

SETTLEMENT AGREEMENT & RELEASE

1. INTRODUCTION

1.1 Parties

This Settlement Agreement is entered into by and between the CENTER FOR ADVANCED PUBLIC AWARENESS, INC. ("CAPA") and MIZCO INTERNATIONAL, INC. ("Mizco"), with Mizco and CAPA each individually referred to as a "Party" and collectively as the "Parties."

1.2 Introduction and General Allegations.

1.2.1 CAPA is a not-for profit corporation duly organized and existing in the State of California, which seeks to promote awareness of exposures to toxic chemicals and to improve human health by reducing or eliminating hazardous substances used in consumer products.

1.2.2 CAPA alleges that Mizco employs ten or more persons, and CAPA alleges that Mizco is a person in the course of doing business for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health and Safety Code section 25249.6 *et seq.* ("Proposition 65").

1.2.3 CAPA alleges that Mizco imported, sold, and/or distributed for sale in California Covered Products, as defined below, that contain Di-(2-ethylhexyl) phthalate ("DEHP") and Di-isononyl Phthalate ("DINP"), chemicals pursuant to Proposition 65 listed by the State of California to cause cancer and reproductive toxicity. CAPA further alleges that Mizco failed to provide the health hazard warning required by Proposition 65 for exposures to DEHP and DINP from the Covered Products.

1.3 Product Description.

The products covered by this Settlement Agreement are the IE (iEssentials) Stereo Ear Buds, which were imported, sold and/or distributed for sale in California by Mizco with UPC# 0758302036622 ("Covered Products").

1.4 60 Day Notice of Violation and Exchange of Information.

On July 16, 2018, CAPA alleges that it served Mizco, Jet.com, Inc., and the requisite public enforcement agencies a 60-Day Notice of Violation ("Notice"), related to the Covered Products, alleging that Mizco violated Proposition 65. The Notice alleged that Mizco had failed to warn their customers and consumers in California of the health hazards associated with exposures to DEHP and DINP from its import, sale and/or distribution of the Covered Products.

CAPA subsequently provided Mizco with test results in CAPA's possession concerning its allegations. Mizco provided CAPA with estimated sales data related to the Covered Products. To the best of the Parties' knowledge, no public enforcer has commenced and is diligently prosecuting the allegations set forth in the Notice.

1.5 No Admission.

The Parties enter into this Settlement Agreement to settle disputed claims between the Parties as set forth below concerning the Parties' and the Covered Products' compliance with Proposition 65. Specifically, CAPA alleges that Mizco imported, manufactured, sold or distributed for sale in the state of California, Covered Products which contained DEHP and/or DINP without first providing the clear and reasonable exposure warning required by Proposition 65. Mizco denies that such a warning is required under Proposition 65 or any otherwise applicable law.

Mizco further denies the material, factual, and legal allegations contained in the Notice and maintains that all of the products that it has imported, manufactured and/or sold and distributed in California, including the Covered Products, have been, and are, in compliance with all laws. Nothing in this Settlement Agreement shall be construed as an admission by Mizco of any fact, finding, conclusion, issue of law, or violation of law, nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Mizco of any fact, finding, conclusion, issue of law, or violation of law, such being specifically denied by Mizco. This Section shall not, however, diminish or otherwise affect Mizco's obligations, responsibilities, and duties under this Settlement Agreement.

1.6 Effective Date.

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date the Agreement is fully executed by the Parties.

2. INJUNCTIVE RELIEF: REFORMULATED PRODUCTS

2.1 Reformulation Standard. Commencing on the Effective Date, and continuing thereafter, Covered Products that Mizco imports, manufactures, ships to be sold or offered for sale or purchase in or into California, or sells in California shall be deemed to comply with Proposition 65, and be exempt from any Proposition 65 warning requirements with respect to DEHP and DINP, if the Products meet the standard of "Reformulated Products." "Reformulated Products" shall mean Covered Products containing less than or equal to 1,000 parts per million (0.1%) DEHP or DINP in each accessible component when analyzed pursuant to Environmental Protection Agency testing methodologies 3580A and 8270C, CPSC-CH-C1001-09.3 or equivalent methodologies utilized by federal or state agencies for the purpose of determining DEHP or DINP content in a solid substance ("Reformulation Standard"). With respect to existing Covered Products, meaning those that are currently in the channels of distribution, with distributors, and retailers, or that are currently in Mizco's stock, Mizco may continue to sell-through those items. However, as of the Effective Date, no new Covered Products may be manufactured to be sold in California that are not Reformulated Products or do not contain the warnings set forth in Paragraph 2.3

2.2 Warning Option. Covered Products that do not meet the Reformulation Standard set forth in Section 2.1 above shall be accompanied by a warning as described in Section 2.3 below or as otherwise permitted by Proposition 65. This warning shall only be required as to Covered Products that are manufactured to be sold or shipped out to consumers, retailers, or distributors after the Effective Date. No Proposition 65 warning for DEHP shall be required as to any Covered Products that are already in the stream of commerce or in Mizco's stock as of the Effective Date.

2.3 Warning Language. Commencing on the Effective Date, Mizco shall ensure that any unreformulated Covered Products that it ships to California retailers or for sale in

California includes a clear and reasonable warning. The warning shall be affixed to the packaging or labeling using language similar to the warnings below, or such other or different language as may be permitted by Proposition 65:

▲ **WARNING:** This product can expose you to chemicals including Di-(2-ethylhexyl) phthalate, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

OR

The warning shall be prominently displayed with such conspicuousness as compared with other words, statements, designs, or devices as to render it likely to be read and understood by an ordinary individual under customary conditions before purchase or use.. In the event that the Office of Environmental Health Hazard Assessment promulgates one or more regulations requiring or permitting warning text and/or methods of transmission different than those set forth above, Mizco shall be entitled to use, at its discretion, such other warning text and/or methods of transmission without being deemed in breach of this Agreement
