To: Roberts Hanks, Chief Executive Officer, Supreme Rice, LLC;
Jay Kapila, Chief Executive Officer, TRC Group, Inc.;
California Attorney General's Office;
District Attorney's Office for 58 Counties; and

From: Keep America Safe and Beautiful

I. INTRODUCTION

Keep America Safe and Beautiful is a California nonprofit corporation acting in the public interest pursuant to California Health & Safety Code § 25249.7(d). Keep America Safe and Beautiful seeks to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by eliminating hazardous substances contained in such items, promoting corporate responsibility.

This 60-Day Notice of Violation (“**Notice**”) is being provided to the alleged violators, Supreme Rice, LLC and TRC Group, Inc. (“**Notice Recipients**”), as well as the California Attorney General's Office, the District Attorney's Offices for 58 Counties, and City Attorneys for San Francisco, San Diego, San Jose, Sacramento and Los Angeles.

Keep America Safe and Beautiful provides this Notice after identifying violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, codified at California Health & Safety Code § 25249.5 *et seq.* (“**Proposition 65**”), based on the failure to provide a clear and reasonable health hazard warning in connection with the sale or use of the products, listed below, in the State of California. The Notice Recipients are hereby given notice they violated and continue to violate Proposition 65 with respect to the warning requirement, codified at California's Health & Safety Code § 25249.6: “No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the State to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual.” Without proper warnings about the toxic effects of exposures to listed chemicals, citizens in California lack the information necessary to make an informed decision as to whether or how to eliminate or reduce their risk of exposure from the reasonably foreseeable use of products containing listed chemicals.

II. NATURE OF ALLEGED VIOLATIONS

Product. The specific type or category of products (“**Products**”) that are the subject of this Notice are as follows:

Exemplar Product	Category/Type	Retailer	Manufacturer/Distributor
SUPREME RICE JASMINE NET WT 5LBS. (80 OZ) (2.27 KG) UPC: 85927800314	Rice	Instacart instacart.com	Supreme Rice, LLC; TRC Group, Inc.

Identified above is a specific example of Products recently purchased and witnessed as being available for sale or use in the State of California, within the *category* of offending products

covered by this Notice. The identified retailers, manufacturers and/or distributors of the Products are based on publicly available information.

The Exemplar Product is identified for the Notice Recipients' benefit to assist in their investigation into the alleged violations that are the subject of this Notice. The specific identified Exemplar Product is not intended to be an exhaustive list of all such products potentially in violation of Proposition 65. The Notice Recipients are now obligated to conduct a good faith investigation into other products within the category or of the type, identified above, that were manufactured, imported, sold or distributed for sale, or that have otherwise been in the Notice Recipients' custody or control during the relevant period, identified below, to ensure the requisite health hazard warnings are provided to individuals in California prior to purchase.

Listed Chemical. The chemical that is the subject of this Notice is the heavy metal, Lead. The State of California listed Lead as a chemical known to cause developmental toxicity, male reproductive toxicity, and female reproductive toxicity on February 27, 1987, and as a chemical known to cause cancer on October 1, 1992.

Routes of Exposure. The exposures subject to this Notice result from ingesting the products containing Lead. Exposures occur when individuals, including children and women of childbearing age, eat, consume or otherwise ingest rice containing Lead in accordance with the Products' reasonably foreseeable uses resulting in exposures through ingestion.

The California State Plan for Occupational Safety and Health incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions with regard to occupational exposures on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliance in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

Violations and Time Period of Exposure. Keep America Safe and Beautiful alleges the Notice Recipients knowingly and intentionally exposed, and continue to knowingly and intentionally expose, individuals within the State of California to Lead, without first giving a health hazard warning regarding the chemical's toxic effects, as required by Proposition 65, by failing to provide clear and reasonable warnings to consumers and users that the Products can expose users to Lead.

Exposures caused by the use of the Products have occurred each day since the Products were introduced into the California marketplace, but, at a minimum, since February 3, 2025, and, potentially, as far back as February 3, 2023. Because the Products lack clear and reasonable warnings regarding the toxic effects of exposures to Lead, each Product sold during this period and not accompanied by a warning constitutes a violation by the Notice Recipients and/or other sellers of the Products, whether sold directly through retailers located in, or with locations in, California, via the internet, or through catalog purchases by customers and individuals located in California. Moreover, these exposures are ongoing and will continue either until clear and reasonable warnings are provided to protect consumers and users or until this known toxic chemical is removed from the Products or reduced to allowable levels.

III. RESOLUTION OF NOTICED CLAIMS

Consistent with the public interest goals of Proposition 65, Keep America Safe and Beautiful seeks to pursue a constructive resolution of this matter to quickly rectify ongoing violations of California law. To that end, based on the allegations set forth in this Notice and pursuant to Health & Safety Code § 25249.7(d), Keep America Safe and Beautiful intends to file a private enforcement action in the public interest sixty (60) days after effective service of this Notice, unless the appropriate public enforcement agencies have commenced and are diligently prosecuting an action to rectify these allegations. If the Notice Recipients seek to resolve the claims alleged in this Notice without litigation, they may contact Keep America Safe and Beautiful's counsel at the address listed below.

It should be noted neither Keep America Safe and Beautiful or its counsel can: (1) finalize any settlement until after the expiration of the 60-day Notice period; or (2) speak for the California Attorney General or any District or City attorney in receipt of this Notice. Therefore, while reaching an agreement with Keep America Safe and Beautiful will satisfy its claims, the agreement may not satisfy any public prosecutors.

IV. GENERAL INFORMATION AND SUMMARY OF PROPOSITION 65

A copy of a summary of Proposition 65's provisions, prepared by the Office of Environmental Health Hazard Assessment ("OEHHA") is enclosed with the copy of the Notice served on the Notice Recipient for its reference. Re: Keep America Safe and Beautiful's Notice of Proposition 65 Violations

I, Kimberly Gates Johnson, hereby declare and certify:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the party identified in the notice has violated Health & Safety Code § 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
