

## SETTLEMENT AGREEMENT

### 1. INTRODUCTION

#### 1.1 Parties

This Settlement Agreement is entered into by and between Dyno LLC (“Dyno”) and Whitney R. Leeman, Ph.D. (“Leeman”), with Leeman and Dyno collectively referred to as the “Parties.” Leeman is an individual residing in the State of California who seeks to promote awareness of exposures to toxic chemicals and improve human health by reducing or eliminating hazardous substances contained in consumer products. Dyno employs ten or more persons and is a person in the course of doing business for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code § 25249.6 *et seq.* (“Proposition 65”).

#### 1.2 General Allegations

Leeman alleges that Dyno has manufactured, distributed and/or sold in the State of California sewing kits with vinyl/PVC handles containing concentrations of di(2-ethylhexyl)phthalate (“DEHP”) above the allowable state limits without the requisite Proposition 65 warning. DEHP is listed pursuant to Proposition 65 as a chemical known to the State of California to cause birth defects or other reproductive harm.

#### 1.3 Product Description

The “Products” that are covered by this Settlement Agreement are defined sewing kits with vinyl/PVC handles containing DEHP including, but not limited to, *Singer Sewing Kit, #07357, UPC #0 75691 07357 2*, manufactured, imported and/or distributed for sale in the State of California by Dyno.

#### 1.4 Notice of Violation

On or about January 23, 2015, Leeman served Dyno and various public enforcement agencies with a “60-Day Notice of Violation” (the “Notice”) that provided the recipients with notice of alleged violations of Proposition 65 based on Dyno’s failure to warn consumers that the Products exposed users in the State of California to DEHP. To the best of the Parties’ knowledge, no public enforcer has prosecuted the allegations set forth in the Notice.

### **1.5 No Admission**

Dyno denies all factual and legal allegations contained in Leeman's Notice, and maintains that all of the products that it has sold and/or offered for sale in the State of California, including the Products, have been and are in compliance with all federal, state, or local laws. Nothing in this Settlement Agreement shall be construed as an admission by Dyno of any fact, finding, conclusion of law, issue of law or violation of law, nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Dyno of any fact, finding, conclusion of law, issue of law or violation of law. However, this Section shall not diminish or otherwise affect Dyno's obligations, responsibilities and duties under this Settlement Agreement.

### **1.6 Effective Date**

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date this Settlement Agreement is signed by all Parties.

## **2. INJUNCTIVE RELIEF: WARNINGS AND REFORMULATION STANDARD**

### **2.1 Reformulation Standard**

Reformulated Products are defined as Products containing concentrations of less than 0.1 percent (1000 parts per million) of DEHP in each accessible component when analyzed by a laboratory accredited by the State of California, a federal agency, NVLAP (National Volunteer Laboratory Accreditation Program), American Association for Lab Accreditation (A2LA), ANSI-ASQ National Accreditation Board (ANAB) – ACLASS brand (an ANAB company), International Accreditation Service, Inc. (IAS), Laboratory Accreditation Bureau (L-A-B), Perry Johnson Laboratory Accreditation, Inc. (PJLA), International Laboratory Accreditation Cooperation (ILAC), or similar nationally recognized accrediting organization pursuant to U.S. Environmental Protection Agency testing methodologies 3580A and 8270C, or equivalent methodologies utilized by federal or state agencies for the purpose of determining phthalate content in a solid substance. By entering into this Settlement Agreement, the Parties do not intend to expand or restrict any obligations or responsibilities that may be imposed upon Dyno

by laws other than Proposition 65, nor do the Parties intend this Settlement Agreement to affect any defenses available to Dyno under laws other than Proposition 65.

## 2.2 Vendor Notification Requirement

To the extent it has not already done so, on the Effective Date, Dyno shall provide the reformulation standard specified in Section 2.1 to each of its then-current Vendors of Products and vinyl/PVC components of the Products that will be sold or offered for sale to California citizens and shall instruct each Vendor to use reasonable efforts to provide Products and vinyl/PVC components of the Products that comply with the reformulation standard for Reformulated Products in Section 2.1 above. For purposes of this Settlement Agreement, the term "Vendor(s)" means a person or entity that manufactures, imports, distributes, sells, or otherwise supplies the Products or component parts of the Products to Dyno, its parents, assignees, subsidiaries and/or affiliated entities under common ownership.

## 2.3 Warnings Required: Product Labeling

Commencing six months from the Effective Date, for all Products other than Reformulated Products, Dyno shall provide clear and reasonable warnings that state:

WARNING: This product contains DEHP, a phthalate chemical known to the State of California to cause birth defects or other reproductive harm.

or

WARNING: This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.

Dyno may affix this warning to the packaging, labeling or directly on any Products that are not Reformulated Products which are sold or offered for sale within the State of California. Each warning shall be prominently placed with such conspicuousness as compared with other words, statements, designs or devices as to render it likely to be read and understood by an ordinary individual under customary conditions before purchase or use. Each warning shall be provided

in a manner such that the consumer or user understands to which *specific* Product(s) the warning applies, so as to minimize the risk of consumer confusion.

**3. PENALTIES PURSUANT TO HEALTH & SAFETY CODE § 25249.7(b)**

In settlement of all the claims referred to in this Settlement Agreement, Dyno shall pay a total of \$11,500 in accordance with this Section. Dyno shall be liable for payment of interest, at a rate of 10% simple interest, for all amounts due and owing under this Section that are not received within two business days of the due date. Each penalty payment will be allocated by Leeman in accordance with California Health & Safety Code § 25249.12(c)(1) & (d), with 75% of the funds being remitted to the California Office of Environmental Health Hazard Assessment (“OEHHA”) and the remaining 25% of the penalty being retained by Leeman, as follows:

**3.1 Initial Civil Penalty**

Dyno shall pay an initial civil penalty in the amount of \$1,500 within five (5) days of the Effective Date in one check made payable as follows: “Whitney Leeman, Client Trust Account”.

**3.2 Final Civil Penalty**

Dyno shall pay a final civil penalty of \$10,000 on or before November 30, 2015. The final civil penalty shall be waived in its entirety if an officer of Dyno provides Leeman with written certification that Dyno has met and continues to meet the Reformulation Standard specified in Section 2.1 above such that all Products manufactured, produced, assembled, imported, distributed, shipped, sold or offered for sale in State of California as of the date of the certification, and continuing into the future, are Reformulated Products. Leeman must receive any such certification on or before November 16, 2015; time is of the essence.

Unless waived in its entirety, Dyno shall a check for any remaining portion of the final civil penalty made payable to “Whitney Leeman, Client Trust Account.” In accordance with California Health & Safety Code § 25249.12(c)(1) & (d), Leeman will remit 75% of the funds remitted to OEHHA and retain 25% of the funds.

### 3.3 **Representations**

Dyno represents that the sales data and other information concerning its Product sales information, knowledge of DEHP, prior reformulation and/or warning efforts, that it provided to Leeman in negotiating this Settlement Agreement was truthful to its knowledge at the time of execution of this Settlement Agreement and a material factor upon which Leeman relied to determine the amount of civil penalties assessed pursuant to Health & Safety Code § 25249.7. If, within twelve months of the Effective Date, Leeman discovers and presents to Dyno, evidence demonstrating that the preceding representation and warranty was materially inaccurate, then Dyno shall have 30 days to meet and confer regarding Leeman's contention. Should this 30 day period pass without any such resolution between Leeman and Dyno, Leeman shall be entitled to file a formal legal claim including, but not limited to, a claim for damages for breach of contract.

### 3.4 **Reimbursement of Fees and Costs**

The parties acknowledge that Leeman and her counsel offered to resolve this dispute without reaching terms on the amount of fees and costs to be reimbursed to them, thereby leaving this fee issue to be resolved after the material terms of the agreement had been settled. Leeman then expressed a desire to resolve the fee and cost issue shortly after the other settlement terms had been finalized. The parties then attempted to (and did) reach an accord on the compensation due to Leeman and her counsel under general contract principles and the private attorney general doctrine codified at California Code of Civil Procedure § 1021.5, for all work performed through the mutual execution of this agreement. Dyno shall pay \$21,500 in two equal installments for fees and costs incurred as a result of investigating, bringing this matter to Dyno's attention, and negotiating a settlement in the public interest. Dyno shall tender a check for its first installment payable to "The Chanler Group," within five (5) days of the Effective Date, and a check for its second installment payable to "The Chanler Group," on or before December 31, 2015. Dyno shall be liable for payment of interest, at a rate of 10% simple interest, for all amounts due and owing under this Section that are not received within two business days of the due date.

## 4. **RELEASE OF ALL CLAIMS**

### 4.1 **Leeman's Release of Dyno**

This Settlement Agreement is a full, final, and binding resolution between Leeman and Dyno of any violation of Proposition 65 that was or could have been asserted by Leeman on behalf of herself as an individual and not on behalf of the public, her past and current agents, representatives, attorneys, successors and/or assignees, against Dyno, its parents, subsidiaries, affiliated entities under common ownership, directors, officers, employees, attorneys and each entity to whom Dyno directly or indirectly distributes or sells the Products including, but not limited to, downstream distributors, wholesalers, customers, franchisees, cooperative members, licensees and retailers, including Singer Sewing Company ("Releasees"), based on the alleged failure to warn about potential exposures to DEHP contained in the Products sold and/or offered for sale by Dyno in the State of California before the Effective Date as set forth in the Notice.

#### 5. GOVERNING LAW

The terms of this Settlement Agreement shall be governed by the laws of the State of California and apply within the State of California. In the event that Proposition 65 is repealed or is otherwise rendered inapplicable by reason of law generally, or as to the Products and/or DEHP, then Dyno shall provide written notice to Leeman of any asserted change in the law, and shall have no further injunctive obligations pursuant to this Settlement Agreement with respect to, and to the extent that, the Products are so affected.
