

RELEASE AND SETTLEMENT AGREEMENT

THIS RELEASE AND SETTLEMENT AGREEMENT (this “Agreement”) is entered as of this 15 day of October 2013 (the “Effective Date”) by and between THE PUBLIC INTEREST ALLIANCE LLC, a California limited liability company (“PIA”), and VENTURA INTERNATIONAL LTD. (“VENTURA”).

THE PARTIES ENTER THIS AGREEMENT on the basis of the following facts, understandings, and intentions:

A. The Public Interest Alliance LLC is a California limited liability company whose mission is to improve human health, preserve the natural environment, and promote compliance with environmental and consumer disclosure laws.

B. On or around June 21, 2013, PIA served a 60-Day Notice of Violation of Proposition 65 re: Titanium Dioxide (airborne, unbound particles of respirable size) on VENTURA (the “NOV”). Among other things, PIA alleged in the NOV, as supplemented, that VENTURA had exposed California consumers to Titanium Dioxide (airborne, unbound particles of respirable size) through the sale and use of VENTURA’s (i) L’Bel Effet Parfait Moisturizing Compact Powder SPF 15; (ii) Couleur Luxe Perfectisse Naturelle XP Extra-fine Loose Compact Powder; (iii) L’Bel Divine Sophistiqué Argenté; (iv) L’Bel Natural Skin Effect Powder SPF 20; (v) L’Bel Dual-Use Compact Powder; (vi) L’Bel Facial Spots Clarifying Effect Compact SPF 18; (vii) Reflets Bronze Bronzing Compact Powder; (viii) L’Bel Illuminating Compact Powder, (the “Noticed Products”).

C. Titanium Dioxide (airborne, unbound particles of respirable size) was added to California’s Proposition 65 list on September 2, 2011, and compliance with Proposition 65’s notice requirements became effective as of September 2, 2012.

D. VENTURA produced (i) L’Bel Effet Parfait Moisturizing Compact Powder SPF 15; (ii) Couleur Luxe Perfectisse Naturelle XP Extra-fine Loose Compact Powder; (iii) L’Bel Divine Sophistiqué Argenté; (iv) L’Bel Natural Skin Effect Powder SPF 20; (v) L’Bel Dual-Use Compact Powder; (vi) L’Bel Facial Spots Clarifying Effect Compact SPF 18; (vii) Reflets

Bronze Bronzing Compact Powder; (viii) L'Bel Illuminating Compact Powder all of which fall within the definition of Noticed Products provided in the NOV. All sales of the Noticed Products in California ceased as of the Effective Date. During the period between September 2, 2012, and the Effective Date, approximately 338 units of the Notice Products were sold to California consumers, constituting total revenue of \$ 3,536. Following a reasonable inquiry and diligent investigation, to VENTURA's best knowledge, VENTURA is not aware of any retailer or other seller in California selling any Noticed Product in California as of the Effective Date.

E. Before PIA filed a Proposition 65 enforcement action, VENTURA expressed to PIA, through their respective counsel that it was interested in settling the claims alleged in the NOV outside the context of a lawsuit, with the understanding that such settlement would only resolve PIA's claims against VENTURA with respect to the Noticed Products, and that this Agreement would not preclude another person from suing VENTURA in the public interest for any or all claims alleged in the NOV pertaining to the Noticed Products.

NOW, THEREFORE, IN CONSIDERATION of the mutual covenants and promises of the parties, the parties hereto agree as follows:

1. Settlement Payment. For and in consideration of the payment of Seven Thousand Five Hundred and No/100 Dollars (\$7,500.00) (the "Settlement Payment"), the parties hereby agree that all claims asserted by PIA against VENTURA in the NOV will be fully settled and resolved. Payment shall be made within five (5) business days after the Effective Date by check or wire transfer to Judd Law Group LLP.

2. VENTURA's Covenants in Lieu of Injunction. VENTURA hereby covenants and agrees as follows:

a. *Reformulation Covenant.* As of the Effective Date, VENTURA no longer distributes, sells, or offers to sell to California consumers the Noticed Products identified on Exhibit A, attached hereto and by this reference incorporated herein. VENTURA will not distribute, sell, or offer to sell to California consumers the Noticed Products in the future, unless and until such Noticed Products have been reformulated by deleting Titanium Dioxide as an

ingredient of such Noticed Products or otherwise are made to comply with Proposition 65.

b. *Noticed Products No Longer in VENTURA's Control.* Following a reasonable inquiry and diligent investigation, to VENTURA's best knowledge, VENTURA is not aware of any Noticed Products currently being sold in California by any third party. In the event VENTURA discovers that the Notice Products are being sold in California, VENTURA will send a written notice, electronic or otherwise ("Prop 65 Notice") to any such California store or entity. The Prop 65 Notice shall advise the recipient that the Noticed Products "contain Titanium Dioxide, which upon use may expose consumers to Titanium Dioxide (airborne, unbound particles of respirable size), a chemical known to the State of California to cause cancer," and request that the recipient destroy or return to VENTURA (or another party that VENTURA has designated) all units of the Noticed Products. The Prop 65 Notice shall require a response from the recipient within twenty (20) days confirming whether the Noticed Products will be returned or destroyed. VENTURA shall maintain records of all correspondence and other communications generated pursuant to this paragraph for two (2) years after the Effective Date and shall promptly produce copies of such records after PIA's written request.

c. *Current Inventory.* Commencing on the Effective Date, VENTURA shall not sell or otherwise distribute any Noticed Products in California or to a California consumer unless such product (i) has been certified by the vendor to have been reformulated as provided in Paragraph 2.a above or (ii) contains a clear and reasonable warning as provided in Paragraph 2.d below.

d. *Noticed Product Warnings.*

i. **Product Labeling.** Any warning provided under this Agreement shall be (a) affixed to any invoice or shipping document delivered with the Noticed Product, (b) affixed to the Noticed Product itself in immediate proximity to any marketing, ownership, or pricing tags or labels or, if none, to a surface of the product that would be readily visible to a purchaser or user upon inspection or use of the Noticed Product. Each warning shall be of such size, color, and font, and shall be prominently placed with such conspicuousness as compared with other

words, statements, designs, or devices as to render it likely to be read and understood by an ordinary individual under customary conditions before purchase or use. Each warning shall be provided in a manner such that the consumer or user understands to which specific Noticed Product the warning applies, so as to minimize the risk of consumer confusion. A warning provided pursuant to this Agreement shall state:

WARNING: This product contains Titanium Dioxide, which when used may expose the consumer to Titanium dioxide (airborne, unbound particles of respirable size), a chemical known to the State of California to cause cancer.

ii. **Internet Website Warning.** A warning shall be given in conjunction with any sale of the Noticed Products to California residents via the internet, which warning shall appear on each product display page and on a link prominently displayed on a checkout page, which link must be accessed by the purchaser prior to completion of the checkout process, along with electronic confirmation of the purchaser's review of the link. The following warning shall be used and shall appear in the same type size or larger than the text of the Noticed Product description:

WARNING: This product contains Titanium Dioxide, which when used may expose the consumer to Titanium dioxide (airborne, unbound particles of respirable size), a chemical known to the State of California to cause cancer.

3. **Opt-In to NSRL Consent Judgment.** Prior to the Effective Date, PIA offered to work collaboratively with a joint defense group comprised of significant manufacturers of personal care and cosmetics products (the "JDG") to, among other things, develop a No Significant Risk Level ("NSRL") for Titanium Dioxide (airborne, unbound particles of respirable size). In the event that PIA enters into an agreement or consent judgment with the JDG, or any other person or entity that received a 60-Day Notice of Violation of Proposition 65 materially identical to the NOV, which such agreement or consent judgment establishes an NSRL for Titanium Dioxide (airborne, unbound particles of respirable size) (the "NSRL Consent Judgment"), then subject to the terms of such NSRL Consent Judgment, VENTURA shall have the right to opt-in, and any payment made to PIA or its counsel under this Agreement shall be credited to VENTURA as an

offset against any opt-in payments required by such NSRL Consent Judgment

4. Releases.

a. *PIA's Release of VENTURA.* PIA acting on its own behalf releases VENTURA and each of its shareholders, members, heirs, successors, predecessors, assigns, conservators, directors, officers, employees, representatives, subsidiaries, parent companies, affiliates, agents, partners, joint venturers, insurers, attorneys, and sureties, if any, and each entity to whom VENTURA directly or indirectly distributed or sold Noticed Products, including, but not limited to downstream distributors, wholesalers, customers, retailers, franchisees, cooperative members, and licensees (collectively, "Releasees"), from any and all claims, for violations of Proposition 65 through the Effective Date based on unwarned exposures to Titanium Dioxide (airborne, unbound particles of respirable size) (hereafter, "TiO₂") from the Noticed Products, as set forth in the NOV. Compliance with the terms of this Agreement constitutes compliance with Proposition 65 with respect to exposures to TiO₂ from the Noticed Products, as set forth in the NOV. PIA's release shall be effective as a full and final accord and satisfaction, as a bar to all actions, causes of action, obligations, costs, expenses, attorneys' fees, damages, losses, claims, liabilities, and demands of PIA of any nature, character, or kind, whether known or unknown, suspected or unsuspected, limited to and arising out of alleged or actual exposures to TiO₂ in the Noticed Products manufactured, imported, distributed, or sold by VENTURA prior to the Effective Date. VENTURA further understands and agrees that this Paragraph 4.a release shall not extend upstream to any entities. Nothing in this Paragraph 4.a shall affect PIA's rights to commence or prosecute an action under Proposition 65 against a Releasee that does not involve a Noticed Product. The foregoing releases are expressly conditioned on the following:

- i. Confirmation of receipt of funds in the amount of the Settlement Payment in a Judd Law Group LLP bank account; and
- ii. Performance of the covenants described in Paragraph 2.a through 2.d, above.
- iii. Certification by a duly authorized officer of VENTURA, in the form

attached hereto as Exhibit B, to the following facts: (a) During the time between September 2, 2012, and the Effective Date, VENTURA sold approximately 338 units of the Noticed Products, for which it received total revenues of \$_3,536____; and (b) As of the Effective Date, VENTURA no longer distributes, sells, or offers to sell to California consumers the Noticed Products.

b. *VENTURA's Release of PIA.* VENTURA, on behalf of itself, its past and current shareholders, members, heirs, successors, predecessors, assigns, conservators, directors, officers, employees, representatives, subsidiaries, parent companies, affiliates, agents, partners, joint venturers, insurers, attorneys, and sureties, if any, hereby waives, releases and forever discharges any and all claims against PIA and its attorneys and other representatives, for any and all actions taken or statements made (or those that could have been taken or made) by PIA and its attorneys and other representatives, whether in the course of investigating claims or otherwise seeking to enforce Proposition 65 against it in this matter with respect to the Noticed Products.

5. Waiver. This is a full and final Release applying to all unknown and unanticipated injuries or damages relating to or arising out of the claims alleged in the NOV, as well as those now known, whether or not disclosed, pertaining to or arising from the Noticed Products, and PIA and VENTURA do hereby relinquish and waive all rights or benefits conferred upon them by the provisions of Section 1542 of the California Civil Code, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM, MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

6. No Admission of Liability. PIA understands the liability alleged in the NOV is disputed by VENTURA herein released; that this Agreement is a compromise and shall not be construed as an admission of liability, and VENTURA expressly denies the material factual and legal allegations contained in the NOV or related thereto, and maintains that all products it has manufactured, imported, distributed, and/or sold in California, including the Noticed Products, have been and are in compliance with all laws.

7. Warranties.

a. *PIA.* PIA warrants and represents that PIA is competent to give this complete Release, and has fully authorized the signatory below to give this complete release and discharge on PIA's behalf.

b. *VENTURA.*
