Lake Oswego, OR 97035
- Time Period of Discharges: The violations have been occurring since at least June 12, 2020, and are continuing up through the present. The groundwater surrounding the Facility is designated as a source of drinking water. The specific location of the source of the discharges is the Facility.

### **Resolution of Noticed Claims:**

Based on the allegations set forth in this Notice, CEH intends to bring a citizen enforcement lawsuit against the alleged violators unless such violators agree in a binding written instrument to: (1) immediately abate the threat of additional PFOS discharges; (2) clean the groundwater surrounding the Facility to remove the PFOS as well as from the soil surrounding the Facility; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violators are interested in resolving this dispute without resorting to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received the 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such an agreement may not satisfy the public prosecutors.

### **Preservation of Relevant Evidence:**

This Notice also serves as a demand that the alleged violators preserve and maintain all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes, but is not limited to, all documents relating to PFOS discharges from the Facility, actual or potential discharges of PFOS from the Facility, efforts to comply with Proposition 65, and communications with any person relating to actual or potential discharges of PFOS from the Facility since June 12, 2020 through the date of any trial of the claims alleged in this Notice.
