

SIXTY-DAY NOTICE OF INTENT TO SUE FOR VIOLATION OF THE SAFE DRINKING
WATER AND TOXIC ENFORCEMENT ACT OF 1986
(*Cal. Health & Safety Code § 25249.5, et seq.*) (“Proposition 65”)

March 2, 2021

Re: Violations of Proposition 65 concerning food products containing Acrylamide

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

Davitt, Lalley, Dey, & McHale, PC (“DLDM”) represents The Chemical Toxin Working Group, Inc., a California non-profit corporation, aka The Healthy Living Foundation (“HLF”), located at 1801 Chart Trail, Topanga, CA 90290, an organization dedicated to reducing the amount of chemicals toxins in consumer products, the promotion of human health, environmental safety, and improvement of work and consumer safety. David Steinman created HLF to effectuate his commitments as an environmentalist, journalist, consumer health advocate, publisher and author. His major books include “Diet for a Poisoned Planet” (1990, 2007); “The Safe Shopper’s Bible” (1995); “Living Healthy in a Toxic world” (1996); and “Safe Trip to Eden: Ten Steps to Save the Planet Earth from Global Warming Meltdown” (2007), along with his many publications as the publisher of the “Healthy Living Magazine” and its associated websites and periodicals.

HLF has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, DLDM intends to file a private enforcement action on behalf of HLF 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

Ideal Snacks Corporation

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified are High Protein Chips including but not limited to:

- 1. Health Wise Protein Chips Barbecue Crunch OCT2720A6**
- 2. Health Wise Protein Chips Pizza Crunch NOV2620C32**
- 3. Health Wise Protein Chips Ranch Crunch APR1321E3**

4. **Health Wise Protein Chips Barbecue Crunch MAY1121D6**
5. **Health Wise Protein Chips Barbecue Crunch OCT0821D1**
6. **Health Wise Protein Chips Pizza Crunch APR1321A1**
7. **Health Wise Protein Chips Ranch Crunch DEC142131**
8. **Health Wise Protein Chips Sea Salt & Vinegar DEC132131**

On January 1, 1990, the State of California officially listed acrylamide as a chemical known to cause cancer.

On February 25, 2011, the State of California officially listed acrylamide as a chemical known to cause reproductive toxicity.

It should be noted that HLF may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least March 2, 2018 as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, HLF is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.
