1. INTRODUCTION

1.1 The Parties

This Private Settlement Agreement (hereinafter "Private Settlement") is hereby entered into by and between Kingpun Cheng, as an individual, (hereinafter "Cheng") and Milescraft, Inc. (hereafter "Milescraft"). Milescraft and Cheng shall be collectively referred to as the "Parties" and each of them as a "Party." Cheng is an individual residing in California who seeks to promote awareness of exposures to toxic chemicals and improve human health by reducing or eliminating hazardous substances contained in consumer products. Milescraft employs ten or more persons and is a person in the course of doing business for purposes of Proposition 65, Cal. Health & Safety Code §§ 25249.6 et seq.

1.2 Allegations and Representations

Cheng alleges that Milescraft has offered for sale and sold in the State of California Router Baseplate/Bushing Set UPC 893264120108 and Router Bushing Set UPC737888121601 containing Lead and Lead Compound, and that such sales have not been accompanied by Proposition 65 warnings. Lead and Lead Compound is listed under Proposition 65 as a chemical known to the State of California to cause cancer. Cheng has cited Router Baseplate/Bushing Set UPC 893264120108 and Router Bushing Set UPC737888121601 as an example of the brushing sets that are the subject of his allegation.

For purposes of this Private Settlement only, Milescraft, Inc. represents that: Router Baseplate/Bushing Set UPC 893264120108 and Router Bushing Set UPC737888121601 are items it distributes to retailers and consumers (online and storefront) in the state of California.

1.3 Product Description

The product that is covered by this Private Settlement is defined as any and all Router Baseplate/Bushing Set UPC 893264120108 and Router Bushing Set UPC737888121601 products that are distributed by Milescraft to Lowe's Home Centers, LLC (hereinafter "Lowe's") or others and sold in California. All such items shall be referred to herein as the "Products."

1.4 Notices of Violation

On or about June 27, 2016, Cheng served Lowe's and various public enforcement agencies with a document entitled "60-Day Notice of Violation" pursuant to Health & Safety Code §25249.7(d) (the "Notice"), alleging that Milescraft and Lowe's were in violation of Proposition 65 for failing to warn consumers and customers that the Products exposed users in California to Lead and Lead Compound. No public enforcer diligently prosecuted the claims threatened in the Notice within sixty days plus service time after service of the Notice to them by Cheng.

1.5 Stipulation as to Jurisdiction/No Admission

Milescraft, Inc._Cheng Settlement

For purposes of this Private Settlement only, the Parties stipulate that in the event that enforcement of this Private Settlement or a dispute arises regarding this Private Settlement, the Superior Court of California, County of San Diego has proper jurisdiction over Milescraft as to the allegations contained in the 60 day notice served on or about June 27, 2016, and that venue is proper in the County of San Diego.

Milescraft denies the material allegations contained in Cheng's Notice and maintains that it has not violated Proposition 65. Nothing in this Private Settlement shall be construed as an admission by Milescraft of any fact, finding, issue of law, or violation of law; nor shall compliance with this Private Settlement constitute or be construed as an admission by Milescraft of any fact, finding, conclusion, issue of law, or violation of law, such being specifically denied by Milescraft. However, this section shall not diminish or otherwise affect the obligations, responsibilities, and duties of Milescraft under this Private Settlement.

("ppm"). Milescraft may comply with the above requirements by relying on information obtained from its suppliers regarding the content of the alloy from which the components are made, provided such reliance is in good faith. Obtaining test results showing that the Lead and Lead Compound content is no more than 300 ppm, using a method of sufficient sensitivity to establish a limit of quantification (as distinguished from detection) of less than 300 ppm shall be deemed to establish good faith reliance.
