Attorney for Plaintiff Environmental Research Center, Inc.

**SUPERIOR COURT OF THE STATE OF CALIFORNIA
COUNTY OF ALAMEDA**

**ENVIRONMENTAL RESEARCH
CENTER, INC., a California non-profit
corporation**

Plaintiff,

vs.

**TIGER FITNESS, INC., individually and
dba MTS NUTRITION; VORLO, INC.,
individually and dba MTS NUTRITION;
and DOES 1-100**

Defendants.

CASE NO. RG19033462

**STIPULATED CONSENT
JUDGMENT**

Health & Safety Code § 25249.5 *et seq.*

Action Filed: September 3, 2019
Trial Date: None set

1. INTRODUCTION

1.1 On September 3, 2019, Plaintiff Environmental Research Center, Inc. ("ERC"), a non-profit corporation, as a private enforcer and in the public interest, initiated this action by filing a Complaint for Injunctive and Declaratory Relief and Civil Penalties (the "Complaint") pursuant to the provisions of California Health and Safety Code section 25249.5 *et seq.* ("Proposition 65"), against Tiger Fitness, Inc., individually and dba MTS Nutrition, Vorlo, Inc., individually and dba MTS Nutrition (collectively "MTS Nutrition") and Does 1-100. In this action, ERC alleges that a number of products manufactured, distributed, or sold by MTS

1 Nutrition contain lead, a chemical listed under Proposition 65 as a carcinogen and reproductive
2 toxin, and expose consumers to this chemical at a level requiring a Proposition 65 warning.
3 These products (referred to hereinafter individually as a “Covered Product” or collectively as
4 “Covered Products”) are: (1) MTS Nutrition Machine Whey Accelerated Amino Uptake Red
5 Velvet Cake, (2) MTS Nutrition Machine Whey Accelerated Amino Uptake Mint Cookies &
6 Cream, (3) Outright White Chocolate Cranberry Peanut Butter, (4) Outright Chocolate Chip
7 Peanut Butter, (5) MTS Nutrition M Mass Epic Gains Cookies & Cream, (6) MTS Nutrition M
8 Macrolution MRP The Perfect Meal Replacement Chocolate, (7) MTS Nutrition M Machine
9 Whey Accelerated Amino Uptake Cookies & Cream, (8) MTS Nutrition M Machine Whey
10 Accelerated Amino Uptake PB Cookies & Cream, (9) MTS Nutrition M Machine Whey
11 Accelerated Amino Uptake Ice Cream Sandwich, (10) MTS Nutrition M Machine Fuel Perfect
12 Intra-Workout BCAA Mixed Berry, (11) MTS Nutrition M Machine Greens Plus Multivitamin
13 Apple Cinnamon, (12) MTS Nutrition M Barracuda Natural Test & Libido Enhancer Blue
14 Raspberry, (13) MTS Nutrition M Barracuda Natural Test & Libido Enhancer Mango, (14)
15 MTS Nutrition M Nutrient Driver, (15) MTS Nutrition M Peak Physicor Lemon Lime, (16)
16 MTS Nutrition M Machine Carb 10 Unflavored, (17) MTS Nutrition M Clash Fully Loaded
17 Pre-Workout Grape Splash, (18) MTS Nutrition M Aqua Shed Water Control Formula, (19)
18 MTS Nutrition M Machine Fuel Perfect Intra-Workout BCAA Mango Strawberry, (20) MTS
19 Nutrition M Clash Fully Loaded Pre-Workout Rainbow Sherbet, (21) MTS Nutrition M Vasky
20 Non-Stimulant Pump Inducer Unflavored, (22) MTS Nutrition M Clash Fully Loaded Pre-
21 Workout Green Apple, (23) MTS Nutrition M Machine Motion Advanced Joint Health
22 Formula, (24) MTS Nutrition M Drop Factor Peach Pineapple, and (25) MTS Nutrition M
23 Machine Multi.

24 **1.2** ERC and MTS Nutrition are hereinafter referred to individually as a “Party” or
25 collectively as the “Parties.”

26 **1.3** ERC is a 501 (c)(3) California non-profit corporation dedicated to, among other
27 causes, helping safeguard the public from health hazards by reducing the use and misuse of
28 hazardous and toxic chemicals, facilitating a safe environment for consumers and employees,

1 and encouraging corporate responsibility.

2 **1.4** For purposes of this Consent Judgment, the Parties agree that each defendant is a
3 business entity each of which has employed ten or more persons at all times relevant to this
4 action, and qualifies as a “person in the course of doing business” within the meaning of
5 Proposition 65. MTS Nutrition manufactures, distributes, and/or sells the Covered Products.

6 **1.5** The Complaint is based on allegations contained in ERC’s Notices of Violation
7 dated May 23, 2019 and May 30, 2019 that were served on the California Attorney General,
8 other public enforcers, and MTS Nutrition (“Notices”). A true and correct copy of the 60-Day
9 Notices dated May 23, 2019 and May 30, 2019 are attached hereto as **Exhibits A and B** and
10 each is incorporated herein by reference. More than 60 days have passed since the Notices
11 were served on the Attorney General, public enforcers, and MTS Nutrition and no designated
12 governmental entity has filed a Complaint against MTS Nutrition with regard to the Covered
13 Products or the alleged violations.

14 **1.6** ERC’s Notices and Complaint allege that use of the Covered Products exposes
15 persons in California to lead without first providing clear and reasonable warnings in violation
16 of California Health and Safety Code section 25249.6. MTS Nutrition denies all material
17 allegations contained in the Notices and Complaint.

18 **1.7** The Parties have entered into this Consent Judgment in order to settle,
19 compromise, and resolve disputed claims and thus avoid prolonged and costly litigation.
20 Nothing in this Consent Judgment nor compliance with this Consent Judgment shall constitute
21 or be construed as an admission by any of the Parties or by any of their respective officers,
22 directors, shareholders, employees, agents, parent companies, subsidiaries, divisions,
23 franchisees, licensees, customers, suppliers, distributors, wholesalers, or retailers of any fact,
24 issue of law, or violation of law.

25 **1.8** Except as expressly set forth herein, nothing in this Consent Judgment shall
26 prejudice, waive, or impair any right, remedy, argument, or defense the Parties may have in
27 any current or future legal proceeding unrelated to these proceedings.

28 **1.9** The Effective Date of this Consent Judgment is the date on which it is entered

1 as a Judgment by this Court.

2 **2. JURISDICTION AND VENUE**

3 For purposes of this Consent Judgment and any further court action that may become
4 necessary to enforce this Consent Judgment, the Parties stipulate that this Court has subject matter
5 jurisdiction over the allegations of violations contained in the Complaint, personal jurisdiction
6 over MTS Nutrition as to the acts alleged in the Complaint, that venue is proper in Alameda
7 County, and that this Court has jurisdiction to enter this Consent Judgment as a full and final
8 resolution of all claims up through and including the Effective Date which were or could have
9 been asserted in this action based on the facts alleged in the Notices and Complaint.

10 **3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS**

11 **3.1** Beginning on the Effective Date, MTS Nutrition shall be permanently enjoined
12 from manufacturing for sale in the State of California, "Distributing into the State of
13 California," or directly selling in the State of California, any Covered Products which expose a
14 person to a "Daily Lead Exposure Level" of more than 0.5 micrograms of lead per day unless it
15 meets the warning requirements under Section 3.2.

16 **3.1.1** As used in this Consent Judgment, the term "Distributing into the State
17 of California" shall mean to directly ship a Covered Product into California for sale in
18 California or to sell a Covered Product to a distributor that MTS Nutrition knows or has reason
19 to know will sell the Covered Product in California.

20 **3.1.2** For purposes of this Consent Judgment, the "Daily Lead Exposure
21 Level" shall be measured in micrograms, and shall be calculated using the following formula:
22 micrograms of lead per gram of product, multiplied by grams of product per serving of the
23 product (using the largest serving size appearing on the product label), multiplied by servings
24 of the product per day (using the largest number of recommended daily servings appearing on
25 the label), which equals micrograms of lead exposure per day. If the label contains no
26 recommended daily servings, then the number of recommended daily servings shall be one.

27 **3.2 Clear and Reasonable Warnings**

28 If MTS Nutrition is required to provide a warning pursuant to Section 3.1, the following

1 warning must be utilized (“Warning”):

2 **WARNING:** Consuming this product can expose you to chemicals including [lead] which
3 is [are] known to the State of California to cause [cancer and]birth defects or other
4 reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

5 MTS Nutrition shall use the phrase “cancer and” in the Warning if MTS Nutrition has
6 reason to believe that the the “Daily Lead Exposure Level” is greater than 15 micrograms of lead
7 as determined pursuant to the quality control methodology set forth in Section 3.4 or if MTS
8 Nutrition has reason to believe that another Proposition 65 chemical is present which may require
9 a cancer warning.

10 The Warning shall be securely affixed to or printed upon the container or label of each
11 Covered Product. If the Warning is provided on the label, it must be set off from other
12 surrounding information and enclosed in a box. In addition, for any Covered Product sold over
13 the internet, the Warning shall appear on the checkout page when a California delivery address
14 is indicated for any purchase of any Covered Product. An asterisk or other identifying method
15 must be utilized to identify which products on the checkout page are subject to the Warning.
16 In no event shall any internet or website Warning be contained in or made through a link.

17 The Warning shall be at least the same size as the largest of any other health or safety
18 warnings also appearing on the website or on the label or container of MTS Nutrition’s product
19 packaging and the word “**WARNING**” shall be in all capital letters and in bold print. No
20 statements intended to or likely to have the effect of diminishing the impact of the Warning on the
21 average lay person shall accompany the Warning. Further, no statements may accompany the
22 Warning that state or imply that the source of the listed chemical has an impact on or results in a
23 less harmful effect of the listed chemical.

24 MTS Nutrition must display the above Warning with such conspicuousness, as compared
25 with other words, statements or designs on the label or container, or on its website, if applicable,
26 to render the Warning likely to be read and understood by an ordinary individual under customary
27 conditions of purchase or use of the product.

28 **3.3 Conforming Covered Products**

A Conforming Covered Product is a Covered Product for which the “Daily Lead Exposure

Level” is no greater than 0.5 micrograms of lead per day as determined by the quality control methodology described in Section 3.4.

3.4 Testing and Quality Control Methodology

3.4.1 Beginning within one year of the Effective Date, MTS Nutrition shall arrange for lead testing of the Covered Products at least once a year for a minimum of five consecutive years by arranging for testing of five randomly selected samples of each of the Covered Products, in the form intended for sale to the end-user, which MTS Nutrition intends to sell or is manufacturing for sale in California, directly selling to a consumer in California or “Distributing into the State of California.” If tests conducted pursuant to this Section demonstrate that no Warning is required for a Covered Product during each of five consecutive years, then the testing requirements of this Section will no longer be required as to that Covered Product. However, if during or after the five-year testing period, MTS Nutrition changes ingredient suppliers for any of the Covered Products and/or reformulates any of the Covered Products, MTS Nutrition shall test that Covered Product annually for at least four (4) consecutive years after such change is made.

3.4.2 For purposes of measuring the “Daily Lead Exposure Level,” the highest lead detection result of the five (5) randomly selected samples of the Covered Products will be controlling.

3.4.3 All testing pursuant to this Consent Judgment shall be performed using a laboratory method that complies with the performance and quality control factors appropriate for the method used, including limit of detection, qualification, accuracy, and precision that meets the following criteria: Inductively Coupled Plasma-Mass Spectrometry (“ICP-MS”) achieving a limit of quantification of less than or equal to 0.010 mg/kg.

3.4.4 All testing pursuant to this Consent Judgment shall be performed by an independent third party laboratory certified by the California Environmental Laboratory Accreditation Program or an independent third-party laboratory that is registered with the United States Food & Drug Administration.

3.4.5 Nothing in this Consent Judgment shall limit MTS Nutrition’s ability to

1 conduct, or require that others conduct, additional testing of the Covered Products, including
2 the raw materials used in their manufacture.

3 **3.4.6** Within thirty (30) days of ERC's written request, MTS Nutrition shall
4 deliver lab reports obtained pursuant to Section 3.4 to ERC. MTS Nutrition shall retain all test
5 results and documentation for a period of five years from the date of each test.

6 **3.4.7** The testing and reporting requirements of Sections 3.4.1 and 3.4.6 do
7 not apply to any Covered Product for which MTS Nutrition has provided the Warning
8 specified in Section 3.2 continuously and uninterrupted after the Effective Date; however, in
9 the event MTS Nutrition ceases to provide the Warning specified in Section 3.2, MTS
10 Nutrition shall be required to comply with the testing and reporting requirements of this
11 Section 3.4 beginning immediately after the date the Warning ceases to be provided or one
12 year after the Effective Date, whichever date is later, unless MTS Nutrition can show to the
13 satisfaction of ERC that the cessation in providing the Warning was a temporary error that was
14 resolved when discovered.

15 **3.5 Existing Covered Products**

16 MTS Nutrition is not required to recall existing inventories of Covered Products that
17 are no longer in the possession of MTS Nutrition as of the Effective Date of this Consent
18 Judgment ("Existing Covered Products") in order to comply with Section 3 or any other
19 Section of this Consent Judgment. The Parties agree that MTS Nutrition is allowed to sell off
20 the Existing Covered Products as they currently exist in the supply chain or market without
21 being in violation or otherwise in breach of this Consent Judgment. Section 3 of this Consent
22 Judgment shall only apply to Covered Products that have been manufactured or otherwise
23 entered the market or supply chain after the Effective Date and shall not apply to any Existing
24 Covered Products.

25 **4. SETTLEMENT PAYMENT**

26 **4.1** In full satisfaction of all potential civil penalties, additional settlement payments,
27 attorney's fees, and costs, MTS Nutrition shall make a total payment of \$90,000.00 ("Total
28 Settlement Amount") to ERC in seven periodic payments (the "Periodic Payments"). Notably,

1 the Parties agreed that satisfaction of the Total Settlement Amount would be made within
2 approximately 10 months from the date of their agreement to the settlement terms on
3 September 3, 2019, and the Periodic Payments are to be made according to the following
4 payment schedule ("Due Dates"):

- 5 • Payment 1 -- \$12,857.16 within 5 days of the Effective Date, so long as the
6 Effective Date is after December 3, 2019 (the "Effective Payment Date").
- 7 • Payment 2 -- \$12,857.14 within 35 days of the Effective Payment Date
- 8 • Payment 3 -- \$12,857.14 within 65 days of the Effective Payment Date
- 9 • Payment 4 -- \$12,857.14 within 95 days of the Effective Payment Date
- 10 • Payment 5 -- \$12,857.14 within 125 days of the Effective Payment Date
- 11 • Payment 6 -- \$12,857.14 within 155 days of the Effective Payment Date
- 12 • Payment 7 -- \$12,857.14 within 185 days of the Effective Payment Date

13 MTS Nutrition shall make these payments by wire transfer to ERC's account, for which
14 ERC will give MTS Nutrition the necessary account information. The Total Settlement
15 Amount shall be apportioned as follows:

16 **4.2** \$41,000.00 shall be considered a civil penalty pursuant to California Health and
17 Safety Code section 25249.7(b)(1). ERC shall remit 75% (\$30,750.00) of the civil penalty to
18 the Office of Environmental Health Hazard Assessment ("OEHHA") for deposit in the Safe
19 Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety
20 Code section 25249.12(c). ERC will retain the remaining 25% (\$10,250.00) of the civil
21 penalty.

22 **4.3** \$4,733.44 shall be distributed to ERC as reimbursement to ERC for reasonable
23 costs incurred in bringing this action.

24 **4.4** \$29,998.32 shall be distributed to ERC as an Additional Settlement Payment
25 ("ASP"), pursuant to California Code of Regulations, title 11, sections 3203, subdivision (d)
26 and 3204. ERC will utilize the ASP for activities that address the same public harm as
27 allegedly caused by Defendant in this matter. These activities are detailed
28 below and support ERC's overarching goal of reducing and/or eliminating hazardous and toxic

1 chemicals in dietary supplement products in California. ERC's activities have had, and will
2 continue to have, a direct and primary effect within the State of California because California
3 consumers will be benefitted by the reduction and/or elimination of exposure to lead in dietary
4 supplements and/or by providing clear and reasonable warnings to California consumers prior
5 to ingestion of the products.

6 Based on a review of past years' actual budgets, ERC is providing the following list of
7 activities ERC engages in to protect California consumers through Proposition 65 citizen
8 enforcement, along with a breakdown of how ASP funds will be utilized to facilitate those
9 activities: (1) ENFORCEMENT (65-80%): obtaining, shipping, analyzing, and testing dietary
10 supplement products that may contain lead and are sold to California consumers. This work
11 includes continued monitoring and enforcement of past consent judgments and settlements to
12 ensure companies are in compliance with their obligations thereunder, with a specific focus on
13 those judgments and settlements concerning lead. This work also includes investigation of new
14 companies that ERC does not obtain any recovery through settlement or judgment; (2)
15 VOLUNTARY COMPLIANCE PROGRAM (10-20%): maintaining ERC's Voluntary
16 Compliance Program by acquiring products from companies, developing and maintaining a
17 case file, testing products from these companies, providing the test results and supporting
18 documentation to the companies, and offering guidance in warning or implementing a self-
19 testing program for lead in dietary supplement products; and (3) "GOT LEAD" PROGRAM
20 (up to 5%): maintaining ERC's "Got Lead?" Program which reduces the numbers of
21 contaminated products that reach California consumers by providing access to free testing for
22 lead in dietary supplement products (Products submitted to the program are screened for
23 ingredients which are suspected to be contaminated, and then may be purchased by ERC,
24 catalogued, sent to a qualified laboratory for testing, and the results shared with the consumer
25 that submitted the product).

26 ERC shall be fully accountable in that it will maintain adequate records to document
27 and will be able to demonstrate how the ASP funds will be spent and can assure that the funds
28 are being spent only for the proper, designated purposes described in this Consent Judgment.

1 ERC shall provide the Attorney General, within thirty days of any request, copies of
2 documentation demonstrating how such funds have been spent.

3 **4.5** \$14,268.24 shall be distributed to ERC for its in-house legal fees. Except as
4 explicitly provided herein, each Party shall bear its own fees and costs.

5 **4.6** In the event that MTS Nutrition fails to remit the Periodic Payments owed under
6 Section 4.1 of this Consent Judgment on or before the applicable Due Date, MTS Nutrition
7 shall be deemed to be in material breach of its obligations under this Consent Judgment. ERC
8 shall provide written notice of the delinquency to MTS Nutrition via electronic mail. If MTS
9 Nutrition fails to deliver the delinquent payment within five (5) days from the written notice,
10 the Total Settlement Amount, less any amounts previously paid pursuant to Section 4.1, shall
11 be immediately due and owing and shall accrue interest at the statutory judgment interest rate
12 provided in the California Code of Civil Procedure section 685.010. Additionally, MTS
13 Nutrition agrees to pay ERC's reasonable attorney's fees and costs for any efforts to collect the
14 payment due under this Consent Judgment.

15 **5. MODIFICATION OF CONSENT JUDGMENT**

16 **5.1** This Consent Judgment may be modified only as to injunctive terms (i) by
17 written stipulation of the Parties and upon entry by the Court of a modified consent judgment
18 or (ii) by motion of either Party pursuant to Section 5.3 or 5.4 and upon entry by the Court of a
19 modified consent judgment.

20 **5.2** If MTS Nutrition seeks to modify this Consent Judgment under Section 5.1, then
21 MTS Nutrition must provide written notice to ERC of its intent ("Notice of Intent"). If ERC
22 seeks to meet and confer regarding the proposed modification in the Notice of Intent, then ERC
23 must provide written notice to MTS Nutrition within thirty (30) days of receiving the Notice of
24 Intent. If ERC notifies MTS Nutrition in a timely manner of ERC's intent to meet and confer,
25 then the Parties shall meet and confer in good faith as required in this Section. The Parties
26 shall meet in person or via telephone within thirty (30) days of ERC's notification of its intent
27 to meet and confer. Within thirty (30) days of such meeting, if ERC disputes the proposed
28 modification, ERC shall provide to MTS Nutrition a written basis for its position. The Parties

1 shall continue to meet and confer for an additional thirty (30) days in an effort to resolve any
2 remaining disputes. Should it become necessary, the Parties may agree in writing to different
3 deadlines for the meet-and-confer period.

4 **5.3** In the event that MTS Nutrition initiates or otherwise requests a modification
5 under Section 5.1, and the meet and confer process leads to a joint motion or application for a
6 modification of the Consent Judgment, MTS Nutrition shall reimburse ERC its costs and
7 reasonable attorney's fees for the time spent in the meet-and-confer process and filing and
8 arguing the motion or application.

9 **5.4** Where the meet-and-confer process does not lead to a joint motion or
10 application in support of a modification of the Consent Judgment, then either Party may seek
11 judicial relief on its own. In any such contested court proceeding, ERC may seek costs and any
12 attorney's fees incurred in opposing the motion pursuant to California Code of Civil Procedure
13 section 1021.5.

14 **6. RETENTION OF JURISDICTION, ENFORCEMENT OF CONSENT** 15 **JUDGMENT**

16 **6.1** This Court shall retain jurisdiction of this matter to enforce, modify, or
17 terminate this Consent Judgment.

18 **6.2** If ERC alleges that any Covered Product fails to qualify as a Conforming
19 Covered Product (for which ERC alleges that no Warning has been provided), then ERC shall
20 inform MTS Nutrition in a reasonably prompt manner of its test results, including information
21 sufficient to permit MTS Nutrition to identify the Covered Products at issue. MTS Nutrition
22 shall, within thirty (30) days following such notice, provide ERC with testing information,
23 from an independent third-party laboratory meeting the requirements of Sections 3.4.3 and
24 3.4.4, demonstrating MTS Nutrition's compliance with the Consent Judgment. The Parties
25 shall first attempt to resolve the matter prior to ERC taking any further legal action.

26 **7. APPLICATION OF CONSENT JUDGMENT**

27 This Consent Judgment may apply to, be binding upon, and benefit the Parties and their
28 respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries,

1 divisions, franchisees, licensees, customers (excluding private labelers), distributors, wholesalers,
2 retailers, predecessors, successors, and assigns. This Consent Judgment shall have no
3 application to any Covered Product which is distributed or sold exclusively outside the State of
4 California and which is not used by California consumers.

5 **8. BINDING EFFECT, CLAIMS COVERED AND RELEASED**

6 **8.1** This Consent Judgment is a full, final, and binding resolution between ERC,
7 on behalf of itself and in the public interest, and MTS Nutrition and its respective officers,
8 directors, shareholders, employees, agents, parent companies, subsidiaries, divisions, suppliers,
9 franchisees, licensees, customers (not including private label customers of MTS Nutrition),
10 distributors, wholesalers, retailers, and all other upstream and downstream entities in the
11 distribution chain of any Covered Product, and the predecessors, successors, and assigns of any
12 of them (collectively, "Released Parties"). ERC, on behalf of itself and in the public interest,
13 hereby fully releases and discharges the Released Parties from any and all claims, actions,
14 causes of action, suits, demands, liabilities, damages, penalties, fees, costs, and expenses
15 asserted, or that could have been asserted from the handling, use, or consumption of the
16 Covered Products, as to any alleged violation of Proposition 65 or its implementing regulations
17 arising from the failure to provide Proposition 65 warnings on the Covered Products regarding
18 lead up to and including the Effective Date.

19 **8.2** ERC on its own behalf only, and MTS Nutrition on its own behalf only,
20 further waive and release any and all claims they may have against each other for all actions or
21 statements made or undertaken in the course of seeking or opposing enforcement of
22 Proposition 65 in connection with the Notices and Complaint up through and including the
23 Effective Date, provided, however, that nothing in Section 8 shall affect or limit any Party's
24 right to seek to enforce the terms of this Consent Judgment.

25 **8.3** It is possible that other claims not known to the Parties, arising out of the facts
26 alleged in the Notices and Complaint, and relating to the Covered Products, will develop or be
27 discovered. ERC on behalf of itself only, and MTS Nutrition on behalf of itself only,
28 acknowledge that this Consent Judgment is expressly intended to cover and include all such

1 claims up through and including the Effective Date, including all rights of action therefore.
2 ERC and MTS Nutrition acknowledge that the claims released in Sections 8.1 and 8.2 above
3 may include unknown claims, and nevertheless waive California Civil Code section 1542 as to
4 any such unknown claims. California Civil Code section 1542 reads as follows:

5 A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE
6 CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO
7 EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE
8 AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY
AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED
PARTY.

9 ERC on behalf of itself only, and MTS Nutrition on behalf of itself only, acknowledge and
10 understand the significance and consequences of this specific waiver of California Civil Code
11 section 1542.

12 **8.4** Compliance with the terms of this Consent Judgment shall be deemed to
13 constitute compliance with Proposition 65 by any releasee regarding alleged exposures to lead
14 in the Covered Products as set forth in the Notices and Complaint.

15 **8.5** Nothing in this Consent Judgment is intended to apply to any occupational or
16 environmental exposures arising under Proposition 65, nor shall it apply to any of MTS
17 Nutrition's products other than the Covered Products.

18 **9. SEVERABILITY OF UNENFORCEABLE PROVISIONS**

19 In the event that any of the provisions of this Consent Judgment are held by a court to be
20 unenforceable, the validity of the remaining enforceable provisions shall not be adversely
21 affected.

22 **10. GOVERNING LAW**

23 The terms and conditions of this Consent Judgment shall be governed by and construed in
24 accordance with the laws of the State of California.

25 **11. PROVISION OF NOTICE**

26 All notices required to be given to either Party to this Consent Judgment by the other shall
27 be in writing and sent to the following agents listed below via first-class mail or via electronic
28 mail where required. Courtesy copies via email may also be sent.

33 **12. COURT APPROVAL**

34 **12.1** Upon execution of this Consent Judgment by the Parties, ERC shall notice a
35 Motion for Court Approval. The Parties shall use their best efforts to support entry of this
36 Consent Judgment.

1 **12.2** If the California Attorney General objects to any term in this Consent Judgment,
2 the Parties shall use their best efforts to resolve the concern in a timely manner, and if possible
3 prior to the hearing on the motion.

4 **12.3** If this Stipulated Consent Judgment is not approved by the Court, it shall be
5 void and have no force or effect.

6 **13. EXECUTION AND COUNTERPARTS**

7 This Consent Judgment may be executed in counterparts, which taken together shall be
8 deemed to constitute one document. A facsimile or .pdf signature shall be construed to be as valid
9 as the original signature.

10 **14. DRAFTING**

11 The terms of this Consent Judgment have been reviewed by the respective counsel for
12 each Party prior to its signing, and each Party has had an opportunity to fully discuss the terms
13 and conditions with legal counsel. The Parties agree that, in any subsequent interpretation and
14 construction of this Consent Judgment, no inference, assumption, or presumption shall be drawn,
15 and no provision of this Consent Judgment shall be construed against any Party, based on the fact
16 that one of the Parties and/or one of the Parties' legal counsel prepared and/or drafted all or any
17 portion of the Consent Judgment. It is conclusively presumed that all of the Parties participated
18 equally in the preparation and drafting of this Consent Judgment.

19 **15. GOOD FAITH ATTEMPT TO RESOLVE DISPUTES**

20 If a dispute arises with respect to either Party's compliance with the terms of this Consent
21 Judgment entered by the Court, the Parties shall meet and confer in person, by telephone, and/or
22 in writing and endeavor to resolve the dispute in an amicable manner. No action or motion may
23 be filed in the absence of such a good faith attempt to resolve the dispute beforehand.

24 **16. ENFORCEMENT**

25 ERC may, by motion or order to show cause before the Superior Court of Alameda
26 County, enforce the terms and conditions contained in this Consent Judgment. In any action
27 brought by ERC to enforce this Consent Judgment, ERC may seek whatever fines, costs,
28 penalties, or remedies as are provided by law for failure to comply with the Consent Judgment.

To the extent the failure to comply with the Consent Judgment constitutes a violation of Proposition 65 or other laws, ERC shall not be limited to enforcement of this Consent Judgment, but may seek in another action whatever fines, costs, penalties, or remedies as are provided by law for failure to comply with Proposition 65 or other laws.

17. ENTIRE AGREEMENT, AUTHORIZATION

17.1 This Consent Judgment contains the sole and entire agreement and understanding of the Parties with respect to the entire subject matter herein, and any and all prior discussions, negotiations, commitments, and understandings related hereto. No representations, oral or otherwise, express or implied, other than those contained herein have been made by any Party. No other agreements, oral or otherwise, unless specifically referred to herein, shall be deemed to exist or to bind any Party.

17.2 Each signatory to this Consent Judgment certifies that he or she is fully authorized by the Party he or she represents to stipulate to this Consent Judgment.

18. REQUEST FOR FINDINGS, APPROVAL OF SETTLEMENT AND ENTRY OF CONSENT JUDGMENT

This Consent Judgment has come before the Court upon the request of the Parties. The Parties request the Court to fully review this Consent Judgment and, being fully informed regarding the matters which are the subject of this action, to:

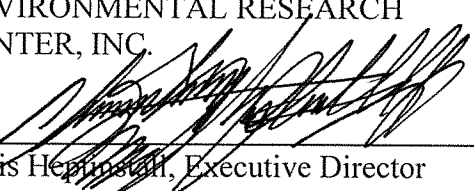

(1) Find that the terms and provisions of this Consent Judgment represent a fair and equitable settlement of all matters raised by the allegations of the Complaint that the matter has been diligently prosecuted, and that the public interest is served by such settlement; and

(2) Make the findings pursuant to California Health and Safety Code section 25249.7(f)(4), approve the Settlement, and approve this Consent Judgment.

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

Tiger Fitness, Inc., individually and dba MTS Nutrition
Vorlo, Inc., individually and dba MTS Nutrition

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

1. **MTS Nutrition Machine Whey Accelerated Amino Uptake Red Velvet Cake - Lead**
2. **MTS Nutrition Machine Whey Accelerated Amino Uptake Mint Cookies & Cream - Lead**
3. **Outright White Chocolate Cranberry Peanut Butter - Lead**
4. **Outright Chocolate Chip Peanut Butter - Lead**
5. **MTS Nutrition M Mass Epic Gains Cookies & Cream - Lead**
6. **MTS Nutrition M Macrolution MRP The Perfect Meal Replacement Chocolate - Lead**
7. **MTS Nutrition M Machine Whey Accelerated Amino Uptake Cookies & Cream - Lead**
8. **MTS Nutrition M Machine Whey Accelerated Amino Uptake PB Cookies & Cream - Lead**
9. **MTS Nutrition M Machine Whey Accelerated Amino Uptake Ice Cream Sandwich - Lead**
10. **MTS Nutrition M Machine Fuel Perfect Intra-Workout BCAA Mixed Berry - Lead**
11. **MTS Nutrition M Machine Greens Plus Multivitamin Apple Cinnamon - Lead**
12. **MTS Nutrition M Barracuda Natural Test & Libido Enhancer Blue Raspberry - Lead**
13. **MTS Nutrition M Barracuda Natural Test & Libido Enhancer Mango - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least May 23, 2016, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a

May 23, 2019

Page 3

constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

OEHHA Summary (to Tiger Fitness, Inc., individually and dba MTS Nutrition; Vorlo, Inc., individually and dba MTS Nutrition; and their Registered Agents for Service of Process only)

Additional Supporting Information for Certificate of Merit (to AG only)

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Tiger Fitness, Inc., individually and dba MTS Nutrition and Vorlo, Inc., individually and dba MTS Nutrition

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: May 23, 2019

Chris Heptinstall

CERTIFICATE OF SERVICE PURSUANT TO 27 CCR § 25903

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am a citizen of the United States and over the age of 18 years of age. My business address is 306 Joy Street, Fort Oglethorpe, Georgia 30742. I am a resident or employed in the county where the mailing occurred. The envelope or package was placed in the mail at Fort Oglethorpe, Georgia.

On May 23, 2019, between 8:00 a.m. and 5:00 p.m. Eastern Time, I served the following documents: **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; “THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY”** on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it in a U.S. Postal Service Office with the postage fully prepaid for delivery by Certified Mail:

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The “Proposition 65 List.” Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

² See Section 25501(a)(4).

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:
<http://oehha.ca.gov/prop65/law/p65law72003.html>.

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

Tiger Fitness, Inc., individually and dba MTS Nutrition
Vorlo, Inc., individually and dba MTS Nutrition

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

1. MTS Nutrition M Nutrient Driver - Lead

2. MTS Nutrition M Peak Physicor Lemon Lime - Lead
3. MTS Nutrition M Machine Carb 10 Unflavored - Lead
4. MTS Nutrition M Clash Fully Loaded Pre-Workout Grape Splash - Lead
5. MTS Nutrition M Aqua Shed Water Control Formula - Lead
6. MTS Nutrition M Machine Fuel Perfect Intra-Workout BCAA Mango Strawberry - Lead
7. MTS Nutrition M Clash Fully Loaded Pre-Workout Rainbow Sherbet - Lead
8. MTS Nutrition M Vasky Non-Stimulant Pump Inducer Unflavored - Lead
9. MTS Nutrition M Clash Fully Loaded Pre-Workout Green Apple - Lead
10. MTS Nutrition M Machine Motion Advanced Joint Health Formula - Lead
11. MTS Nutrition M Drop Factor Peach Pineapple - Lead
12. MTS Nutrition M Machine Multi - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least May 30, 2016, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Tiger Fitness, Inc., individually and dba MTS Nutrition and Vorlo, Inc., individually and dba MTS Nutrition

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: May 30, 2019

Chris Heptinstall

CERTIFICATE OF SERVICE PURSUANT TO 27 CCR § 25903

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am a citizen of the United States and over the age of 18 years of age. My business address is 306 Joy Street, Fort Oglethorpe, Georgia 30742. I am a resident or employed in the county where the mailing occurred. The envelope or package was placed in the mail at Fort Oglethorpe, Georgia.

On May 30, 2019, between 8:00 a.m. and 5:00 p.m. Eastern Time, I served the following documents: **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; “THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY”** on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it in a U.S. Postal Service Office with the postage fully prepaid for delivery by Certified Mail:

Current President or CEO
Tiger Fitness, Inc., individually and dba MTS Nutrition
150 Commerce Drive
Loveland, OH 45140

Chad Vordemesche
(Registered Agent for Vorlo, Inc.,
individually and dba MTS Nutrition)

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The “Proposition 65 List.” Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

² See Section 25501(a)(4).

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:
<http://oehha.ca.gov/prop65/law/p65law72003.html>.
