**Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.***

Dear Addressees:

This firm represents Center for Consumer Safety, LLC (“CCS”) in connection with this Notice of Violations of California’s Safe Drinking Water and Toxic Enforcement Act, which is codified at California Health & Safety Code Section 25249.5 *et seq.* (“Proposition 65”).

CCS is a California limited liability company dedicated to safeguarding the public from harmful and toxic chemicals found in everyday projects. This letter serves to provide notification of these violations to you and to the public enforcement agencies of Proposition 65.

This letter constitutes notice that the entity listed below has violated and continues to violate provisions of Proposition 65. Specifically, the entity listed below has violated and continues to violate the warning requirement at § 25249.6 of the California Health & Safety Code, which provides that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual...” A summary of Proposition 65, prepared by the California Office of Environmental Health Hazard Assessment, is enclosed with the copy of this letter sent to the Violator.

**Alleged Violator:** The name of the violator covered by this notice that violated Proposition 65 (hereinafter collectively referred to as the “Violator”) is Think Operations, LLC.

**Listed Chemical:** These violations involve exposure to the listed chemical lead. On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

**Consumer Products:** The following specific products that are the subject of this notice are causing exposures in violation of Proposition 65 are:

1. ThinkKids Zinc Oxide Sunscreen SPF 50
2. ThinkKids Clear Zinc 20% Sunscreen SPF 30

**Violation:** The alleged Violator knowingly and intentionally exposed and continues to expose consumers within the State of California to lead without providing a Proposition 65 warning. The Violator has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemical, lead.

**Route of Exposure:** The consumer exposures that are the subject of this notice result from the recommended use of these products by consumers. The route of exposure to lead is through dermal absorption and ingestion.

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to lead. The listed products were purchased online. A Proposition 65-compliant warning should have appeared on the listed product's packaging and on the product display page and/or point of sale. The Violator violated Proposition 65 because it failed to provide an appropriate warning to persons using these products that they are being exposed to lead. Each of these ongoing violations has occurred on every day since June 15, 2023, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users.

Pursuant to California Health & Safety Code § 25249.7(d), CCS intends to file a citizen enforcement action sixty days after effective service of this notice unless the Violator agrees in an enforceable written agreement to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Consistent with the public interest goals of Proposition 65 and my client's objectives in pursuing this notice, CCS is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemical and expensive and time consuming litigation.

CCS's is located at 2001 Addison St., Suite 300, #834, Berkeley, CA 94704. Its responsible person for purposes of this notice letter is Mike White, who can be reached at [mike@centerforconsumersafety.com](mailto:mike@centerforconsumersafety.com), phone: (510) 636-5051. CCS has retained my firm in connection with this matter. Please direct all questions concerning this notice to me, Rebecca Davis, at [rebecca@lozeaudrury.com](mailto:rebecca@lozeaudrury.com), (510) 836-4200, Lozeau Drury LLP, 1939 Harrison St., Suite 150, Oakland, CA 94612.

**CERTIFICATE OF MERIT**

**Re: Center for Consumer Safety, LLC 's Notice of Proposition 65 Violations by Think Operations, LLC**

I, Rebecca Davis, declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party, Center for Consumer Safety, LLC.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultants, and other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator(s) will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit, additional factual information sufficient to establish the basis for this certificate has been served on the Attorney General, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: June 15, 2026
