NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the In-House Counsel for Environmental Research Center, Inc. ("ERC"). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the "Violators") are:

Taylor Dukes Wellness, LLC
Taylor Dukes LLC
Sava Nutrition, LLC

Consumer Products and Listed Chemical. The specific type of product causing the violation is a dietary and/or nutritional supplement that contains lead ("Product"). An Exemplar of the Product that is the subject of this notice and the specific chemical in that Product identified as exceeding allowable levels include but is not limited to:

1. **TD Wellness Organic Chai Tea Latte - Lead**
2. **TD Wellness Organic Superfood Creamer - Lead**
3. **TD Wellness Organic Protein Pancake Mix - Lead**

4. **TD Wellness Bone Broth Protein Powder Strawberries & Cream - Lead**
5. **TD Wellness Electrolyte Drink Mix Mango Orange - Lead**
6. **TD Wellness Electrolyte Drink Mix Strawberry Lemonade - Lead**
7. **TD Wellness Electrolyte Drink Mix Lemon Lime - Lead**
8. **TD Wellness Electrolyte Drink Mix Guava Grapefruit - Lead**
9. **TD Wellness Bone Broth Protein Powder Pumpkin Spice - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least September 25, 2023, as well as every day since the products were introduced into the California marketplace and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as expensive and time-consuming litigation.

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7 (d)

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Taylor Dukes Wellness, LLC, Taylor Dukes LLC, and Sava Nutrition, LLC

I, Charles Poss, hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the attorney for the noticing party, Environmental Research Center.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action.

4. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: September 25, 2026
