**[PROPOSED] CONSENT JUDGMENT**

**Case No. RG17878968**

DOC. # DC-11792229 V.1

1 This Consent Judgment is entered into by and between Plaintiff Kingpun Cheng, a  
2 California citizen (“Plaintiff”), and Defendants Zoom Bait Company, Inc., Big Bite Baits, Inc.,  
3 Crème Lure Company, Strike King Lure Company, Pure Fishing, Inc., Jarden Corporation<sup>1</sup>,  
4 Bass Assassin Lures, Inc. (collectively, the “Initial Settling Defendants”) to resolve all claims  
5 raised in the above-captioned action. This Consent Judgment shall be effective on the date that  
6 is approved by the Court. If this Court fails to approve this Consent Judgment or to enter it as  
7 full and final judgment in this action, this Consent Judgment shall be null and void and not  
8 binding on any Party.

9 Plaintiff and Initial Settling Defendants (collectively, the “Parties”) agree to the terms  
10 and conditions set forth below.

11 **I. INTRODUCTION**

12 1.1. Plaintiff is an individual residing in California, who seeks to promote awareness  
13 of exposures to toxic chemicals and improve human health by reducing or eliminating  
14 hazardous substances contained in consumer and industrial products.

15 1.2. Between August 13, 2015 and July 17, 2017, Plaintiff sent Proposition 65  
16 (Health & Safety Code sections 25249.5, et seq.) 60-Day Notices of Violation (“Notices”) to  
17 various companies, including all of those companies identified as the Initial Settling  
18 Defendants. The Notices were also sent by Plaintiff to all relevant public enforcers, as required  
19 by Health & Safety Code section 25249.7(d).

20 1.3. Neither the Attorney General nor any other designated public prosecutor has  
21 commenced any action in response to the Notices. For purposes of this Consent Judgment,  
22 Plaintiff acts on behalf of the general public as to those matters described in the Amended  
23 Complaint and Notices.

24 1.4. In the Notices, Plaintiff states that the Fishing Lures manufactured, distributed,  
25 and/or sold by the Initial Settling Defendants, which are offered for sale to California  
26 consumers, and/or which are used in Fishing Lures offered for sale to consumers in California,  
27

28 <sup>1</sup> Pure Fishing, Inc. was a subsidiary of the Jarden Corporation. Jarden Corporation was purchased in 2016 by  
Newell Brands, Inc. and subsequently converted to a limited liability company on January 1, 2018..

1 cause exposures to Diisononyl Phthalate (“DINP”), Di-isodecyl phthalate (“DIDP”), Bis (2-  
2 ethylhexyl) Phthalate (“DEHP”) and Butyl Benzyl Phthalate (“BBP”) and that such Fishing  
3 Lures require warnings under Health & Safety Code section 25249.6.

4 1.5. A list of the Fishing Lures manufactured, distributed and/or sold by Initial  
5 Settling Defendants which contain DINP, DIDP, DEHP and/or BBP that are covered by this  
6 Consent Judgment is provided in *Exhibit A* (the “Fishing Lures”).

7 1.6. On October 17, 2017, Plaintiff, on behalf of the general public, filed a Complaint  
8 against each of the Initial Settling Defendants under Proposition 65 in California for the County  
9 of Alameda, Case No. RG17878968. Then, on March 29, 2018, Plaintiff filed a First Amended  
10 Complaint (the “Amended Complaint”). The Amended Complaint alleges that the Initial  
11 Settling Defendants have violated Proposition 65 by exposing individuals in California to  
12 DINP, and DIDP, Proposition 65-listed carcinogens, and BBP and DEHP, Proposition 65-listed  
13 reproductive toxins, without first providing a clear and reasonable warning to such individuals  
14 (the “Action”). The Amended Complaint is attached as *Exhibit B*.

15 1.7. Each Initial Settling Defendant employs ten or more employees and  
16 manufactures, imports, distributes, sells, and/or directly or indirectly offers for sale in California  
17 Fishing Lures or has done so in the past. Each Initial Settling Defendant represents that, as of  
18 the date it executes this Consent Judgment, no public officer is diligently prosecuting a  
19 Proposition 65 action against it related to DINP, DIDP, DEHP or BBP in its Fishing Lures.

20 1.8. For the purposes of this Consent Judgment, the Parties stipulate that this Court  
21 has subject matter jurisdiction over the allegations contained in the Amended Complaint.  
22 Although some of the Initial Settling Defendants deny that this Court has personal jurisdiction  
23 over them, the Initial Settling Defendants do not contest the exercise of personal jurisdiction by  
24 this Court or venue in Alameda County solely and exclusively for purposes of this Consent  
25 Judgment, or the exercise of jurisdiction by this Court to enter this Consent Judgment as a full  
26 and final resolution of all claims that were or could have been raised in the Amended Complaint  
27 based on the facts alleged herein.

28

1           1.9. Plaintiff and Initial Settling Defendants enter into this Consent Judgment for the  
2 purpose of avoiding prolonged and costly litigation concerning the claims and defenses in the  
3 Action, or which could have been raised in the Action, based on the facts alleged therein. By  
4 execution of this Consent Judgment, the Initial Settling Defendants do not admit any violation  
5 of Proposition 65 or any other law. Nothing in this Consent Judgment shall be construed as an  
6 admission by the Parties of any fact, finding, conclusion, issue of law, or violation of law.  
7 However, this paragraph shall not diminish or affect the responsibilities and duties of the Parties  
8 under this Consent Judgment.

1 3. INJUNCTION GOVERNING COVERED PRODUCT FORMULATIONS AND  
2 WARNINGS

3 3.1. **Applicability.** Fishing Lures subject to this Consent Judgment are subject to the  
4 requirements for Proposition 65 warnings set forth in Sections 3.3, 3.4, and 3.5, as applicable,  
5 depending on their DINP, DIDP, DEHP or BBP content and/or exposure assessment as further  
6 specified in Section 3.2.

7 3.2. **Product Reformulation.** Any Settling Defendant whose Fishing Lures contain  
8 DINP, DIDP, DEHP or BBP, may demonstrate that its Fishing Lures do not exceed the safe  
9 harbor exposure levels set forth in California Health & Safety Code section 25249.10(c), and  
10 shall be deemed not to require a Proposition 65 warning by one of the following test methods.

11 3.2.1. **Product Compliance Based on Concentration Levels.** If the Fishing  
12 Lure plastic substrate does not exceed 50% DINP, DIDP, DEHP or BBP by weight, a warning  
13 shall not be required. Compliance may be demonstrated by either of the following methods: a)  
14 manufacturing batch records for the plastic substrate; b) a so-called total content test using  
15 reference method CPSC-CH-C1001-09.3/CPSIA/GC/MS performed by a commercial laboratory  
16 certified for this reference method by the United States Consumer Product Safety Commission; or c)  
17 where the Settling Defendant does not manufacture the plastic substrate, a certification by the plastic  
18 substrate manufacturer supported by either batch records or a total content test using reference  
19 method CPSC-CH-C1001-09.3/CPSIA/GC/MS.

20 3.2.2. **Product Compliance Based on NIOSH 9100 Wipe Testing.**  
21 As an alternative to 3.2.1, any Fishing Lure tested pursuant to modified NIOSH method no. 9100, as  
22 described below, that produces a value equal to or less than the threshold limits listed below shall be  
23 deemed to comply with Proposition 65 and shall not require a Proposition 65 warning. The units in  
24 the threshold limits below refer to micrograms of each phthalate reported in wipe samples per  
25 square centimeter of product contacted by the wipe media, e.g.,  $\mu\text{g}/\text{cm}^2$  product wiped. The wipe  
26 media to be used are 15 cm x 15 cm GhostWipe® prewetted with deionized water meeting ASTM  
27 Designation E1792. Nine strokes of the wipe media are to be applied to the tested product. Each  
28 stroke is to contact the same area of the product. The surface area in square centimeters contacted

1 by a stroke of the wipe media is to be estimated in order to allow estimation of phthalate per square  
2 centimeter of product contacted.

- 3 3.2.2.1. DINP 90 µg/cm<sup>2</sup>
- 4 3.2.2.2. DIDP 1,000 µg/cm<sup>2</sup>
- 5 3.2.2.3. DEHP 160 µg/cm<sup>2</sup>
- 6 3.2.2.4. BBP 270 µg/cm<sup>2</sup>

7 3.3. Product Warning Language.

8 3.3.1. Except as provided in Section 3.3.2, on or after the Compliance Date, the  
9 following product warning statement shall be used on any Fishing Lures authorized or offered  
10 for sale in the State of California which exceeds an applicable product warning trigger as set  
11 forth in Section 3.2:

12 **⚠WARNING:** This product can expose you to chemicals including  
13 [name of one or more chemicals], which is [are] known to the State of  
14 California to cause [type(s) of harm]. For more information go to

17 **⚠WARNING:** Reproductive harm - [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov)

18 **OR**

19 **⚠WARNING:** Cancer [and Reproductive harm] -  
20 [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov)

21 3.3.2. For Settling Defendants and Opt-In Defendants who are signatories to the  
22 *DiPirro v Western Hoegee* Consent Judgment, and who are providing warnings under that  
23 consent judgment for lead in the Fishing Lures covered under this agreement, the following  
24 warnings may be used to satisfy the obligation to warn for lead, DIDP, DINP, DEHP and/or  
25 DBP:

26 **WARNING:** This product may expose you to chemicals known to the State of  
27 California to cause cancer and birth defects or other reproductive harm.

28 **OR**

1                   **WARNING:** This product may expose you to lead, a chemical known to the  
2 State of California to cause cancer and birth defects or other reproductive harm.

3                   **3.4. Method of Transmission for Product Warnings.**

4                   **3.4.1. Labeling Requirement.** Where required pursuant to Sections 3.1 and  
5 3.2, the product warning statement set forth in Section 3.3 shall be placed on a consumer  
6 Fishing Lure's labeling with such conspicuousness as compared with other words, statements,  
7 or designs on the labeling or packaging as to render it likely to be read and understood by an  
8 ordinary individual under customary conditions of use or purchase. The product warning  
9 statement shall be displayed in at least the same size as the largest of any other health or safety  
10 warnings or chemical disclosures on the Fishing Lure's label. The product warning statement  
11 shall be contained in the same section of the label that states other safety warnings or  
12 chemical/allergen disclosures about the Fishing Lures.

13                   **3.4.2. Warning for a Settling Defendant's Internet Sales.** In addition to  
14 complying with the labeling requirement in subsection 3.4.1, Settling Defendants who maintain  
15 their own websites that sell Fishing Lures to a California consumer, must also provide product  
16 warnings, where required for a Fishing Lure under Sections 3.1 and 3.2, by including either the  
17 product warning statement set forth in Section 3.3 or a clearly marked hyperlink using the word  
18 "WARNING" to such a product warning statement, either: (a) on the product display page for  
19 the Fishing Lures, (b) on the same page as serves as the order form of the Fishing Lures, (c) on  
20 the same page as where the price for the Fishing Lure is otherwise displayed, or (d) in a  
21 dialogue box that appears and is visible when a California address for delivery is provided by  
22 the consumer (but only if the dialogue box appears prior to the completion of the internet sale).  
23 Compliance with Title 27 California Code of Regulations section 25602(b) shall be deemed  
24 compliance with the internet warning requirement of this Consent Judgment.

25                   **3.5. Non-Consumer Fishing Lures.** The product warning requirements set forth in  
26 this Section 3 do not directly apply to commercial, non-consumer Fishing Lures that are  
27 intended to be used in commercial fishing operations, as long as such Fishing Lures are not  
28 made available for sale directly to California consumers. However, Settling Defendants that

1 manufacture, distribute, or sell commercial, non-consumer Fishing Lures that do exceed the  
2 limits set forth in Section 3.2 shall advise their customers in writing at least annually that  
3 consumer Fishing Lures made with their commercial Fishing Lures may not be offered for sale  
4 in the State of California without the applicable warning as set forth in Sections 3.3 and 3.4,  
5 unless the resulting consumer Fishing Lures do not exceed the limits as set forth in Sections  
6 3.2.1, 3.2.2, and 3.2.3.

7 3.6. Any changes to the language or format of the Product Warnings required under  
8 this Section 3 shall be made only after Court approval and following written notice to Plaintiff  
9 and to the Attorney General.

10 4. **CIVIL PENALTIES**

11 Initial Settling Defendants shall collectively pay the sum of \$10,000. The payment or  
12 payments are to be made payable to "Sy and Smith, PC in Trust for Kingpun Cheng." Penalty  
13 monies shall be apportioned by Plaintiff in accordance with Health & Safety Code section  
14 25192, with 75% of these funds remitted to the State of California's Department of Toxic  
15 Substances Control.

16 5. **REIMBURSEMENT OF FEES AND COSTS**

17 The parties acknowledge that Plaintiff offered to resolve this dispute without reaching  
18 terms on the amount of fees and costs to be reimbursed, thereby leaving this open issue to be  
19 resolved after the material terms of the agreement had been reached, and the matter settled. The  
20 Settling Defendants then expressed a desire to resolve the fee and cost issue concurrently with  
21 other settlement terms, so the parties tried to reach an accord on the compensation due to  
22 Plaintiff and his counsel under the private attorney general doctrine codified in Code of Civil  
23 Procedure section 1021.5.

24 The Initial Settling Defendants shall collectively pay the sum of \$90,000 to Plaintiff as  
25 reimbursement for Plaintiff's attorneys' fees and cost incurred to investigate and prosecute this  
26 matter, and to negotiate this Consent Judgment. Such payment shall be made by certified  
27 check, made payable to "Sy and Smith, PC," and received by fifteen business days following  
28 the Effective Date. This amount includes all fees and costs that have been incurred in relation

1 to the enforcement action against the Initial Settling Defendants. As described below,  
2 Plaintiff's attorneys' fees and costs related to the Opt-in Defendants and implementation of the  
3 Consent Judgment shall be paid by the Opt-in Defendants. Except as specifically provided in  
4 this Section, each party shall bear its own costs and attorneys' fees.

5 6. ADDITIONAL PARTIES

6 This Consent Judgment is executed with the understanding that additional parties not  
7 Settling Defendants, and presently unknown to Plaintiff, have manufactured, distributed or sold  
8 Fishing Lures for use in the State of California since January 1, 2015, and that those parties may  
9 be subject either to a separate suit, or may be added to this Action as defendants sued under  
10 fictitious names of Does 1 through 250.

11 6.1. Any person or entity that employs ten or more persons, or who reasonably  
12 believes that at some time since January 1, 2015 it has employed ten or more persons, and who  
13 manufactured, imported or distributed for use ("distribution") in California since January 1,  
14 2015 Fishing Lures may resolve any liabilities that may have arisen under Proposition 65 as a  
15 result of such distribution by "opting in" as a defendant in this case, and agreeing to settle  
16 claims against it under Proposition 65 by entering into this Consent Judgment. Any person who  
17 opts in shall be referred to as an "Opt-in Defendant." An Opt-in Defendant who enters into this  
18 Consent Judgment will be obligated to carry out the Proposition 65 compliance requirements set  
19 forth in Section 3 above. To opt-in, the Opt-in Defendant shall submit its list of covered Fishing  
20 Lures for review and approval by Plaintiff prior to executing the Consent Judgment. Such Opt-  
21 In Defendant further shall pay the amount determined by the schedule set forth in Section 7  
22 below. In consideration for these acts, said Opt-in Defendant shall be released from all claims  
23 against it pursuant to Section 12 below. The procedure for opting in is set forth in Sections  
24 6.1.1 and 6.1.2 below.

25 6.1.1. Any person not named as a defendant in the Amended Complaint at the time this  
26 Consent Judgment is entered may, not later than 120 days after this Consent Judgment is  
27 approved by the Court, execute the Opt-in Stipulation as *Exhibit C* to this Consent Judgment,  
28 thus stipulating that it:

1                   6.1.1.1. sold Fishing Lures for use in the State of California since January 1,  
2 2015; and

3                   6.1.1.2. agrees to accept service of a Notice of Intent to Sue under Health &  
4 Safety Code section 25249.7(d), as implemented pursuant to Code of Regulations title 22,  
5 section 12903 (“Notice”), and waive any rights to assert any defense based on inadequate  
6 notice, lack of compliance with the requirements of Code of Regulations title 25, section 12903,  
7 or any other defense alleged under Health & Safety Code section 25249.6, et seq., or the  
8 regulations promulgated thereunder, and any right to extension of any service period pursuant to  
9 Code of Civil Procedure section 1013; and

10                   6.1.1.3. agrees to accept service of the Summons and Amended Complaint as a  
11 Doe defendant to be designated by Plaintiff, acting on behalf of the general public and agrees to  
12 be bound by all terms and conditions of this Consent Judgment.

13                   6.1.2. Thereafter, such Opt-in Defendant shall mail the original signed Opt-in  
14 Stipulation (Exhibit C), to Counsel for the American Sportfishing Association (“ASA”), which  
15 includes the information necessary to provide notice as required under Code of Regulations title  
16 25, section 25903(b)(A), and a check for \$850. This amount represents that Opt-in Defendant’s  
17 pro-rata share of the following costs: the cost incurred by Plaintiff to prepare and mail the  
18 Notice, the cost of filing a Doe designation, the cost of filing the stipulation, and the Opt-  
19 Defendant’s Alameda County Superior Court filing/appearance fees. Counsel for ASA shall  
20 forward a copy of the Opt-In Stipulation and the check for \$850 to Plaintiff’s counsel. Plaintiff  
21 shall then, as soon as practicable, mail a Notice as required under Code of Regulations title 25,  
22 section 25903, except that any rights to extension of the service period under Code of Civil  
23 Procedure section 1013 shall be waived. Within ten business days of receiving the Notice from  
24 Plaintiff, the Opt-in Defendant shall provide Counsel for ASA with a check for its share of the  
25 settlement payment determined under Section 7 below. As explained in section 6.2, ASA shall  
26 through counsel administer the opt-in settlement process on behalf of Opt-In defendants.

27                   6.1.3. Notwithstanding the provisions of Section 6.1.1 above, any person named as a  
28 defendant in any other civil action arising under Proposition 65 from alleged exposure to DINP,

1 DIDP, DEHP and/or BBP in Fishing Lures prior to the execution of this Consent Judgment (for  
2 Initial Settling Defendants) or filing a 60-day notice of intent to Sue by Plaintiff against an Opt-  
3 In Defendant, shall not be eligible to Opt-In to this Consent Judgment.

4 6.2. **Distribution of Opt-in Defendant Settlement Payments.** The settlement  
5 payments collected from Opt-in Defendants will be distributed by the ASA to the Plaintiff as  
6 follows: 20% shall be allocated to civil penalties pursuant to Health & Safety Code section  
7 25249.7(b); 45% shall be paid to Plaintiff's counsel as reimbursement of attorneys' fees and  
8 costs incurred to investigate and prosecute this matter, to negotiate this Consent Judgment, and  
9 manage the Opt-in provision; and 35% to the ASA Trust Fund to administer the Opt-in  
10 provision, to advise its members and others of the availability of the Opt-in program, provide  
11 Proposition 65 compliance training, to support uniform State and Federal regulations  
12 concerning DINP/DIDP/DEHP/BBP, and other Proposition 65 listed chemicals in Fishing  
13 tackle. ASA and their appointed counsel for this matter, Carol Brophy, Steptoe & Johnson  
14 LLP, shall collect the funds and distribute the proceeds within 10 business days of the Court's  
15 approval of the entry of the Opt-In Consent Judgment.

16 7. **SCHEDULE OF PAYMENTS FOR OPT-IN DEFENDANTS**

17 The settlement payments for Opt-In Defendants shall be determined by the schedules set  
18 forth in paragraphs 7.1 through 7.6 below. These amounts are in addition to the \$850 payment  
19 that is required to accompany the completed Opt-In stipulation under paragraph 6.1.2.

20 7.1. Any Opt-In Defendant whose gross sales of such Fishing Lures in the State of  
21 California did not exceed \$25,000 in calendar year 2017 must pay to ASA the sum of \$2,150.

22 7.2. Any Opt-In Defendant whose gross sales of such Fishing Lures in the State of  
23 California did not exceed \$50,000 in calendar year 2017, must pay to ASA the sum of \$5,150.

24 7.3. Any Opt-in Defendant whose gross sales of such Fishing Lures in the State of  
25 California did not exceed \$100,000 in calendar year 2017, must pay to ASA the sum of  
26 \$11,150.

27 //

28 //

1           7.4. Any Opt-in Defendant whose gross sales of such Fishing Lures in the State of  
2 California did not exceed \$250,000,00 in calendar year 2017, must pay to ASA the sum of  
3 \$29,150.

4           7.5. Any Opt-In Defendant whose gross sales of such Fishing Lures in the State of  
5 California meets or exceeds \$250,000 but is less \$500,000 in calendar year 2017, must pay to  
6 ASA the sum of \$44,150.

7           7.6. Any Opt-In Defendant whose gross sales of such Fishing Lures in the State of  
8 California meets or exceeds \$500,000 in calendar year 2017, must pay to ASA the sum of  
9 \$59,150.

10          7.7. Any Opt-In Defendant who does *not manufacture or import* Fishing Lures sold  
11 in California under its own brand or a brand it licenses from a third party ("Opt-in  
12 Distributors/Retailers), shall pay to ASA one/half of the amount in the applicable sales  
13 category, plus the \$850 initial payment required under paragraph 6.1.2.

14          7.8. Gross sales of such Fishing Lures in the State of California are calculated by  
15 using California's proportion of United States fishing licenses applied to total United States  
16 sales of such fishing licenses. The Parties agree that this percentage is 6%.

17 **8. COMPLIANCE WITH HEALTH & SAFETY CODE § 25249.7(f)**

18          Plaintiff agrees to comply with the reporting requirements referenced in Health & Safety  
19 Code section 25249.7(f). Pursuant to the regulations promulgated under that section, Plaintiff  
20 shall present this Consent Judgment to the Attorney General's Office within two (2) days after  
21 receipt of all necessary Initial Settling Defendant signatures. The Parties acknowledge that,

with respect to Fishing Lures.

25 22. The California Superior Court has jurisdiction over this action pursuant to  
26 California Constitution Article VI, § 10, which grants the Superior Court “original jurisdiction in

2 F. JARDEN CORPORATION August 13, 2015  
3 G. BASS ASSASSIN LURES, INC. July 15, 2016

4 28. A Supplemental sixty-day notice of violation, together with the requisite certificates  
5 of merit, was provided to Defendants, other potential violators and various public enforcement  
6 agencies, including the California Attorney General's Office, stating that as a result of the  
7 Defendant's sale of Fishing Lures, purchasers and users in the State of California were being  
8 exposed to DINP, DIDP, DEHP, and/or BBP resulting from the reasonably foreseeable users of  
9 Fishing Lures, without the individual purchasers and users first having been provided with a  
10 "clear and reasonable warning" regarding such toxic exposures. The Defendants were provided  
11 with the requisite notice and supporting documents on the following dates:

- 12 A. ZOOM BAIT COMPANY, INC. July 10, 2017  
13 B. STRIKE KING LURE COMPANY July 10, 2017  
14 C. PURE FISHING, INC. July 10, 2017  
15 D. JARDEN CORPORATION July 10, 2017

16 29. Defendants manufacture, distribute and/or offer Fishing Lures for sale or use in  
17 violation of *California Health & Safety Code § 25249.6* and Defendants' manufacture,  
18 distribution and/or offering of Fishing Lures for sale or use in violation of *California Health &*  
19 *Safety Code § 25249.6* has continued to occur beyond Defendants' receipt of Plaintiff's sixty-day  
20 Notice of Violation and Supplemental Notice of Violation. Plaintiff further alleges and believes  
21 that such violations will continue to occur into the future.

22 30. After receipt of the claims asserted in the sixty-day notices of violation, the  
23 appropriate public enforcement agencies have failed to commence and diligently prosecute a  
24 cause of action against Defendant under Proposition 65.

25 31. The Fishing Lures manufactured, distributed, and/or offered for sale or use in  
26 California by Defendants contained DINP, DIDP, DEHP, and/or BBP above the allowable state  
27 limits.

28 32. Defendants knew or should have known that the Fishing Lures manufactured,

1 distributed, and/or for sale or use by Defendants in California contained DINP, DIDP, DEHP,  
2 and/or BBP.

3 33. DINP, DIDP, DEHP, and/or BBP was present in or on the Fishing Lures in such a  
4 way as to expose individuals to DINP, DIDP, DEHP, and/or BBP through dermal contact and/or  
5 ingestion during the reasonably foreseeable use of the Fishing Lures.

6 34. The normal and reasonably foreseeable use of the Fishing Lures have caused and  
7 continue to cause consumer exposure to DINP, DIDP, DEHP, and/or BBP as such exposure is  
8 defined by 27 CCR§ 25602(b).

9 35. Defendants had knowledge that the normal and reasonably foreseeable use of the  
10 Fishing Lures would expose individuals to DINP, DIDP, DEHP, and/or BBP through dermal  
11 contact and/or ingestion.

12 36. Defendants intended that such exposures to DINP, DIDP, DEHP, and/or BBP from  
13 the reasonably foreseeable use of the Fishing Lures would occur by its deliberate, non-accidental  
14 participation in the manufacture, distribution and/or offer for sale or use of the Fishing Lures to  
15 purchasers, consumers, or users in the State of California.

16 37. Defendants failed to provide a “clear and reasonable warning” to those consumers  
17 and/or other individuals in the State of California who were or who could become exposed to  
18 DINP, DIDP, DEHP, and/or BBP through dermal contact and/or ingestion during the reasonably  
19 foreseeable use of the Fishing Lures.

20 38. Contrary to the express policy and statutory prohibition of Proposition 65, enacted  
21 directly by California voters, individuals exposed to DINP, DIDP, DEHP, and/or BBP through  
22 dermal contact and/or ingestion resulting from the reasonably foreseeable use of the Fishing  
23 Lures, sold by Defendants without a “clear and reasonable warning,” have suffered, and continue  
24 to suffer, irreparable harm, for which harm they have no plain, speedy or adequate remedy at law.

25 39. As a consequence of the above-described acts, each Defendant is liable for a  
26 maximum civil penal of \$2,500.00 per day for each violation pursuant to *California Health &  
27 Safety Code § 25249.7(b)*.

28 40. As a consequence of the above-described acts, *California Health & Safety Code §  
25249.7(a)* also specifically authorizes the Court to grant injunctive relief against Defendants.
