sophia (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Minerals On-The-Go SPF 50 - Umbria (15% micronized titanium dioxide)
(sold since approximately 4/10/17)

Further, it is this citizen's position that La Bella Donna is obligated to continue to conduct in good faith an investigation into other specific products within the type or category described above that may have been manufactured, distributed, sold, shipped, stored (or otherwise within the notice recipient's custody or control) during the relevant period so as to ensure that the requisite toxic warnings were and are provided to California citizens prior to purchase.

LBD-WOMEN is an all naturale, pure mineral translucent sun protection. It lasts all day without re-application and provides complete protection from all UVA/UVB infrared rays, which includes the overhead lights in most offices and public facilities. It does not contain any FD&C dyes, oils, fragrances, alcohol, parabens, cornstarch or other chemicals. Soothing and calming, LBD-Women can be used on rash-prone skin, eczema, allergy-prone skin (with a near-zero allergy rate) and sensitive skin. This mineral sun protection keeps the skin naturally cool (even when sitting in the sun) and reduces perspiration, doesn't irritate like chemical sunscreens.

Micronized titanium dioxide is the key. It is found naturally in minerals and does not clog pores or dry out the skin. It works quite remarkably. Basically, it allows light to pass through the visible ray region (light that is needed for healthy development of skin) while intercepting the ultraviolet rays. Micronized titanium dioxide guards against the damaging effects of ultraviolet rays, yet gives the skin a naturale looking finish. Research shows micronized titanium dioxide provides a naturale barrier to UVA and UVB radiation without irritation, burning or stinging.

Ready, Set, "On-The-Go"

This travel-friendly La Bella Donna Minerals Dispensing brush allows minerals to be directly dispensed whenever you need them. The applicator fits easily into a small clutch or purse. Uniquely designed, Minerals "On-The-Go" provides a dial system at the base of the brush that allows you the freedom to decide how much or how little coverage you apply.

Discover the Benefits of Minerals

Mineral Makeup is proven to protect and nurture your skin throughout the day. This uniquely formulated mineral foundation will give you the coverage you want, while ensuring that your skin stays healthy and radiant. It does not clog pores, it is free of all the bad chemicals that cause irritation or allergic reaction, and is great for all skin types.

SPF 50

Our proprietary micronized titanium dioxide formula keeps your skin safe from the sun's harmful rays throughout the day. This makes minerals great for walks on the beach in summer or even while skiing down the slopes in winter. Never leave home without sun protection. Get "On-The-Go", to re-apply minerals whenever you need more coverage.

Simple Formula, Naturale Philosophy

Our eco-luxury Mineral Foundation formula is comprised of only four all naturale ingredients that work together to balance the moisture of the skin, and bring out your skin's natural radiance.

- Micronized Titanium Dioxide 15%
- Bismuth Oxychloride
- Zinc Oxide 24%
- Iron Oxide

Ready, Set, "On-The-Go"

This travel-friendly La Bella Donna Minerals Dispensing brush allows minerals to be directly dispensed whenever you need them. The applicator fits easily into a small clutch or purse. Uniquely designed, Minerals "On-The-Go" provides a dial system at the base of the brush that allows you the freedom to decide how much or how little coverage you apply.

Discover the Benefits of Minerals

Mineral Makeup is proven to protect and nurture your skin throughout the day. This uniquely formulated mineral foundation will give you the coverage you want, while ensuring that your skin stays healthy and radiant. It does not clog pores, it is free of all the bad chemicals that cause irritation or allergic reaction, and is great for all skin types.

SPF 50

Our proprietary micronized titanium dioxide formula keeps your skin safe from the sun's harmful rays throughout the day. This makes minerals great for walks on the beach in summer or even while skiing down the slopes in winter. Never leave home without sun protection. Get "On-The-Go", to re-apply minerals whenever you need more coverage.

Simple Formula, Naturale Philosophy

Our eco-luxury Mineral Foundation formula is comprised of only four all naturale ingredients that work together to balance the moisture of the skin, and bring out your skin's natural radiance.

- Micronized Titanium Dioxide 15%
- Bismuth Oxychloride
- Zinc Oxide 24%
- Iron Oxide

CERTIFICATE OF MERIT

California Health and Safety Code Section 25249.7(d)

I, Elizabeth Kramer, hereby declare:

1. This Certificate of Merit accompanies the attached 12/2/2020, sixty-day Notice of Violation (“Notice”) in which it is alleged that the parties identified in the Notice have violated California Health and Safety Code § 25249.6, by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party, Piyush Yadav.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposures to the listed chemical that is the subject of the action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established, and the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute;
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including information identified in Health and Safety Code § 25249.7(h)(2), *i.e.*, (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: 12/2/2020

/s/ Elizabeth Kramer
Elizabeth Kramer
Attorney for Piyush Yadav

PROOF OF SERVICE PURSUANT TO 27 CCR § 25903

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am over the age of 18 years, and not a party to the within action. My business address is 182 Howard St. San Francisco, CA. I am a resident or employed in the county where the mailing occurred.

On 12/2/2020, I served the following documents:

SIXTY DAY NOTICE OF VIOLATION CAL. HEALTH & SAFETY CODE § 25249.5 *ET SEQ.*;
PROPOSITION 65: A SUMMARY;
CERTIFICATE OF MERIT

on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it at a U.S. Postal Service Office with the postage fully prepaid for delivery as indicated below:

The Company that is the subject of this 60 DAY NOTICE (Priority Mail);
City and District Attorneys listed in Attached Service List (First Class Mail).

Also on 12/2/2020, I transmitted via electronic mail the above-listed documents to the electronic mail addresses of the City and/or District Attorneys who have specifically authorized e-mail service and the authorization appears on the Attorney General's website. (See Attached Electronic Service List.)

Also on 12/2/2020, I served the California Attorney General (via website Portal) by uploading a true and correct copy thereof as a PDF file via the California Attorney General's website. Also on 12/2/2020, I also served the California Attorney General a true and correct copy of the CERTIFICATE OF MERIT ATTACHMENTS.

Dated: 12/2/2020

Respectfully Submitted,

/s/ Elizabeth Kramer
Elizabeth Kramer
Attorney for Piyush Yadav

Appendix A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA PROTECTION AGENCY THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACTION 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the office of Environmental Health Hazard Assessment, the lead and Toxic Enforcement Act 1986 (commonly known as "Proposition 65") A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide law. The reader is directed to the statute and its implementing regulations (See citations below) for further information.

Proposition 65 appears in California law as Health and Safety Code Sections 25249.5 through 25249.13. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code Regulations, Sections 250000 through 27000.

WHAT DOES PROPOSITION 65 REQUIRE?

The "Governor's List" Proposition 65 requires the Governor to publish a list of chemicals that are known to the State of California to cause cancer, or birth defects or other reproductive harm. This list must be updated at least once a year. Over 725 chemicals have been listed as of November 16, 2001. Only those chemicals that are on the list are regulated under this law. Businesses that produce, use, release, or otherwise engage in activities involving those chemicals must comply with the

following:

Clear and Reasonable Warnings. A business is required to warn a person before "knowingly and intentionally" exposing that person to a listed chemical. The warning given must be "clear and reasonable." This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed. Exposures are exempt from the warning requirement if they occur less than twelve months after the date of the listing of the chemical.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Discharges are exempt from this requirement if they occur less than twenty months after the date of the listing of chemical.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. The law exempts:

Governmental agencies and public water utilities. All agencies of the federal, State or local government, as well as entities operating public water systems, are exempt.

Exposures that pose no significant risk of cancer. For chemicals that are listed as known to the State to cause cancer (“carcinogens”), a warning is not required if the business can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70- year lifetime. The Proposition 65 regulations identify specific “no significant risk” levels for more than 250 listed carcinogens.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause birth defects or other reproductive harm (“reproductive toxicants”), a warning is not required if the business can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level (NOEL),” divided by a 1,000- fold safety or uncertainty factor. The “no observable effect level” is the highest dose level which has not been associated with an observable adverse reproductive or developmental effect.

Discharge that do not result in a “significant amount” of the listed chemical entering into any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the list chemical has not, does not, or will not enter any drinking water source, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any

detectable amount; expect an amount that would meet the “ no significant risk” or “no observable effect” test if an individual were exposed to such an amount in drinking water.

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys (those in cities with a population exceeding 750,000). Lawsuit may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. A notice must comply with the information and procedural requirements specified in regulations (Title 27. California Code of Regulations, Section 25903). A private party may not pursue an enforcement action directly under Proposition 65 if one of the governmental officials noted above initiates an action within sixty days of notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court of law to stop committing the violation.

FOR FURTHER INFORMATION...

Contact the Office of Environmental Health Hazard Assessment= Proposition 65 Implementation Office at (916)445-6900
