

**SUPPLEMENTAL NOTICE OF VIOLATION
(Supplements Notice 2025-02438)**

California Safe Drinking Water
and Toxic Enforcement Act

Bisphenol S in Thermal Receipt Paper

May 8, 2026

This Supplemental Notice of Violation (the "Notice") is provided to you pursuant to and in compliance with California Health and Safety Code Section 25249.7(d).

- For general information regarding the California Safe Drinking Water and Toxic Enforcement Act, see the attached summary provided by the California EPA (copies not provided to public enforcement agencies).
- This Notice is provided by the Center for Environmental Health ("CEH"), 2201 Broadway, Suite 508, Oakland, CA 94612, (510) 655-3900. This Notice adds an alleged violator related to a previously noticed set of violations relating to Krispy Kreme, Inc. and Krispy Kreme Doughnut Corporation (noticed in AG No. 2025-02438). CEH is a nonprofit corporation dedicated to protecting the environment, improving human health, and supporting environmentally sound practices. Shakoor Azimi-Gaylon is the Senior Director of the Toxic Exposures and Pollution Prevention program of and a responsible individual within CEH.

Description of Violation:

- Violator: The name and address of the violator is identified on the attached Exhibit 1.
- Time Period of Exposure: The violations have been occurring since at least December 29, 2024 and are continuing to this day.
- Provision of Proposition 65: This Notice covers the exposure/warning provision of Proposition 65, which is found at California Health and Safety Code Section 25249.6.
- Chemical(s) Involved: The name of the listed chemical involved in these violations is bisphenol S ("BPS"). Exposures to BPS occur from handling of the products identified in this Notice.
- Type of Product: The specific type of product causing these violations is thermal receipt paper. A non-exclusive example of this specific type of product is identified on the attached Exhibit 1.
- Description of Exposure: This Notice addresses consumer exposures to BPS. Use of the products identified in this Notice results in human exposures to BPS. BPS is found on the surface of the products. Thermal receipt paper is treated

with a surface coating of BPS. The routes of exposure for the violations are dermal absorption directly through the skin when consumers touch or handle the products, and ingestion via hand-to-mouth contact after consumers touch or handle the products. No clear and reasonable Proposition 65 warning is provided with these products regarding the presence of BPS in the products.

Resolution of Noticed Claims:

Based on the allegations set forth in this Notice, CEH intends to file a citizen enforcement lawsuit against the alleged violator unless such violator agrees in a binding written instrument to: (1) provide clear and reasonable warnings for products sold or otherwise provided to consumers in the future or reformulate such products to eliminate the BPS exposures; and (2) pay an appropriate civil penalty based on the factors enumerated in California Health and Safety Code Section 25249.7(b). If the alleged violator is interested in resolving this dispute without resort to expensive and time-consuming litigation, please feel free to contact CEH through its counsel identified below. It should be noted that CEH cannot: (1) finalize any settlement until after the 60-day notice period has expired; nor (2) speak for the Attorney General or any District or City Attorney who received CEH's 60-day Notice. Therefore, while reaching an agreement with CEH will resolve its claims, such agreement may not satisfy the public prosecutors.

Preservation of Relevant Evidence:

This Notice also serves as a demand that the alleged violator preserve and maintain all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes but is not limited to all documents relating to the presence or potential presence of BPS in thermal receipt paper; purchase and usage information for such products; efforts to comply with Proposition 65 with respect to such products; communications with any person relating to the presence or potential presence of BPS in such products; and representative exemplars of any such products provided to customers or consumers by the alleged violator in the year preceding this Notice through the date of any trial of the claims alleged in this Notice.

Please direct any inquiries regarding this Notice to CEH's counsel Patrick Carey or Joseph Mann at Lexington Law Group, LLP 503 Divisadero Street, San Francisco, CA 94117, (415) 913-7800, pcarey@lexlawgroup.com, jmann@lexlawgroup.com.

CERTIFICATE OF MERIT
Health & Safety Code §25249.7(d)

I, Joseph Mann, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the party identified in the notice has violated Health & Safety Code §25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney with the Lexington Law Group, LLP, and I represent the noticing party, the Center for Environmental Health.

3. Members of my firm and I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposures to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of the Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
