MONARCH is organized to promote awareness of exposures to toxic chemicals in California and to improve public health and safety. This Notice is provided to the parties listed above pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly referred to as “Proposition 65”) for violations of California Health & Safety Code §25249.6, failure to provide consumers with a clear and reasonable warning of the potential for exposure to chemicals known to the State of California to cause cancer and/or reproductive harm.

The specific product(s) causing consumer exposures in violation of Proposition 65 is/are listed below. All product(s) within the type covered by this Notice shall be referred to hereinafter as the “Product Category.”

*NOTE: While MONARCH identifies Sayward Halling, 573 N Olive St. Ventura, CA 93001, (805) 665-3853 as the responsible individual within the Noticing Entity, **all** communication must be sent to MONARCH's attorney, the Greenbaum Law Firm at address above.*

### **III. Alleged Violation(s)**

Specific examples of products purchased by MONARCH in Los Angeles County, California are identified below. This **Non-Exclusive Example product** does not represent an exhaustive identification of all violative products within a Product Category. The Violator(s) are obligated to perform an internal investigation into **ALL** products within the Product Category that may have been manufactured, distributed, sold, or shipped during the relevant period.

The products within the Product Category, including the Non-Exclusive Example product, contain the Listed Chemical(s) and potentially expose consumers to the Listed Chemical(s) at levels that require warnings to consumers as described by California Health & Safety Code §25249.6, et seq. and 27 C.C.R. 25600.2, et seq. The Non-Exclusive Example product purchased by MONARCH does not provide a clear and reasonable warning that complies with the code and regulations. Additional sales of the Non-Exclusive Example product and other products within the Product Category have been sold in California within the last year and also do not provide a clear and reasonable warning that complies with the code and regulations.

**Evidence Preservation Request to Alleged Violator(s):** Alleged Violator(s) are hereby requested to preserve any and all evidence relating to the violations described herein. This includes, without limitation, preserving any warning materials concerning exposure to the Listed Chemical(s) to consumers, and all communications regarding any such exposures. This also includes, without limitation, documenting (through any means, including but not limited to time-stamped photography and/or video recording) the present existence, content, and location of all warning materials—including labels, signs, tags, and other language—that the Alleged Violator(s) contends provides consumers with the “clear and reasonable” warning required by Health & Safety Code section 25249.6 regarding the exposures (and preserving any historical depictions of such warning materials), as well as all testing and sales data related to the Product Category, and all advertising and/or marketing materials related to the Product Category. The failure to preserve the requested evidence may result in sanctions and other penalties.

Products within the Product Category, including the Non-Exclusive Example product, contain the Listed Chemical(s) as an intentionally added ingredient. Products within the Product Category, including the Non-Exclusive Example product, are designed, manufactured, and marketed to be used by consumers with, or on, their bare hands. During this handling the Listed Chemical(s) will transfer from products within the Product Category, including the Non-Exclusive Example product, to consumers' skin. This directly leads to a consumer exposure to the Listed Chemical(s) through touch,

dermal exposure, and oral ingestion.

Product Category	Non-Exclusive Example Product
Ball Gags	Sincerely, Sportsheets Amber Ball Gag

## Certificate of Merit

I, Daniel N. Greenbaum, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established, and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
