

NOTICE OF VIOLATION

California Safe Drinking Water and Toxic Enforcement Act

Discharges of Perfluorooctane Sulfonate (PFOS) Into Sources of Drinking Water
Resulting from Operations at 1526 W 1st Street, Azusa, California 91702.

June 12, 2023

This Notice of Violation is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice of Violation is provided by the Center for Environmental Health (“CEH”), 2201 Broadway, Suite 508, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. Kaya Allan Sugerman is the Director of Illegal Toxic Threats and a responsible individual within CEH.

Description of Violation:

- Violator: The name and address of each violator is:

Universal Metal Plating, Inc.
1526 W 1st Street
Azusa, CA 91702
- Time Period of Discharges: The violations have been occurring since at least June 12, 2020 and are continuing up through the present. There is a substantial threat of ongoing and future violations unless and until the alleged violator abates the threat of additional PFOS discharges from ongoing and future operations.
- Provision of Proposition 65: This Notice of Violation covers the “discharge prohibition” of Proposition 65, which is found at California Health and Safety Code Section 25249.5.
- Chemical Involved: The name of the listed chemical involved in these violations is Perfluorooctane sulfonate (PFOS). PFOS is a chemical known to cause cancer, birth defects and other reproductive harm.

- Identification of Discharge and Sources of Drinking Water: The alleged violator's chromium plating operations located at 1526 W 1st Street, Azusa, California 91702 (the "Facility"), discharges and/or releases PFOS directly into the groundwater as well as onto land where it will probably pass into the groundwater surrounding the Facility. The groundwater surrounding the Facility is listed as a source of drinking water. The specific location of the source of the discharges is the Facility.

Resolution of Noticed Claims:

Based on the allegations set forth in this Notice, CEH intends to bring a citizen enforcement lawsuit against the alleged violator unless such violator agrees in a binding written instrument to: (1) immediately abate the threat of additional PFOS discharges; (2) clean the groundwater surrounding the Facility to remove the PFOS as well as from the soil surrounding the Facility; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violator is interested in resolving this dispute without resorting to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received the 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such an agreement may not satisfy the public prosecutors.

Preservation of Relevant Evidence:

This Notice also serves as a demand that the alleged violator preserves and maintains all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes, but is not limited to, all documents relating PFOS discharges from the Facility, actual or potential discharges of PFOS from the Facility, efforts to comply with Proposition 65, and communications with any person relating to actual or potential discharges of PFOS from the Facility since June 12, 2020 through the date of any trial of the claims alleged in this Notice.

Please direct any inquiries regarding this Notice to CEH's counsel Mark N. Todzo at Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800, mtodzo@lexlawgroup.com.
