

## SETTLEMENT AGREEMENT

### 1. INTRODUCTION

#### 1.1 The Parties

This Settlement Agreement is entered into by and between Gabriel Espinosa ("Espinosa") and Edgewater Marine Industries, LLC ("Edgewater Marine"). Together, Espinosa and Edgewater Marine are collectively referred to as the "Parties." Espinosa is an individual that resides in the State of California, and seeks to promote awareness of exposures to toxic chemicals and to improve human health by reducing or eliminating hazardous substances contained in consumer products. Edgewater Marine is considered a person in the course of doing business for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986, Health & Safety Code section 25249.6, *et seq.* ("Proposition 65").

#### 1.2 General Allegations

Espinosa alleges that Edgewater Marine has imported, distributed and/or sold in the State of California Maptech Chartkit Covers containing Diisononyl phthalate (DINP) without the requisite Proposition 65 warning. On December 20, 2013, the State of California listed DINP as a chemical known to the State to cause cancer.

#### 1.3 Product Description

The products covered by this Settlement Agreement are Maptech Chartkit Covers, including UPC No. 6 08014 10005 3 (the "Product" or "Products") that are manufactured, imported, distributed, and/or sold in the State of California by Edgewater Marine, and that contain DINP.

#### 1.4 Notice of Violation

On June 8, 2017, Espinosa served Edgewater Marine and various public enforcement agencies with a document entitled "Notice of Violation of California Health & Safety Code § 25249.5, *et seq.*" (the "Notice"). The Notice provided Edgewater Marine and such others, including public enforcers, with notice that alleged that Edgewater Marine was in violation of California Health & Safety Code § 25249.5, for failing to warn consumers and customers that the Product

exposed users in California to DINP. No public enforcer has diligently prosecuted the allegations set forth in the Notice.

### **1.5 No Admission**

Edgewater Marine denies the material factual and legal allegations contained in the Notice and maintains that, to the best of its knowledge, all products that are or have been sold and distributed in California, including the Products, have been and are in compliance with all laws. Nothing in this Settlement Agreement shall be construed as an admission by Edgewater Marine of any fact, finding, issue of law, or violation of law; nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Edgewater Marine of any fact, finding, conclusion, issue of law or violation of law, such being specifically denied by Edgewater Marine. However, this section shall not diminish or otherwise affect the obligations, responsibilities and duties under this Settlement Agreement. Notwithstanding the allegations in the Notice, Edgewater Marine maintains that it has not knowingly manufactured, or caused to be manufactured, the Products for sale in California in violation of Proposition 65.

### **1.6 Effective Date**

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date this Agreement is last executed by the Parties.

## **2. INJUNCTIVE RELIEF**

### **2.1 Reformulation of the Products**

Commencing ninety (90) days after the Effective Date, and continuing thereafter, Edgewater Marine agrees to manufacture, distribute, or purchase for sale in California only (a) reformulated Products pursuant to Section 2.2, or (b) Products that are labeled with a clear and reasonable warning pursuant to Section 2.3. Edgewater Marine and its downstream retailers shall have no obligation to reformulate or label Product that entered the stream of commerce prior to the Effective Date.

### **2.2 Reformulation Standard**

"Reformulated Product" shall mean Product that contains in any accessible component less than or equal to 1,000 parts per million ("ppm") of DINP when analyzed pursuant to U.S.

Environmental Protection Agency testing methodologies 3580A and 8270C or other reliable and generally accepted testing methods.

### **2.3 Clear and Reasonable Warnings**

Commencing ninety (90) days after the Effective Date, Edgewater Marine shall provide a clear and reasonable warning for any Product that it manufactures, distributes, or purchases for sale in California that is not a Reformulated Product. Edgewater Marine shall provide the warning affixed to the packaging or labeling using language similar to the warnings below:

WARNING: This product contains a chemical known to the State of California to cause cancer.

Or

WARNING: This product can expose you to chemicals including Diisononyl phthalate (DINP), which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Or

A warning that complies with Tit.27, Cal. Code Regs. §25601 *et seq.*

The warning shall be prominently placed with such conspicuousness as compared with other words, statements, designs, or devices as to render it likely to be read and understood by an ordinary individual under customary conditions before purchase or use. Each warning shall be provided in a manner such that the consumer or user is reasonably likely to understand to which specific Product the warning applies, so as to minimize the risk of consumer confusion.

In the event that the Office of Environmental Health Hazard Assessment promulgates one or more regulations requiring or permitting warning text and/or methods of transmission different than those set forth above, Edgewater Marine shall be entitled to use, at its discretion, such other warning text and/or method of transmission without being deemed in breach of this Agreement.

### **3. PENALTIES PURSUANT TO HEALTH & SAFETY CODE § 25249.7(b)**

In settlement of all the claims referred to in this Settlement Agreement, Edgewater Marine shall pay a total of \$500.00 in civil penalties in accordance with this Section. Each penalty payment

will be allocated in accordance with California Health & Safety Code § 25249.12(c)(1) and (d), with 75% of the funds remitted to the California Office of Environmental Health Hazard Assessment ("OEHHA") and the remaining 25% of the penalty remitted to Espinosa . The Parties thereafter reached an accord on the compensation due to Espinosa and his counsel under general contract principles and the private attorney general doctrine and principles codified at California Code of Civil Procedure § 1021.5, for all work performed through the mutual execution of this agreement. Under these legal principles, Edgewater Marine shall reimburse Espinosa's counsel for fees and costs incurred as a result of investigating and bringing this matter to Edgewater Marine's attention, and negotiating a settlement in the public interest. ## **5. RELEASE OF ALL CLAIMS**

### **5.1 Release of Edgewater Marine and Downstream Customers and Entities**

This Settlement Agreement is a full, final and binding resolution between Espinosa, acting on his own behalf, and Edgewater Marine, of any violation of Proposition 65 that was or could have been asserted by Espinosa or on behalf of his past and current agents, representatives, attorneys, successors, and/or assigns ("Releasors") for failure to provide warnings for alleged exposures to DINP contained in the Products, and Releasors hereby release any such claims against Edgewater Marine and its parents, subsidiaries, affiliated entities, shareholders, marketplaces, directors, officers, agents, employees, attorneys, successors and assignees, and each entity to whom Edgewater Marine directly or indirectly distributes or sells the Products, including but not limited to, downstream distributors, wholesalers, customers, retailers, including but not limited to Maptech, Inc., West Marine, Inc. and its respective subsidiaries, affiliates and parents, franchisees, cooperative members and licensees, (collectively, the "Releasees"), from all claims for violations of Proposition 65 through the Effective Date based on their failure to warn about alleged exposures to the chemical DINP that is contained in the Products, and were manufactured, distributed, sold and/or offered for sale by Edgewater Marine to customers and consumers in the State of California.

In further consideration of the promises and agreements herein contained, and for the payments to be made pursuant to Sections 3 and 4 above, Espinosa, on behalf of himself, his past and current agents, representatives, attorneys, successors and/or assignees, hereby covenants not to sue and waives any right to institute, participate in, directly or indirectly, any form of legal action and releases all claims that she may have, including without limitation, all actions and causes of action in law and in equity, all obligations, expenses (including without limitation all attorneys' fees, expert fees, and investigation fees, and costs), damages, losses, liabilities and demands against any of the Releasees of any nature, character, or kind, whether known or unknown, suspected or

unsuspected, limited to and arising out of the alleged or actual exposure to the chemical DINP in the Products.

## **5.2 Edgewater Marine's Release of Espinosa**

Edgewater Marine, on behalf of itself, its past and current agents, representatives, attorneys, successors and/or assignees, hereby waives any and all claims against Espinosa, his attorneys and other representatives, for any and all actions taken or statements made (or those that could have been taken or made) by Espinosa and/or his attorneys and other representatives, whether in the course of investigating claims or otherwise seeking to enforce Proposition 65 against it in this matter or with respect to the Products.

## **5.3 California Civil Code Section 1542**

It is possible that other claims not known to the Parties arising out of the facts alleged in the Notice and relating to the Products will develop or be discovered. Espinosa on behalf of himself only, on one hand, and Edgewater Marine, on the other hand, acknowledge that this Agreement is expressly intended to cover and include all such claims up through the Effective Date, including all rights of action therefor. The Parties acknowledge that the claims released in Sections 5.1 and 5.2 above may include unknown claims, and nevertheless waive California Civil Code section 1542 as to any such unknown claims. California Civil Code section 1542 reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

Espinosa and Edgewater Marine each acknowledge and understand the significance and consequences of this specific waiver of California Civil Code section 1542.

## **5.4 Deemed Compliance with Proposition 65**

Compliance by Edgewater Marine with this Settlement Agreement constitutes compliance with Proposition 65 with respect to exposures to DINP in the Products.

### **5.5. Public Benefit**

It is Edgewater Marine's understanding that the commitments it has agreed to herein, and actions to be taken by Edgewater Marine under this Settlement Agreement, would confer a significant benefit to the general public, as set forth in Code of Civil Procedure section 1021.5 and Cal. Admin. Code tit. 11, section 3201. As such, it is the intent of Edgewater Marine that to the extent any other private party initiates an action alleging a violation of Proposition 65 with respect to Edgewater Marine's failure to provide a warning concerning exposure to DINP with respect to the Products it has manufactured, distributed, sold, or offered for sale in California, or will manufacture, distribute, sell, or offer for sale in California, such private party action would not confer a significant benefit on the general public as to those Products addressed in this Settlement Agreement, provided that Edgewater Marine is in material compliance with this Settlement Agreement.

### **6. SEVERABILITY**

If, subsequent to the execution of this Settlement Agreement, any of the provisions of this Settlement Agreement are deemed by a court to be unenforceable, the validity of the enforceable provisions remaining shall not be adversely affected but only to the extent the deletion of the provision deemed unenforceable does not materially affect, or otherwise result in the effect of the Settlement Agreement being contrary to the intent of the Parties in entering into this Settlement Agreement.

### **7. GOVERNING LAW**

The terms of this Settlement Agreement shall be governed by the law of the State of California and apply within the State of California. In the event that Proposition 65 is repealed or is otherwise rendered inapplicable or limited by reason of law generally, or as to the Products, Edgewater Marine shall have no further obligations pursuant to this Settlement Agreement with respect to, and to the extent that, a Product is so affected.

**8. NOTICES**

Unless specified herein, all correspondence and notices required to be provided pursuant to this Settlement Agreement shall be in writing and personally delivered or sent by: (i) first-class (registered or certified mail) return receipt requested; or (ii) overnight or two-day courier on any party by the other party to the following addresses:
