

# 60-DAY NOTICE OF VIOLATION

## OF CALIFORNIA HEALTH & SAFETY CODE § 25249.7(d) (PROPOSITION 65)

---

Date: February 22, 2024  
To: Michael Mastrangelo, President, Votum Enterprises LLC;  
California Attorney General's Office;  
District Attorney's Office for 58 Counties; and  
City Attorneys for San Francisco, San Diego, San Jose, Sacramento & Los Angeles  
From: Center for Advanced Public Awareness

---

### **I. INTRODUCTION**

Center for Advanced Public Awareness (“**CAPA**”) is a non-profit organization in the State of California acting in the public interest pursuant to California Health & Safety Code § 25249.7(d). CAPA seeks to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by eliminating hazardous substances contained in such items, promoting corporate responsibility.

This 60-Day Notice of Violation (“**Notice**”) is being provided to the alleged violator, Votum Enterprises LLC (“**Notice Recipient**”), as well as the California Attorney General’s Office, the District Attorney’s Offices for 58 Counties, and City Attorneys for San Francisco, San Diego, San Jose, Sacramento, and Los Angeles.

CAPA provides this Notice after identifying violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, codified at California Health & Safety Code § 25249.5 *et seq.* (“**Proposition 65**”), based on the failure to provide a clear and reasonable health hazard warning in connection with the sale or use of the products, listed below, in the State of California. The Notice Recipient is hereby given notice it violated and continues to violate Proposition 65 with respect to the warning requirement, codified at California’s Health & Safety Code § 25249.6: “No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual.” Without proper warnings about the toxic effects of exposures to listed chemicals, citizens in California lack the information necessary to make an informed decision as to whether or how to eliminate or reduce their risk of exposure from the reasonably foreseeable use of products containing listed chemicals.

### **II. NATURE OF ALLEGED VIOLATIONS**

**Product.** The specific type or category of products (“**Products**”) that are the subject of this Notice are as follows:

<b>Exemplar Product</b>	<b>Category/Type</b>	<b>Retailer</b>	<b>Manufacturer/Distributor</b>
Chasing Lola Cat Mug UPC 8 40234 60101 3	Mugs with Exterior Decoration	amazon.com	Votum Enterprises LLC

Identified above is a specific example of Products recently purchased and witnessed as being available for sale or use in the State of California, within the *category* of offending products covered by this Notice. The identified retailers, manufacturers and/or distributors of the Products are based on publicly available information.

The Exemplar Product is identified for the Notice Recipient's benefit to assist in its investigation into the alleged violations that are the subject of this Notice. The specific identified Exemplar Product is not intended to be an exhaustive list of all such products potentially in violation of Proposition 65. The Notice Recipient is obligated to conduct a good faith investigation into other products and product lines that fall within the category or are of the type, identified above, that were manufactured, imported, sold or distributed for sale, or that have otherwise been in the Notice Recipient's custody or control during the relevant period, identified below, to ensure the requisite health hazard warnings are provided to individuals in California prior to purchase.

**Listed Chemical.** The chemical that is the subject of this Notice is the heavy metal, Lead. The State of California listed Lead as a chemical known to cause developmental toxicity, male reproductive toxicity, and female reproductive toxicity on February 27, 1987, and as a chemical known to cause cancer on October 1, 1992.

**Routes of Exposure.** The exposures that are the subject of this Notice result from the purchase, acquisition and handling of Products containing Lead. Exposures occur when individuals, including children and women of childbearing age, handle, touch or otherwise utilize mugs with exterior decoration containing Lead in accordance with the Products' reasonably foreseeable and intended uses, resulting in exposures through ingestion and dermal absorption. Individuals ingest Lead when they touch or handle the Products and intermediary objects, transferring the chemical from their fingers or hands to their mouths. Dermal absorption of Lead occurs when individuals handle, touch, or otherwise utilize the Products in accordance with their reasonably foreseeable and intended uses.

**Violations and Time Period of Exposure.** CAPA alleges the Notice Recipient knowingly and intentionally exposed, and continues to knowingly and intentionally expose, individuals within the State of California to Lead, without first providing a clear and reasonable health hazard warning regarding the chemical's toxic effects, as required by Proposition 65

Exposures caused by the use of the Products have occurred each day since the Products were introduced into the California marketplace, but, at a minimum, since February 22, 2023, and, potentially, as far back as February 22, 2021. Because the Products lack clear and reasonable warnings regarding the toxic effects of exposures to Lead, each Product sold during this period and not accompanied by a warning constitutes a violation by the Notice Recipient and/or other sellers of the Products whether sold directly, through retailers located in, or with locations in, California, via the internet, or through catalog purchases to customers and individuals located in California. Moreover, these exposures are ongoing and will continue either until clear and reasonable warnings are provided to protect consumers and users or until this known toxic chemical is removed from the Products or reduced to allowable levels.

### **III. RESOLUTION OF NOTICED CLAIMS**

Consistent with the public interest goals of Proposition 65, CAPA seeks to pursue a constructive resolution of this matter to quickly rectify ongoing violations of California law. To that end, based on the allegations set forth in this Notice and pursuant to Health & Safety Code § 25249.7(d), CAPA intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice, unless the appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these allegations. If the Notice Recipient seeks to resolve the claims alleged in this Notice without litigation, it may contact CAPA's counsel at the address listed below.

It should be noted neither CAPA or its counsel can: (1) finalize any settlement until after the expiration of the 60-day Notice period; or (2) speak for the California Attorney General or any District or City attorney in receipt of this Notice. Therefore, while reaching an agreement with CAPA will satisfy its claims, the agreement may not satisfy any public prosecutors.

#### **IV. GENERAL INFORMATION AND SUMMARY OF PROPOSITION 65**

A copy of a summary of Proposition 65's provisions, prepared by the Office of Environmental Health Hazard Assessment ("OEHHA") is enclosed with the copy of the Notice served on the Notice Recipient for its reference. For further general information concerning Proposition 65, contact OEHHA's Proposition 65 Implementation Office at (916) 445-6900.

#### **V. CERTIFICATE OF MERIT**

Pursuant to Health & Safety Code § 25249.7(d) and Cal. Code. Regs. tit 11, § 3100, a Certificate of Merit is attached hereto. A copy of the Notice and Certificate of Merit is served on the California Attorney General and marked "Attorney General Copy: Contains Official Information Pursuant to Evidence Code Section 1040" with all supporting documentation, as required by Cal. Code. Regs. tit 11, § 3102, attached thereto.

Health and Safety Code § 25249.7(d)

Re: Center for Advanced Public Awareness's Notice of Proposition 65 Violations

I, Kimberly Gates Johnson, hereby declare and certify:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies or other data regarding the alleged exposure to and the lack of warnings for the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultations and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the noticing party's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code § 25249.7(h)(2), i.e., the identity of the persons consulted with and relied on by the certifier and (2) the facts, studies or other data reviewed by those persons.

Dated: February 22, 2024
