This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 508, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health and supporting environmentally sound practices. B-9/F (Samho-mulsan Bldg), Nonhyeon-ro 87,

Soochow-Gu, Seoul, Korea

- <u>Time Period of Exposure</u>: The violations have been occurring since at least September 28, 2020 and are continuing to this day.
- <u>Provision of Proposition 65</u>: This Notice covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- <u>Chemical(s) Involved</u>: The name of the listed chemical involved in these violations is bisphenol A ("BPA"). Exposures to BPA occur from use of the products identified in this Notice.
- <u>Type of Product</u>: The specific type of product causing these violations is socks made primarily of polyester with spandex. The products are worn by females.
- <u>Description of Exposure</u>: This Notice addresses female exposures to BPA.
   Ordinary use of the products identified in this Notice results in human exposures to BPA. BPA is found in, and comes out of, the products. The routes of exposure for the violations are dermal absorption directly through the skin when individuals wear the products, and indestion via hand-to-mouth contact after

individuals touch or handle the products. No clear and reasonable Proposition 65 warning is provided with these products regarding the presence of BPA in the products.

#### **Resolution of Noticed Claims:**

Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against the alleged violators unless such violators agree in a binding written instrument to: (1) recall products already sold or otherwise provided to consumers; (2) provide clear and reasonable warnings for products sold or otherwise provided to consumers in the future or reformulate such products to eliminate the BPA exposures; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violators are interested in resolving this dispute without resort to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

### **Preservation of Relevant Evidence:**

This Notice also serves as a demand that the alleged violators preserve and maintain all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes but is not limited to all documents relating to the presence or potential presence of BPA in socks; purchase and usage information for such products; efforts to comply with Proposition 65 with respect to such products; communications with any person relating to the presence or potential presence of BPA in such products; and representative exemplars of any such products provided to customers or consumers by the alleged violator in the year preceding this Notice through the date of any trial of the claims alleged in this Notice.

CERTIFICATE OF MERIT
Health & Safety Code §25249.7(d)

I, Mark N. Todzo, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is

alleged that the party identified in the notice has violated Health & Safety Code §25249.6 by

failing to provide clear and reasonable warnings.

2. I am an attorney with the Lexington Law Group, and I represent the noticing

party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant

and appropriate experience or expertise who has reviewed facts, studies or other data regarding

the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other

information in my possession, I believe there is a reasonable and meritorious case for the

private action. I understand that "reasonable and meritorious case for the private action" means

that the information provides a credible basis that all elements of the plaintiff's case can be

established and the information did not prove that the alleged violators will be able to establish

any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it

factual information sufficient to establish the basis for this certificate, including the information

identified in Health & Safety Code §25249.7(h)(2), i.e. (1) the identity of the persons consulted

with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those

persons.
