RE: 60-Day Notice of Violation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) & Demand for Supply Chain Identification

Dear Mr. Kim:

This firm represents Mercury Policy Project (“Noticing Party”) in connection with this notice of violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code section 25249.5, et seq. (“Proposition 65”). Mercury Policy Project is a non-profit organization working to create a safe, just, and sustainable world in which protecting the environment and human rights is central to corporate decision making.

This letter constitutes notice to the addressee that they have violated and continue to violate provisions of Proposition 65 and its implementing regulations. Specifically, the alleged violator – Poshmark, Inc.

Poshmark, Inc. (“Violator”), to which this letter is addressed, has violated and continues to violate the warning requirement at section 25249.6 of the California Health & Safety Code, which provides, “No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual[.]”

Pursuant to California Health & Safety Code section 25249.7, subdivision (d), the Noticing Party, as defined in that section, intends to bring an enforcement action against the Violator sixty (60) days after effective service of this notice unless the public enforcement agencies listed in the attached Certificate of Service have commenced and are diligently prosecuting an action to rectify these violations. A summary of Proposition 65 and its implementing regulations, prepared by the Office of Environmental Health Hazard Assessment, the lead agency designated under Proposition 65, is enclosed with the copy of this notice served to the Violator. The specific details of the violations that are the subject of this Notice are provided below.

Description of Violations

The Violator has contravened the warning requirement at section 25249.6 of the California Health and Safety Code, which provides, “[no] person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving a clear and reasonable warning to such individual.” Violator has manufactured, produced, packaged, imported, supplied, distributed, sold or otherwise provided the consumer products containing mercury listed below directly to consumers through the Violator’s website without providing the clear and reasonable warnings required by Proposition 65 and its implementing regulations.

- Time Period of Exposure: The violations have been occurring since at least May 20, 2023, and are continuing each day through the present.
- Provision of Proposition 65 Implicated: This Notice of Violation covers the “warning provision” of Proposition 65, which is found at California Health and Safety Code, section 25249.6, and its implementing regulations.
- Chemical Involved: The listed chemical involved in this notice of violation is mercury and mercury compounds. This chemical is recognized by the State of California as a developmental toxin.
- Types of Products: The specific types of products causing the violations are skin-lightening, whitening, and/or brightening cosmetics containing 1 ppm or more mercury or mercury compounds (“Products”), including but not limited to those products specifically listed below in **Table 1**.

Description of Exposures: This Notice addresses consumer product exposures to mercury and mercury compounds resulting from the acquisition, purchase, storage, consumption, or reasonably foreseeable use of the Products. Mercury is an additive or active ingredient in such cosmetics. Use of the Products, including those exemplars listed above in Table 1, results in human exposures to mercury.² Mercury exposure occurs in three main routes: ingestion, inhalation, or dermal absorption. Ingestion may occur post-application due to insufficient hand washing prior to eating or preparing food or touching of the mouth. Inhalation may occur due to the significant amount of mercury vapor produced by use of these Products, which can affect all household members. Dermal absorption may occur as these Products are designed and specifically marketed for direct contact with skin. These exposures occur in residences and businesses throughout California where the Products are used.

No clear and reasonable warning is provided with these Products regarding the developmental toxicity of using these Products or specifically of mercury.

Pursuant to California Code of Regulations, title 11, section 3100, a Certificate of Merit is attached.³

Lack of Non-English Warning

At least one of the exemplars listed in Table 1 includes non-English labeling or signage. This exemplar additionally violates California Code of Regulations, title 27, section 25602, subdivision (b), for failing to carry warnings in the non-English language on the label or signage.

Resolution of Claims Being Noticed

Based on the allegations set forth in this Notice, the Noticing Party intends to file a citizen enforcement lawsuit against the Violator unless it agrees to remedy the violations set forth above. If the Violator is interested in resolving this dispute without resort to expensive and time-consuming litigation, please contact the Noticing Party through its counsel identified below.

² These products are also illegal adulterated cosmetics sold in violation of FDA regulations. (See 21 C.F.R. § 700.13(d) and California’s Sherman Act.)

³ A copy of this entire notice and Certificate of Merit is being served on the Attorney General, clearly marked “Attorney General Copy: Contains Official Information Pursuant to Evidence Code Section 1040” with all supporting documentation

Preservation of Relevant Evidence

This Notice also serves as a demand that the Violator preserve and maintain all relevant evidence, including all electronic documents and data, pending resolution of this matter. Such relevant evidence includes but is not limited to all documents relating to mercury released from or during the storage, shipment, and use of hthe Products; purchases and sales information for the Products; communications with any person relating to actual or potential exposures to mercury from the use of the Products; representative exemplars of each unit of any of the brands listed above in Table 1 sold since three years prior to the date of this Notice; the content of internet displays for the Products causing the violations; and all communications regarding the alleged violations.

("Summary") (Noticed Party Only)

Certificate of Merit

California Health & Safety Code Section 25249.7, Subdivision (d)

I, Rachel Doughty, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.
4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
