#### Description of Violation:

- Violator: The name and address of each violator is:  
  
**Moog Specialized Systems, Inc.**  
20263 S Western Ave.  
Torrance, CA 90501
- Time Period of Discharges: The violations have been occurring since at least June 12, 2020, and are continuing up through the present. There is a substantial threat of ongoing and future violations unless and until the alleged violator abates the threat of additional PFOA and PFOS discharges from ongoing and future operations.
- Provision of Proposition 65: This Notice of Violation covers the “discharge prohibition” of Proposition 65, which is found at California Health and Safety Code Section 25249.5.
- Chemicals Involved: The names of the listed chemicals involved in these violations are Perfluorooctanoic Acid (PFOA) and Perfluorooctane sulfonate (PFOS). PFOA and PFOS are chemicals known to cause cancer, birth defects and other reproductive harm.

- Identification of Discharge and Sources of Drinking Water: The alleged violator's chromic acid anodizing and chromium plating operations located at 20263 S Western Ave., Torrance, CA 90501 (the "Facility"), discharges and/or releases PFOA and PFOS directly into the groundwater as well as onto land where it will probably pass into the groundwater surrounding the Facility. The groundwater surrounding the Facility is designated as a source of drinking water. The specific location of the source of the discharges is the Facility.

#### **Resolution of Noticed Claims:**

Based on the allegations set forth in this Notice, CEH intends to bring a citizen enforcement lawsuit against the alleged violator unless such violator agrees in a binding written instrument to: (1) immediately abate the threat of additional PFOA and PFOS discharges; (2) clean the groundwater surrounding the Facility to remove the PFOA and PFOS as well as from the soil surrounding the Facility; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violator is interested in resolving this dispute without resorting to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received the 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such an agreement may not satisfy the public prosecutors.

#### **Preservation of Relevant Evidence:**

This Notice also serves as a demand that the alleged violator preserves and maintains all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes, but is not limited to, all documents relating to PFOA and PFOS discharges from the Facility, actual or potential discharges of PFOA and PFOS from the Facility, efforts to comply with Proposition 65, and communications with any person relating to actual or potential discharges of PFOA and PFOS from the Facility since June 12, 2020 through the date of any trial of the claims alleged in this Notice.
