Service

### **Re: Proposition 65 Notice of Violation**

To Alleged Violator,

This Notice of Violation is provided to you pursuant to the California Health & Safety Code § 25249.7(d).

This office represents Ruby Gustafson (“Claimant”), a citizen of the State of California acting in the interest of the general public to further the protection of the environment, promote awareness of exposure to toxic chemicals from use of consumer products sold in California, improve human health, environmental education, worker and consumer rights and increase corporate responsibility.

**Violation**

As to the product(s) described below, Claimant has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), codified in the California Health & Safety Code sections 25249.5, et. seq. This violation continues to occur because Violator has failed to provide a clear and reasonable health hazard warning in connection with the sale or use of the Product in California. California Health & Safety Code § 25249.6 provides that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual...” Only with a proper warning can a California citizen make an informed decision regarding whether to eliminate or how to reduce the risk of toxic exposure to their person.

Under Cal. Health & Safety Code § 25249.7(d), Claimant seeks to prosecute the alleged continuing noncompliance and to warn consumers about their exposure to the violative chemical(s), or reduce and/or eliminate consumer exposures from product(s) (collectively, the “Products”) listed in the table below, which are manufactured, distributed and/or sold by Violators.

**Product Information**

The specific product which is causing consumer exposures in violation of Proposition 65, is the Tonomi Cassava Flour, including but not limited to UPC # 6186000603084. Amazon.com markets, distributes and /or sells the Product(s) which, according to laboratory test results, have exposed and continue to expose consumers within the State of California to lead. The primary route of the exposure has been through ingestion.

<b>Product</b>	<b>UPC Code</b>	<b>Violative Chemical</b>
Tonomi Cassava Flour	6186000603084	Lead

With respect to each Product(s) listed above, the violation commenced on the latter of the date that the Product(s) was first offered for sale in California, or at least as of the date of this Notice, and have continued every day since the relevant date the violation commenced; and will continue every day henceforth until lead is removed from the Products, reduced to allowable levels, or until a “clear and reasonable” warning is provided to consumers by the Noticed Parties, as applicable, in accordance with the law.

Pursuant to Title 27, C.C.R. § 25903(b), copy of “The Safe Drinking Water and Toxic Enforcement act of 1986 (Proposition 65): A Summary” is attached hereto for reference by Defendants. For more information concerning the provisions of Proposition 65, contact OEHHA at 916-445-6900. Pursuant to Title 11, C.C.R. § 3100, the “Certificate of Merit” is attached hereto.

**Request for Information**

Any alleged violator who is a retail seller is herein requested to provide the name and contact information for the manufacturer, producer, packages, importer, supplier, and distributor of the product sold. California Code of Regulations, Title 27, section 25600.2.

### **Notice of Duty to Preserve Evidence**

“The duty to preserve evidence is triggered when litigation is pending or reasonably foreseeable, at which time a party is required to preserve all relevant evidence and put into place a litigation hold to preserve relevant documents.” *Net-Com Servs. v. Eupen Cable USA, Inc.*, 2013 U.S. Dist. LEXIS 109810, at \*6-7 (C.D. Cal. Aug. 5, 2013) (citations omitted). We accordingly notify Premier of its duty to preserve evidence relevant to the potential

litigation our client may initiate if Premier does not undertake the steps demanded herein. This includes, but is not limited to, documents, tangible things, and electronically stored information (ESI) that are potentially relevant to the anticipated lawsuit and that are in Premier’s custody or control.

### **Claims Resolution**

Consistent with the public interest goals of Proposition 65 to have these ongoing violations of California law quickly rectified, Ms. Gustafson is interested in seeking a prompt resolution of this matter that includes an enforceable written agreement by the Violator to (1) reformulate the Products to eliminate exposures to the identified chemicals, or provide Proposition 65 compliant exposure warnings for Products sold in the future; (2) pay an appropriate civil penalty based on the factors enumerated in Health & Safety Code § 25249.7(b); and (3) provide clear and reasonable warnings complaint with Proposition 65 to all persons located in California who purchased the above products in the last three years.

Prompt action of the Noticed Parties will prevent further consumer exposure to a dangerous chemical without warning, therefore rectifying these alleged ongoing violations of the California law and afford the Noticed Parties the opportunity to avoid increasing costs associated with noncompliance and costly litigation. Ms. Gustafson does intend to file a lawsuit after 60 days if these violations are not resolved.

Please direct all communications regarding this Notice of Violation to this office using the address or contact information indicated on the letterhead.

Sincerely,

*Shannon C. Wilhite*

### Attachments

1. Certificate of Merit (Cal. Health & Safety Code § 25249.7(d)(1));
2. Certificate of Service
3. Appendix “A” – “The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary” (to the Noticed Parties only);
4. Certificate of Merit (Attorney General)
5. Factual information sufficient to establish basis of the certificate of merit (Attorney General)

**CERTIFICATE OF MERIT**  
Health and Safety Code Section 25249.7(d)

**Re: Ruby Gustafson's Notice of Proposition 65 Violations by Natural Life.**

I, Shannon C. Wilhite, attorney at law, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the parties identified in the notice have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the Noticing Party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, and/or other data regarding the alleged exposures to the listed chemical that is the cause of action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
