

NOTICE OF VIOLATION

California Safe Drinking Water and Toxic Enforcement Act

Hexavalent Chromium in Gloves Made With Leather Materials

February 14, 2025

This Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 508, Oakland, CA 94612, (510) 655-3900. CEH is a nonprofit corporation dedicated to protecting the environment, improving human health, and supporting environmentally sound practices. Shakoora Azimi-Gaylon is the Senior Director of the Toxic Exposures and Pollution Prevention program of and a responsible individual within CEH.

Description of Violation:

- Violators: The names and addresses of the violators are: The names and addresses of the violators are identified on the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least February 14, 2022 and are ongoing.
- Provision of Proposition 65: This Notice covers the "warning provision" of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The name of the listed chemical involved in these violations is chromium (hexavalent compounds), which is also known as hexavalent chromium. Hexavalent chromium is listed under Proposition 65 as a chemical known to the State of California to cause cancer and reproductive toxicity. Exposures to hexavalent chromium occur from use of the products identified in this Notice.
- Type of Product: The specific type of product causing these violations is gloves made with leather. Gloves are used to protect hands and fingers from the elements, abrasion, and trauma. The gloves at issue are either all leather or made with a combination of leather and non-leather materials. Non-exclusive examples of this specific type of product are attached hereto as Exhibit 1.
- Description of Exposure: This Notice addresses consumer exposures to hexavalent chromium. Use of the products identified in this Notice results in

human exposures to hexavalent chromium. The routes of exposure for the violations are dermal absorption directly through the skin when consumers wear, touch, or handle the products. Additional exposures occur through ingestion via hand to mouth contact after consumers wear, touch, or handle the products. No clear and reasonable warning is provided with these products regarding the carcinogenic or reproductive hazards of hexavalent chromium.

Resolution of Noticed Claims:

Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against each alleged violator unless such violator agrees in a binding written instrument to: (1) recall products already sold; (2) provide clear and reasonable warnings for products sold in the future or reformulate such products to eliminate the hexavalent chromium exposures; and (3) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If any alleged violator is interested in resolving this dispute without resort to litigation, please feel free to contact CEH through its counsel identified below.

It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Preservation of Relevant Evidence:

This Notice also serves as a demand that each alleged violator preserve and maintain all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes but is not limited to all documents relating to the presence or potential presence of hexavalent chromium in leather gloves; purchase and sales information for such products; efforts to comply with Proposition 65 with respect to such products; communications with any person relating to the presence or potential presence of hexavalent chromium in such products; and representative exemplars of each unit of any such products sold by each alleged violator in the year preceding this Notice through the date of any trial of the claims alleged in this Notice.

Please direct any inquiries regarding this Notice to CEH's counsel Joseph Mann at Lexington Law Group, 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800, jmann@lexlawgroup.com.

CERTIFICATE OF MERIT
Health & Safety Code § 25249.7(d)

I, Joseph Mann, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice have violated Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney with the Lexington Law Group, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established and the information did not prove that the alleged violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code § 25249.7(h)(2), *i.e.*, (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
