

SETTLEMENT AND RELEASE AGREEMENT

1. INTRODUCTION

1.1. Ecological Alliance, LLC and Seymour Midwest LLC

This Settlement Agreement is entered into by and between Ecological Alliance, LLC ("Ecological"), on the one hand, and Seymour Midwest LLC ("Seymour"), on the other hand, with Ecological and Seymour collectively referred to as the "Parties."

1.2. General Allegations

Ecological alleges that Seymour manufactured and distributed and offered for sale in the State of California pliers containing Diisononyl phthalate [DINP], and that such sales have not included warnings pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code sections 25249.6 *et seq.* ("Proposition 65"). California has identified and listed DINP under Proposition 65 as a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

1.3. Product Description

The products that are covered by this Settlement Agreement are defined as pliers that Seymour has sold, offered for sale or distributed in California and that contain DINP. All such items shall be referred to herein as the "Products."

1.4. Notice of Violation

On January 7, 2019, Ecological served Seymour and the requisite public enforcement agencies eligible to initiate Proposition 65 actions on behalf of the People of the State of California with a document entitled "60-Day Notice of Violation" ("Notice") that provided Seymour and such public enforcers with notice that Seymour was allegedly in violation of California Health & Safety Code section 25249.6 for failing to warn consumers and customers

that the Products exposed users in California to DINP. To the best of the Parties' knowledge, no public enforcer has commenced or is diligently prosecuting the allegations set forth in the Notice.

1.5. No Admission

The Parties enter into this Settlement Agreement to settle disputed claims between them as set forth herein and in the Notice concerning Seymour's compliance with Proposition 65. Seymour denies the material factual and legal allegations contained in Ecological's Notice and maintains that all products that it has manufactured for sale and distribution in California, including the Products, have been and are in compliance with Proposition 65 or any other statutory, regulatory, common law or equitable doctrine. Nothing in this Settlement Agreement shall be construed as an admission by Seymour of any fact, finding, issue of law, or violation of law; nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Seymour of any fact, finding, conclusion, issue of law, or violation of law, such being specifically denied by Seymour on its behalf. However, nothing in this section shall diminish or otherwise affect the obligations, responsibilities, and duties of Seymour under this Settlement Agreement.

1.6. Effective Date

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date this Settlement Agreement is fully executed.

2. INJUNCTIVE RELIEF: REFORMULATION AND WARNINGS

As of the Effective Date, Seymour shall manufacture, import, or otherwise source for authorized sale in California only Reformulated Products, as defined pursuant to Section 2.1 below, unless such Products are labeled with a clear and reasonable Proposition 65 warning

pursuant to Section 2.2 below. Products that were supplied to third parties by Seymour prior to the Effective Date shall be deemed exempted from the requirements of this Section 2 and shall be permitted to be sold through as previously manufactured, packaged and labeled.

2.1. Reformulation Standards

“Reformulated Products” are defined as those Products containing DINP in concentrations less than 0.1 percent (1,000 parts per million) when analyzed pursuant to U.S. Environmental Protection Agency testing methodologies 3580A and 8270C or any other methodology utilized by federal or state agencies for the purpose of determining the DINP content in a solid substance.

2.2. Warning Language

Where required, Seymour shall provide Proposition 65 warnings on the Product’s label as follows:

- (a) Seymour may use one of the following warning statements in full compliance with this Section:

 - (2) **WARNING:** This product can expose you to chemicals including DINP, which are known to the State of California to cause cancer, and [name of one or more chemicals] which is [are] known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

- (3) **WARNING:** This product can expose you to chemicals including [name of a listed carcinogen and reproductive toxicant] which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

- (5) **WARNING:** Cancer and Reproductive Harm – www.P65Warnings.ca.gov.

(b) If Seymour uses any of the above warning statements to effectuate its compliance, it shall also include a symbol consisting of a black exclamation point in a yellow equilateral triangle with a bold black outline. Where the label is not printed using the color yellow, the symbol may be printed in black and white. The symbol shall be placed to the left of the text of the warning, in a size no smaller than the height of the word “WARNING.”

(c) The requirements for warnings, set forth in subsection (a) above are imposed pursuant to the terms of this Settlement Agreement. The Parties recognize that these are not the exclusive methods of providing a warning under Proposition 65 and its implementing regulations.

(d) If Proposition 65 warnings for DINP should no longer be required, Seymour shall have no further obligations pursuant to this Settlement Agreement.

(e) In the event that the Office of Environmental Health Hazard Assessment or another authorized agency promulgates one or more regulations requiring or permitting warning text and/or methods of transmission different than those set

forth above, or legislation is enacted by the California legislature, United States Congress or voters with such requirements or permission, Seymour shall be entitled to use, at its discretion, such other warning text and/or method of transmission without being deemed in breach of this Agreement.

3. **PENALTIES PURSUANT TO HEALTH & SAFETY CODE SECTION 25249.7(b)**

In settlement of all the claims referred to in this Settlement Agreement and because it previously began to implement Proposition 65 warnings for the Products, Seymour shall pay a total of \$500 in civil penalties in accordance with this Section. The penalty payment will be allocated in accordance with California Health & Safety Code section 25249.12(c)(1) & (d), with 75% of the funds remitted to the California Office of Environmental Health Hazard Assessment (“OEHHA”) and the remaining 25% of the penalty remitted to Ecological. Ecological's counsel shall be responsible for delivering OEHHA's portion of any penalty payment made under this Settlement Agreement.

4. **REIMBURSEMENT OF FEES AND COSTS**

The Parties reached an accord on the compensation due to Ecological and its counsel under the private attorney general doctrine and principles of contract law. Under these legal principles, Seymour shall reimburse Ecological's counsel for fees and costs, incurred as a result of investigating and bringing this matter to Seymour's attention. Seymour shall pay Ecological's counsel \$10,000 for all attorneys' fees, expert and investigation fees, and related costs associated with this matter and the Notice.
