

**SETTLEMENT AGREEMENT BETWEEN APS&EE, LLC AND DURA  
PLASTIC PRODUCTS, INC.**

**1. RECITALS**

**1.1 The Parties**

1.1.1 This Settlement Agreement (“Agreement”) is entered into by and between APS&EE, LLC (“APS&EE”) and Dura Plastic Products, Inc. (“Dura”).

APS&EE and Dura shall hereinafter collectively be referred to as the “Parties.”

1.1.2 APS&EE is an organization based in California with an interest in protecting the environment, improving human health and the health of ecosystems, and supporting environmentally sound practices, which includes promoting awareness of exposure to toxic chemicals and reducing exposure to hazardous substances found in consumer products.

1.1.3 Dura employs ten (10) or more employees and is a person in the course of doing business as the term is defined in California *Health & Safety Code* section 25249.6 et seq. (“Proposition 65”).

**1.2 Allegations**

1.2.1 APS&EE alleges that Dura through Dripworks, Inc. sold Dura brass ball valves, including but not limited to 120-005, 1/2", 0-49081-00133-9 (hereinafter collectively the “Products”) in the State of California causing users in California to be exposed to hazardous levels of lead without providing “clear and reasonable warnings”, in violation of Proposition 65. Lead is potentially subject to Proposition 65 warning requirements because it is listed as known to cause cancer and birth defects or other reproductive harm.

1.2.2 On October 18, 2016, APS&EE provided a Sixty-Day Notice of Violation (“60-Day Notice”), along with a Certificate of Merit, to Dura, Dripworks, Inc., and various public enforcement agencies regarding the alleged violation of Proposition 65 with respect to the Products.

### **1.3 No Admissions**

Dura and Dripworks deny all allegations in APS&EE's Notice and maintain that the Products have been, and are, in compliance with all laws, and that Dura and Dripworks have not violated Proposition 65. This Agreement shall not be construed as an admission of liability by Dura or by Dripworks but to the contrary as a compromise of claims that are expressly contested and denied. However, nothing in this section shall affect the Parties' obligations, duties, and responsibilities under this Agreement.

### **1.4 Compromise**

The Parties enter into this Agreement in order to resolve the controversy described above in a manner consistent with prior Proposition 65 settlements and consent judgments that were entered in the public interest and to avoid prolonged and costly litigation between them.

### **1.5 Effective Date**

The "Effective Date" shall be the date upon which a complete and fully executed copy of the Agreement is delivered to each Party's counsel.

## **2. INJUNCTIVE RELIEF**

### **2.1 Reformulation**

As of the Effective Date, Dura or by Dripworks shall not distribute, sell, or offer for sale the Products in California unless (a) the Products contain a lead content by weight of no more than 100 parts per million (0.01%), or (b) the Product is distributed, sold, or offered for sale by Dura or by Dripworks with a clear and reasonable warning as described in Section 2.2.

### **2.2 Clear And Reasonable Warnings**

**2.2.1** For Products manufactured before August 30, 2018, whenever a clear and reasonable warning is required under Section 2.1, it shall state the following with the capitalized and emboldened wording:

**WARNING: This product contains lead, a chemical known to the State of California to cause cancer and birth defects**

or other reproductive harm.

If Dura or Dripworks has reason to believe the Products contain additional chemicals listed under Proposition 65, then it may use the following statement in lieu of the one set forth above:

**WARNING:** This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

**2.2.2** For Products manufactured after August 30, 2018, whenever a clear and reasonable warning is required under Section 2.1, Dura and Dripworks shall use the following warning with the capitalized and emboldened wording:

**WARNING:** This product can expose you to lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

If Dura or Dripworks has reason to believe the Products contain additional chemicals listed under Proposition 65, then it may use the following statement in lieu of the one set forth above:

**WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

The warning shall be accompanied by a symbol consisting of a black exclamation point in a yellow equilateral triangle with a bold black outline. Where the label for the product is not printed using the color yellow, the symbol may be printed in black and white. The symbol shall be placed to the left of the text of the warning, in a size no smaller than the height of the word "WARNING".

The warnings for Products manufactured after August 30, 2018 may be used by Dura or Dripworks on any Products manufactured before that date.

**2.2.3** Each warning shall be prominently placed with such conspicuousness, as compared with other words, statements, designs, or devices as to

render it likely to be read and understood by an ordinary consumer prior to sale. For purposes of this Agreement, a clear and reasonable warning for the Products shall consist of a warning that appears on the product, the product's package, label or other labeling as defined by Title 27, California Code of Regulations, § 25602.

### **3. PAYMENTS**

Each of the Parties waives and relinquishes any right or benefit it has or may have under Section 1542 of California Civil Code or any similar provision under the statutory or non-statutory law of any other jurisdiction to the full extent that it may lawfully waive all such rights and benefits.
