I. INTRODUCTION

Consumer Protection Group, LLC ("CPG") is the noticing entity, acting in the interest of the general public. It seeks to reduce or eliminate the presence of hazardous substances in consumer products sold in California, and to ensure that California consumers are aware of the presence of such substances in consumer goods so that they can make an educated effort to limit their own exposure where deemed necessary.

This Notice is provided to the public agencies listed above pursuant to California Health & Safety Code §§ 25249.6, *et seq.* ("Proposition 65"). As noted above, notice is provided to the violators – Ferguson Fire & Fabrication, Inc. and Anawalt Lumber Co. Ltd (the "Violators"). The violations covered by this Notice consist of the product exposures, routes of exposure, and type of harm potentially resulting from exposure to the toxic chemical ("listed chemical") identified as follows:

Product Exposure:	Door Seal	
Chemical:	DEHP	
Routes of Exposure:	Ingestion, Dermal Absorption	
Types of Harm:	Cancer, birth defects or other reproductive harm.	

II. PRODUCT AND TIME OF VIOLATIONS

The specific type of product that is causing consumer exposures in violations of Proposition 65, and that is covered by this Notice which includes but is not limited to: "36 Door Seal" "Joint De La Porte" "Vinyl" "Lincoln Products" "102524" "Manufactured for Lincoln Product, Industry, CA 91748" UPC No. 054374005994" (the "Seal").

Ongoing violations have occurred each day between November 22, 2018, and November 22, 2021, as well as every day since the products were introduced for sale in California. These violations will continue until clear and reasonable warnings are provided prior to exposure of the identified chemical. The method of warning should be a label on the product itself.

As a result of sales of this product, exposures to the listed chemical have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemical, California consumers lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemical from the reasonably foreseeable use of the products.

California consumers are exposed to the listed chemical by buying, acquiring, or utilizing the products. By way of example but not limitation, direct exposures occur when people (including children) handle the Seal. The concentration of the chemical present within the Seal constitutes a significant chemical dose exposure to consumers through their use of the Seal. Exposure to the contaminants present within the noticed product may also occur through hand to mouth ingestion under typical and foreseeable use of the Seal.

Per Cal. Code Regs. Tit. 27, section 25600.2(g) (2018) the retail seller noticed on this 60day notice is hereby requested to promptly provide the names and contact information for the manufacturers, producers, packagers, importers, suppliers, and/or distributors of the products identified in this Notice.

III. PROPOSITION 65 INFORMATION

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessment 's ("OEHHA") Proposition 65 Implementation Office at (916) 445-6900. For the Violator' reference, attached is a copy of "Proposition 65: A Summary," which has been prepared by OEHHA.

IV. RESOLUTION OF NOTICED CLAIMS

Consistent with goals of Proposition 65 and a desire to have these violations corrected, CPG is interested in seeking a resolution of this matter that includes a binding written agreement by the Violators to: (1) recall any products already sold, or undertake best efforts to ensure that the requisite health hazard warnings are provide to those who have received such products; (2) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; and (3) pay an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as expensive and time-consuming litigation. It should be noted that counsel cannot (1) finalize any settlement until after the 60-day notice period has expired; or (2) speak for the California Attorney General or any District or City Attorney who has received this notice. Therefore, while reaching an agreement with CPG will resolve its claims; such an agreement may not satisfy the public prosecutors.

Please direct all questions concerning this notice to CPG at the following address:
