Attorney for Defendants Equilibrium Nutrition, LLC and  
Equilibrium Nutrition Products LLC

**SUPERIOR COURT OF THE STATE OF CALIFORNIA**  
**COUNTY OF ALAMEDA**

**ENVIRONMENTAL RESEARCH  
CENTER, INC., a California non-profit  
corporation**

**Plaintiff,**  
**vs.**

**EQUILIBRIUM NUTRITION, LLC;  
EQUILIBRIUM NUTRITION PRODUCTS  
LLC; and DOES 1-100**

**Defendants.**

**CASE NO. RG20062215**

**STIPULATED CONSENT  
JUDGMENT**

Health & Safety Code § 25249.5 *et seq.*

Action Filed: May 26, 2020

Trial Date: None set

**1. INTRODUCTION**

**1.1** On May 26, 2020, Plaintiff Environmental Research Center, Inc. (“ERC”), a non-profit corporation, as a private enforcer and in the public interest, initiated this action by filing a Complaint for Injunctive and Declaratory Relief and Civil Penalties pursuant to the provisions of California Health and Safety Code section 25249.5 *et seq.* (“Proposition 65”),

1 against Equilibrium Nutrition, LLC and Equilibrium Nutrition Products LLC (collectively  
2 “Equilibrium Nutrition”) and Does 1-100 alleging Proposition 65 violations in a number of  
3 Equilibrium Nutrition’s nutritional supplement products. Subsequently, on July 2, 2020, a  
4 First Amended Complaint (the operative Complaint referred to hereinafter as the “Complaint”)  
5 was filed alleging Proposition 65 violations in an additional number of Equilibrium Nutrition’s  
6 nutritional supplement products. In this action, ERC alleges that multiple products  
7 manufactured, distributed, or sold by Equilibrium Nutrition contain lead, a chemical listed  
8 under Proposition 65 as a carcinogen and reproductive toxin, and expose consumers to this  
9 chemical at a level requiring a Proposition 65 warning. These products (referred to hereinafter  
10 individually as a “Covered Product” or collectively as “Covered Products”) are: (1)  
11 Equilibrium Daily Nutritional Support All-In-One Vitamin, Mineral & Protein Formula Pure  
12 Chocolate, (2) Equilibrium Daily Fruit & Vegetable Blend Crisp Apple, (3) Equilibrium Daily  
13 Fruit & Vegetable Blend Unflavored and Unsweetened, (4) Equilibrium Daily Nutritional  
14 Support All-In-One Vitamin, Mineral & Protein Formula Natural Vanilla, (5) Equilibrium  
15 Faster Way To Fat Loss Daily Fruit & Vegetable Blend Unflavored and Unsweetened, (6)  
16 Equilibrium ParaPro Support Healthy Intestinal Formula, (7) Equilibrium Gluco Support, (8)  
17 Equilibrium FM Detox Functional Detox Formula, (9) Equilibrium Healthy Belly, and (10)  
18 Equilibrium Daily Fruit and Vegetable Blend.

19 **1.2** ERC and Equilibrium Nutrition are hereinafter referred to individually as a  
20 “Party” or collectively as the “Parties.”

21 **1.3** ERC is a 501 (c)(3) California non-profit corporation dedicated to, among other  
22 causes, helping safeguard the public from health hazards by reducing the use and misuse of  
23 hazardous and toxic chemicals, facilitating a safe environment for consumers and employees,  
24 and encouraging corporate responsibility.

25 **1.4** For purposes of this Stipulated Consent Judgment (the “Consent Judgment”), the  
26 Parties agree that each defendant is a business entity each of which has employed ten or more  
27 persons at all times relevant to this action, and qualifies as a “person in the course of doing  
28 business” within the meaning of Proposition 65. Equilibrium Nutrition manufactures, distributes,

and/or sells the Covered Products.

**1.5** The Complaint is based on allegations contained in ERC's Notices of Violation dated January 10, 2020 and April 30, 2020 that were served on the California Attorney General, other public enforcers, and Equilibrium Nutrition (the "Notices"). True and correct copies of the Notices dated January 10, 2020 and April 30, 2020 are attached hereto as **Exhibits A and B**, respectively, and each is incorporated herein by reference. More than 60 days have passed since the Notices were served on the Attorney General, public enforcers, and Equilibrium Nutrition, and no designated governmental entity has filed a complaint against Equilibrium Nutrition with regard to the Covered Products or the alleged violations.

**1.6** ERC's Notices and Complaint allege that use of the Covered Products by California consumers exposes them to lead without first receiving clear and reasonable warnings, which ERC alleges is in violation of California Health and Safety Code section 25249.6. Equilibrium Nutrition denies all material allegations contained in the Notices and Complaint.

**1.7** The Parties have entered into this Consent Judgment in order to settle, compromise, and resolve disputed claims and thus avoid prolonged and costly litigation. Nothing in this Consent Judgment nor compliance with this Consent Judgment shall constitute or be construed as an admission by any of the Parties or by any of their respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions, franchisees, licensees, customers, suppliers, distributors, wholesalers, or retailers of any fact, issue of law, or violation of law.

**1.8** Except as expressly set forth herein, nothing in this Consent Judgment shall prejudice, waive, or impair any right, remedy, argument, or defense the Parties may have in any current or future legal proceeding unrelated to these proceedings.

**1.9** The Effective Date of this Consent Judgment is the date on which it is entered as a Judgment by this Court.

## **2. JURISDICTION AND VENUE**

For purposes of this Consent Judgment and any further court action that may become

1 necessary to enforce this Consent Judgment, the Parties stipulate that this Court has subject matter  
2 jurisdiction over the allegations of violations contained in the Complaint, that personal jurisdiction  
3 over Equilibrium Nutrition is proper as to the acts alleged in the Complaint, that venue is proper in  
4 Alameda County, and that this Court has jurisdiction to enter this Consent Judgment as a full and  
5 final resolution of all claims up through and including the Effective Date that were or could have  
6 been asserted in this action based on the facts alleged in the Notices and Complaint.

### 7 **3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS**

8 **3.1** Beginning on the Effective Date (for internet warnings as described in Section  
9 3.2) and on January 1, 2021 (the “Compliance Date”) (for all other warning methods described  
10 in Section 3.2), Equilibrium Nutrition shall be enjoined from manufacturing for sale in the  
11 State of California, “Distributing into the State of California,” or directly selling in the State of  
12 California, any Covered Product that exposes a person to a “Daily Lead Exposure Level” of  
13 more than 0.5 micrograms of lead per day unless it meets the warning requirements under  
14 Section 3.2. Equilibrium Nutrition shall not be subject to further liability for Covered Products  
15 sold to third parties without a warning prior to the Effective Date (for internet warnings) or  
16 the Compliance Date (for all other warning methods).

17 **3.1.1** As used in this Consent Judgment, the term “Distributing into the State of  
18 California” or “Distributed into the State of California” shall mean to directly ship a Covered  
19 Product into California for sale in California or to sell a Covered Product to a distributor that  
20 Equilibrium Nutrition knows or has reason to know will sell the Covered Product in California.

21 **3.1.2** For purposes of this Consent Judgment, the “Daily Lead Exposure Level”  
22 shall be measured in micrograms, and shall be calculated using the following formula:  
23 micrograms of lead per gram of product, multiplied by grams of product per serving of the  
24 product (using the largest serving size appearing on the product label), multiplied by servings of  
25 the product per day (using the largest number of recommended daily servings appearing on the  
26 label), which equals micrograms of lead exposure per day, excluding, pursuant to Section 3.1.3,  
27 amounts of allowances of lead in the ingredients listed in **Table 1** below. If the label contains no  
28 recommended daily servings, then the number of recommended daily servings shall be one.

**3.1.3** In calculating the Daily Lead Exposure Level for a Covered Product, Equilibrium Nutrition shall be allowed to deduct the amount of lead which is deemed “naturally occurring” in any ingredient listed in **Table 1** that is contained in that Covered Product under the following conditions: For each year that Equilibrium Nutrition claims entitlement to a “naturally occurring” allowance, Equilibrium Nutrition shall provide ERC with the following information: (a) Equilibrium Nutrition must produce to ERC a list of each ingredient in the Covered Product for which a “naturally occurring” allowance is claimed; (b) Equilibrium Nutrition must provide ERC with documentation of laboratory testing that complies with Sections 3.4.3 and 3.4.4 and that shows the amount of lead, if any, contained in any ingredient listed in **Table 1** that is contained in the Covered Product and for which Equilibrium Nutrition intends to deduct “naturally occurring” lead; (c) If the laboratory testing reveals the presence of lead in any ingredient listed in **Table 1** that is contained in the Covered Product, Equilibrium Nutrition shall be entitled to deduct up to the full amount of the allowance for that ingredient, as listed in **Table 1**, but not to exceed the total amount of lead actually contained in that ingredient in the Covered Product; and (d) If the Covered Product does not contain an ingredient listed in **Table 1**, Equilibrium Nutrition shall not be entitled to a deduction for “naturally occurring” lead in the Covered Product for that ingredient. The information required by Sections 3.1.4 (a) and (b) shall be provided to ERC within thirty (30) days of the Effective Date or anniversary thereof for any year that Equilibrium Nutrition shall claim entitlement to the “naturally occurring” allowance.

**TABLE 1**

INGREDIENT	ALLOWANCES OF AMOUNT OF LEAD
Calcium (Elemental)	Up to 0.8 micrograms/gram
Ferrous Fumarate	Up to 0.4 micrograms/gram
Zinc Oxide	Up to 8.0 micrograms/gram
Magnesium Oxide	Up to 0.4 micrograms/gram
Magnesium Carbonate	Up to 0.332 micrograms/gram
Magnesium Hydroxide	Up to 0.4 micrograms/gram

Zinc Gluconate	Up to 0.8 micrograms/gram
Potassium Chloride	Up to 1.1 micrograms/gram
Cocoa-powder	Up to 1.0 micrograms/gram

### 3.2 Clear and Reasonable Warnings

If Equilibrium Nutrition is required to provide a warning pursuant to Section 3.1, the following warning must be utilized (“Warning”):

**WARNING:** Consuming this product can expose you to chemicals including [lead] which is [are] known to the State of California to cause [cancer and] birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov/food](http://www.P65Warnings.ca.gov/food).

Equilibrium Nutrition shall use the phrase “cancer and” in the Warning if Equilibrium Nutrition has reason to believe that the the “Daily Lead Exposure Level” is greater than 15 micrograms of lead as determined pursuant to the quality control methodology set forth in Section 3.4 or if Equilibrium Nutrition has reason to believe that another Proposition 65 chemical is present in an amount requiring a cancer warning. As identified in the brackets, the warning shall reflect at least one Proposition 65 substance for each end point (cancer and/or reproductive harm) that is present in each of the Covered Products.

The Warning shall be (1) securely affixed to or printed upon the label of each Covered Product, (2) provided via a leaflet or flier, containing only the Warning and an identification of the associated Covered Product(s) (a representation on a leaflet or flier that all products in a shipment are associated with the Warning is compliant with this Consent Judgment so long as there is a reasonable basis for a Warning on all products in the shipment), with each online order of Covered Product shipped into California, or (3) provided by shelf tag for the Covered Product at each point of display of the Covered Product in brick and mortar locations. If the Warning is provided on the label, it shall be securely affixed to or printed upon the label of each Covered Product. The Warning on the label must be set off from other surrounding information and enclosed in a box and must be securely affixed using adhesives or printed upon the label. In addition, for any Covered Product sold over the internet to a California

1 address, the Warning shall appear on the product's primary display page or checkout page. If  
2 the Warning is provided on the checkout page, it must be clearly linked to the Covered Product  
3 by use of an asterisk or other identifying method. If the Warning is provided on the product's  
4 primary display page, the Warning must be inserted either directly onto the product's primary  
5 display page or with a conspicuous hyperlink stating "**WARNING**" in all capital and bold  
6 letters so long as the hyperlink goes directly to a page prominently displaying the Warning  
7 without content that detracts from the Warning. Given Equilibrium Nutrition's lack of control  
8 over third-party websites, the warning requirements expressed in this Section apply only to  
9 Covered Products sold through Equilibrium Nutrition's website so long as Equilibrium  
10 Nutrition complies with the requirements of 27 CCR 25600.2 (in effect on the date of entry of  
11 this Consent Judgment).

12 The Warning shall be at least the same size as the largest of any other health or safety  
13 warnings also appearing on Equilibrium Nutrition's website or on the label of Equilibrium  
14 Nutrition's Covered Products, and the word "**WARNING**" shall be in all capital letters and in  
15 bold print. No statements intended to or likely to have the effect of diminishing the impact of the  
16 Warning on the average lay person shall accompany the Warning. Further, no statements may  
17 accompany the Warning that state or imply that the source of the listed chemical has an impact on  
18 or results in a less harmful effect of the listed chemical.

19 Equilibrium Nutrition must display the above Warning with such conspicuousness, as  
20 compared with other words, statements, or designs on the label, or on its website, if applicable, to  
21 render the Warning likely to be read and understood by an ordinary individual under customary  
22 conditions of purchase or use of the product.

23 For purposes of this Consent Judgment, the term "label" means a display of written,  
24 printed or graphic material that is printed on or affixed to a Covered Product or its immediate  
25 container or wrapper.

### 26 **3.3 Conforming Covered Products**

27 A Conforming Covered Product is a Covered Product for which the "Daily Lead Exposure  
28 Level" is no greater than 0.5 micrograms of lead per day as determined by the exposure

1 methodology set forth in Section 3.1.2 and the quality control methodology described in Section  
2 3.4, and that is not known by Equilibrium Nutrition to contain other chemicals that violate  
3 Proposition 65's safe harbor thresholds.

#### 4 **3.4 Testing and Quality Control Methodology**

5 **3.4.1** Beginning within one year of the Effective Date, Equilibrium Nutrition  
6 shall arrange for lead testing of the Covered Products at least once a year for a minimum of four  
7 consecutive years by arranging for testing of at least one randomly selected sample of each of the  
8 Covered Products, in the form intended for sale to the end-user, which Equilibrium Nutrition  
9 intends to sell or is manufacturing for sale in California, directly selling to a consumer in  
10 California, or "Distributing into the State of California." If tests conducted pursuant to this  
11 Section demonstrate that no Warning is required for a Covered Product during each of four  
12 consecutive years, then the testing requirements of this Section will no longer be required as to  
13 that Covered Product.

14 **3.4.2** For purposes of measuring the "Daily Lead Exposure Level," the highest  
15 lead detection result of the randomly selected sample of the Covered Product will be controlling.

16 **3.4.3** All testing pursuant to this Consent Judgment shall be performed using a  
17 laboratory method that complies with the performance and quality control factors appropriate  
18 for the method used, including limit of detection and limit of quantification, sensitivity,  
19 accuracy, and precision that meets the following criteria: Inductively Coupled Plasma-Mass  
20 Spectrometry ("ICP-MS") achieving a limit of quantification of less than or equal to 0.010  
21 mg/kg.

22 **3.4.4** All testing pursuant to this Consent Judgment shall be performed by an  
23 independent third-party laboratory certified by the California Environmental Laboratory  
24 Accreditation Program, an independent third-party laboratory that is registered with the United  
25 States Food & Drug Administration, or, if agreed upon in writing by the parties, a third-party  
26 laboratory with other substantially similar accreditation.

27 **3.4.5** Nothing in this Consent Judgment shall limit Equilibrium Nutrition's  
28 ability to conduct, or require that others conduct, additional testing of the Covered Products,

1 including the raw materials used in their manufacture.

2           **3.4.6** Within thirty (30) days of ERC’s written request, Equilibrium Nutrition  
3 shall deliver lab reports obtained pursuant to Section 3.4 to ERC. Equilibrium Nutrition shall  
4 retain all test results and documentation for a period of three years from the date of each test.  
5 ERC shall treat all documents provided by Equilibrium Nutrition pursuant to this Section as  
6 confidential.

7           **3.4.7** The testing requirements of Section 3.4 do not apply to any Covered  
8 Product Distributed into the State of California for which Equilibrium Nutrition has provided the  
9 Warning specified in Section 3.2 in a continuous and uninterrupted fashion since the Effective  
10 Date (for internet warnings) or Compliance Date (for all other warning methods). However, in  
11 the event Equilibrium Nutrition ceases to provide the Warning specified in Section 3.2 as to a  
12 particular Covered Product, Equilibrium Nutrition shall be required to comply with the testing  
13 requirements of this Section as to that Covered Product beginning immediately after the date the  
14 Warning ceases to be provided or one year after the Effective Date, whichever date is later.

15           **3.4.8** During each yearly testing period required by Section 3.4.1, when the  
16 required randomly selected testing for a Covered Product results in a “Daily Lead Exposure  
17 Level” that is more than 0.5 micrograms of lead per day, Equilibrium Nutrition shall have the  
18 right to test other lots of that Covered Product, from which lots no randomly selected samples  
19 were tested pursuant to Section 3.4.1, to determine if those lots may be excepted from the  
20 Warning requirements of Section 3.2 during that yearly testing period. For each such lot that is  
21 tested, Equilibrium Nutrition shall test at least two randomly selected samples of the Covered  
22 Product from that lot, and the highest lead detection result will be controlling in determining  
23 the “Daily Lead Exposure Level.” Lots that result in a “Daily Lead Exposure Level” of less  
24 than .5 micrograms of lead per day may be sold in California without a Warning.

#### 25   **4. SETTLEMENT PAYMENT**

26           **4.1** In full satisfaction of all potential civil penalties, additional settlement  
27 payments, attorney’s fees, and costs, Equilibrium Nutrition shall make a total payment of  
28 \$50,000.00 (“Total Settlement Amount”) to ERC according to the following payment schedule

(the “Periodic Payments”):

- Payment 1 -- \$25,000.00 within 5 business days of the Effective Date (“Due Date”).
- Payment 2 -- \$25,000.00 within 35 days of the Effective Date (“Due Date”).

Equilibrium Nutrition shall make the Periodic Payments by wire transfer to ERC’s account, for which ERC will give Equilibrium Nutrition the necessary account information. The Total Settlement Amount shall be apportioned as follows:

**4.2** \$18,000.00 shall be considered a civil penalty pursuant to California Health and Safety Code section 25249.7(b)(1). ERC shall remit 75% (\$13,500.00) of the civil penalty to the Office of Environmental Health Hazard Assessment (“OEHHA”) for deposit in the Safe Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety Code section 25249.12(c). ERC will retain the remaining 25% (\$4,500.00) of the civil penalty.

**4.3** \$5,664.36 shall be distributed to ERC as reimbursement to ERC for reasonable costs incurred in bringing this action.

**4.4** \$13,089.74 shall be distributed to ERC as an Additional Settlement Payment (“ASP”), pursuant to California Code of Regulations, title 11, sections 3203, subdivision (d) and 3204. ERC will utilize the ASP for activities that address the same public harm as allegedly caused by Defendant in this matter. These activities are detailed below and support ERC’s overarching goal of reducing and/or eliminating hazardous and toxic chemicals in dietary supplement products in California. ERC’s activities have had, and will continue to have, a direct and primary effect within the State of California because California consumers will be benefitted by the reduction and/or elimination of exposure to lead in dietary supplements and/or by providing clear and reasonable warnings to California consumers prior to ingestion of the products.

Based on a review of past years’ actual budgets, ERC is providing the following list of activities ERC engages in to protect California consumers through Proposition 65 citizen enforcement, along with a breakdown of how ASP funds will be utilized to facilitate those activities: (1) ENFORCEMENT (65-80%): obtaining, shipping, analyzing, and testing dietary supplement products that may contain lead and are sold to California consumers. This work

1 includes continued monitoring and enforcement of past consent judgments and settlements to  
2 ensure companies are in compliance with their obligations thereunder, with a specific focus on  
3 those judgments and settlements concerning lead. This work also includes investigation of new  
4 companies that ERC does not obtain any recovery through settlement or judgment; (2)  
5 VOLUNTARY COMPLIANCE PROGRAM (10-20%): maintaining ERC's Voluntary  
6 Compliance Program by acquiring products from companies, developing and maintaining a  
7 case file, testing products from these companies, providing the test results and supporting  
8 documentation to the companies, and offering guidance in warning or implementing a self-  
9 testing program for lead in dietary supplement products; and (3) "GOT LEAD" PROGRAM  
10 (up to 5%): maintaining ERC's "Got Lead?" Program which reduces the numbers of  
11 contaminated products that reach California consumers by providing access to free testing for  
12 lead in dietary supplement products (Products submitted to the program are screened for  
13 ingredients which are suspected to be contaminated, and then may be purchased by ERC,  
14 catalogued, sent to a qualified laboratory for testing, and the results shared with the consumer  
15 that submitted the product).

16 ERC shall be fully accountable in that it will maintain adequate records to document  
17 and will be able to demonstrate how the ASP funds will be spent and can assure that the funds  
18 are being spent only for the proper, designated purposes described in this Consent Judgment.  
19 ERC shall provide the Attorney General, within thirty days of any request, copies of  
20 documentation demonstrating how such funds have been spent.

21 **4.5** \$13,245.90 shall be distributed to ERC for its in-house legal fees. Except as  
22 explicitly provided herein, each Party shall bear its own fees and costs.

23 **4.6** In the event that Equilibrium Nutrition fails to remit, in full, either of the  
24 Periodic Payments owed under Section 4 of this Consent Judgment on or before the applicable  
25 Due Date, Equilibrium Nutrition shall be deemed to be in material breach of its obligations  
26 under this Consent Judgment. ERC shall provide written notice of the delinquency to  
27 Equilibrium Nutrition via electronic mail. If Equilibrium Nutrition fails to deliver the  
28 delinquent payment within five (5) days from the date of its receipt of the written notice, the

1 Total Settlement Amount, less any amounts previously paid to ERC, shall be immediately due  
2 and owing and shall accrue interest at the statutory judgment interest rate provided in  
3 California Code of Civil Procedure section 685.010. Additionally, Equilibrium Nutrition  
4 agrees to pay ERC's reasonable attorney's fees and costs for any efforts to collect the payment  
5 due under this Consent Judgment.

## 6 **5. MODIFICATION OF CONSENT JUDGMENT**

7 **5.1** This Consent Judgment may be modified only as to injunctive terms (i) by  
8 written stipulation of the Parties and upon entry by the Court of a modified consent judgment  
9 or (ii) by motion of either Party pursuant to Section 5.3 and upon entry by the Court of a  
10 modified consent judgment.

11 **5.2** If Equilibrium Nutrition seeks to modify this Consent Judgment under Section  
12 5.1, then Equilibrium Nutrition must provide written notice to ERC of its intent ("Notice of  
13 Intent"). If ERC seeks to meet and confer regarding the proposed modification in the Notice of  
14 Intent, then ERC must provide written notice to Equilibrium Nutrition within thirty (30) days of  
15 receiving the Notice of Intent. If ERC notifies Equilibrium Nutrition in a timely manner of  
16 ERC's intent to meet and confer, then the Parties shall meet and confer in good faith as  
17 required in this Section. The Parties shall meet in person or via telephone within thirty (30)  
18 days of ERC's notification of its intent to meet and confer. Within thirty (30) days of such  
19 meeting, if ERC disputes the proposed modification, ERC shall provide to Equilibrium  
20 Nutrition a written basis for its position. The Parties shall continue to meet and confer for an  
21 additional thirty (30) days in an effort to resolve any remaining disputes. Should it become  
22 necessary, the Parties may agree in writing to different deadlines for the meet-and-confer  
23 period.

24 **5.3** In the event that Equilibrium Nutrition initiates or otherwise requests a  
25 modification under Section 5.1, and the meet and confer process leads to a joint motion or  
26 application for a modification of the Consent Judgment, Equilibrium Nutrition shall reimburse  
27 ERC its costs and reasonable attorney's fees for the time spent in the meet-and-confer process  
28 and filing and arguing the motion or application.

1     **6.     RETENTION OF JURISDICTION, ENFORCEMENT OF CONSENT**  
2     **JUDGMENT**

3             **6.1**     This Court shall retain jurisdiction of this matter to enforce, modify, or  
4 terminate this Consent Judgment.

5             **6.2**     If ERC alleges that any Covered Product fails to qualify as a Conforming  
6 Covered Product (for which ERC alleges that no Warning has been provided), then ERC shall  
7 inform Equilibrium Nutrition in a reasonably prompt manner of its test results, including  
8 information sufficient to permit Equilibrium Nutrition to identify the Covered Products at issue.  
9 Equilibrium Nutrition shall, within thirty (30) days following such notice, provide ERC with  
10 testing information from an independent third-party laboratory meeting the requirements of  
11 Sections 3.4.3 and 3.4.4, demonstrating Equilibrium Nutrition's compliance with the Consent  
12 Judgment. The Parties shall first attempt to resolve the matter prior to ERC taking any further  
13 legal action, if warranted.

14     **7.     APPLICATION OF CONSENT JUDGMENT**

15             This Consent Judgment may apply to, be binding upon, and benefit the Parties and their  
16 respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries,  
17 divisions, franchisees, licensees, customers (excluding private labelers), distributors, wholesalers,  
18 retailers, predecessors, successors, and assigns. This Consent Judgment shall have no  
19 application to any Covered Product that is distributed or sold exclusively outside the State of  
20 California and that is not used by California consumers.

21     **8.     BINDING EFFECT, CLAIMS COVERED AND RELEASED**

22             **8.1**     This Consent Judgment is a full, final, and binding resolution between ERC,  
23 on behalf of itself and in the public interest, and Equilibrium Nutrition and its respective  
24 officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions,  
25 suppliers, franchisees, licensees, customers (not including private label customers of  
26 Equilibrium Nutrition), distributors, wholesalers, retailers, and all other upstream and  
27 downstream entities in the distribution chain of any Covered Product, and the predecessors,  
28 successors, and assigns of any of them (collectively, "Released Parties"). ERC, on behalf of

1 itself and in the public interest, hereby fully releases and discharges the Released Parties from  
2 any and all claims, actions, causes of action, suits, demands, liabilities, damages, penalties,  
3 fees, costs, and expenses asserted, or that could have been asserted from the handling, use, or  
4 consumption of the Covered Products, as to any alleged violation of Proposition 65 or its  
5 implementing regulations arising from the failure to provide Proposition 65 warnings on  
6 Covered Products placed into the stream of commerce up to and including the Effective Date  
7 (for internet warnings) or Compliance Date (for all other warning methods).

8 **8.2** ERC on its own behalf only, and Equilibrium Nutrition on its own behalf  
9 only, further waive and release any and all claims they may have against each other for all  
10 actions or statements made or undertaken in the course of seeking or opposing enforcement of  
11 Proposition 65 in connection with the Notices and Complaint up through and including the  
12 Effective Date, provided, however, that nothing in Section 8 shall affect or limit any Party's  
13 right to seek to enforce the terms of this Consent Judgment.

14 **8.3** It is possible that other claims not known to the Parties, arising out of the facts  
15 alleged in the Notices and Complaint, and relating to the Covered Products, will develop or be  
16 discovered, including Covered Products that were sold to third-party distributors and/or  
17 retailers, without a warning, prior to the Effective Date (for internet warnings) or Compliance  
18 Date (for all other warning methods). ERC on behalf of itself only, and Equilibrium Nutrition  
19 on behalf of itself only, acknowledge that this Consent Judgment is expressly intended to cover  
20 and include all such claims up through and including the Effective Date, including all rights of  
21 action arising therefrom. The Parties acknowledge that the claims released in Sections 8.1 and  
22 8.2 above may include unknown claims, and nevertheless waive California Civil Code section  
23 1542 as to any such unknown claims. California Civil Code section 1542 reads as follows:

24 A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE  
25 CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO  
26 EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE  
27 AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY  
28 AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED  
PARTY.

ERC on behalf of itself only, and Equilibrium Nutrition on behalf of itself only, acknowledge

1 and understand the significance and consequences of this specific waiver of California Civil  
2 Code section 1542.

3 **8.4** Compliance with the terms of this Consent Judgment shall be deemed to  
4 constitute compliance with Proposition 65 by any releasee regarding alleged exposures to lead  
5 in the Covered Products as set forth in the Notices and Complaint.

6 **8.5** Nothing in this Consent Judgment is intended to apply to any of Equilibrium  
7 Nutrition's products other than the Covered Products.

8 **9. SEVERABILITY OF UNENFORCEABLE PROVISIONS**

9 In the event that any of the provisions of this Consent Judgment are held by a court to be  
10 unenforceable, the validity of the remaining enforceable provisions shall not be adversely  
11 affected.

12 **10. GOVERNING LAW**

13 The terms and conditions of this Consent Judgment shall be governed by and construed in  
14 accordance with the laws of the State of California.

15 **11. PROVISION OF NOTICE**

16 All notices required to be given to either Party to this Consent Judgment by the other shall  
17 be in writing and sent to the following agents listed below via first-class mail or via electronic  
18 mail where required. Courtesy copies via email may also be sent.

16 **12. COURT APPROVAL**

17 **12.1** Upon execution of this Consent Judgment by the Parties, ERC shall notice a  
18 Motion for Court Approval. The Parties shall use their best efforts to support entry of this  
19 Consent Judgment.

20 **12.2** If the California Attorney General objects to any term in this Consent Judgment,  
21 the Parties shall use their best efforts to resolve the concern in a timely manner, and if possible  
22 prior to the hearing on the Motion for Court Approval.

23 **12.3** If this Consent Judgment is not approved by the Court, it shall be void and have  
24 no force or effect.

25 **13. EXECUTION AND COUNTERPARTS**

26 This Consent Judgment may be executed in counterparts, which taken together shall be  
27 deemed to constitute one document. A facsimile or .pdf signature shall be construed to be as valid  
28 as the original signature.

**14. DRAFTING**

The terms of this Consent Judgment have been reviewed by the respective counsel for  
each Party prior to its signing, and each Party has had an opportunity to fully discuss the terms  
and conditions with legal counsel. The Parties agree that, in any subsequent interpretation and

1 construction of this Consent Judgment, no inference, assumption, or presumption shall be drawn,  
2 and no provision of this Consent Judgment shall be construed against any Party, based on the fact  
3 that one of the Parties and/or one of the Parties' legal counsel prepared and/or drafted all or any  
4 portion of the Consent Judgment. It is conclusively presumed that all of the Parties participated  
5 equally in the preparation and drafting of this Consent Judgment.

6 **15. GOOD FAITH ATTEMPT TO RESOLVE DISPUTES**

7 If a dispute arises with respect to either Party's compliance with the terms of this Consent  
8 Judgment entered by the Court, the Parties shall meet and confer in person, by telephone, and/or  
9 in writing and endeavor to resolve the dispute in an amicable manner. No action or motion may  
10 be filed in the absence of such a good faith attempt to resolve the dispute beforehand.

11 **16. ENFORCEMENT**

12 ERC may, by motion or order to show cause before the Superior Court of Alameda  
13 County, enforce the terms and conditions contained in this Consent Judgment. In any action  
14 brought by ERC to enforce this Consent Judgment, ERC may seek whatever fines, costs,  
15 penalties, or remedies as are provided by law for failure to comply with the Consent Judgment.  
16 To the extent the failure to comply with the Consent Judgment constitutes a violation of  
17 Proposition 65 or other laws, ERC shall not be limited to enforcement of this Consent  
18 Judgment, but may seek in another action whatever fines, costs, penalties, or remedies as are  
19 provided by law for failure to comply with Proposition 65 or other laws.

20 **17. ENTIRE AGREEMENT, AUTHORIZATION**

21 **17.1** This Consent Judgment contains the sole and entire agreement and  
22 understanding of the Parties with respect to the entire subject matter herein, including any and  
23 all prior discussions, negotiations, commitments, and understandings related thereto. No  
24 representations, oral or otherwise, express or implied, other than those contained herein have  
25 been made by any Party. No other agreements, oral or otherwise, unless specifically referred to  
26 herein, shall be deemed to exist or to bind any Party.

27 **17.2** Each signatory to this Consent Judgment certifies that he or she is fully  
28 authorized by the Party he or she represents to stipulate to this Consent Judgment.

18. REQUEST FOR FINDINGS, APPROVAL OF SETTLEMENT AND ENTRY OF  
CONSENT JUDGMENT

This Consent Judgment has come before the Court upon the request of the Parties. The Parties request the Court to fully review this Consent Judgment and, being fully informed regarding the matters which are the subject of this action, to:

(1) Find that the terms and provisions of this Consent Judgment represent a fair and equitable settlement of all matters raised by the allegations of the Complaint, that the matter has been diligently prosecuted, and that the public interest is served by such settlement; and

(2) Make the findings pursuant to California Health and Safety Code section 25249.7(f)(4), approve the Settlement, and approve this Consent Judgment.

### **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)**

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

**Alleged Violators.** The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

**Equilibrium Nutrition, LLC**  
**Equilibrium Nutrition Products LLC**

**Consumer Products and Listed Chemical.** The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

- 1. Equilibrium Daily Nutritional Support All-In-One Vitamin, Mineral & Protein Formula Pure Chocolate - Lead**

2. **Equilibrium Daily Fruit & Vegetable Blend Crisp Apple - Lead**
3. **Equilibrium Daily Fruit & Vegetable Blend Unflavored and Unsweetened - Lead**
4. **Equilibrium Daily Nutritional Support All-In-One Vitamin, Mineral & Protein Formula Natural Vanilla - Lead**
5. **Equilibrium Faster Way To Fat Loss Daily Fruit & Vegetable Blend Unflavored and Unsweetened - Lead**
6. **Equilibrium ParaPro Support Healthy Intestinal Formula - Lead**
7. **Equilibrium Gluco Support - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least January 10, 2017, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

January 10, 2020

Certificate of Merit

Certificate of Service

OEHHA Summary (to Equilibrium Nutrition, LLC, Equilibrium Nutrition Products LLC  
and their Registered Agents for Service of Process only)

Additional Supporting Information for Certificate of Merit (to AG only)

**CERTIFICATE OF MERIT**

**Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by  
Equilibrium Nutrition, LLC and Equilibrium Nutrition Products LLC**

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: January 10, 2020

## APPENDIX A

### OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

#### THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.<sup>1</sup> These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

#### *WHAT DOES PROPOSITION 65 REQUIRE?*

***The “Proposition 65 List.”*** Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

---

<sup>1</sup> All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: [http://www.oehha.ca.gov/prop65/prop65\\_list/Newlist.html](http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html).

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

***Clear and reasonable warnings.*** A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

***Prohibition from discharges into drinking water.*** A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

#### ***DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?***

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

***Grace Period.*** Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

***Governmental agencies and public water utilities.*** All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

***Businesses with nine or fewer employees.*** Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

***Exposures that pose no significant risk of cancer.*** For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

***Exposures that will produce no observable reproductive effect at 1,000 times the level in question.*** For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

***Exposures to Naturally Occurring Chemicals in Food.*** Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant<sup>2</sup> it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

***Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water.*** The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

---

<sup>2</sup> See Section 25501(a)(4).

## *HOW IS PROPOSITION 65 ENFORCED?*

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:  
<http://oehha.ca.gov/prop65/law/p65law72003.html>.

April 30, 2020

### **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)**

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

**Alleged Violators.** The names of the companies covered by this notice that violated Proposition 65 (hereinafter the “Violators”) are:

**Equilibrium Nutrition, LLC**  
**Equilibrium Nutrition Products LLC**

**Consumer Products and Listed Chemical.** The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

- 1. Equilibrium FM Detox Functional Detox Formula – Lead**
- 2. Equilibrium Healthy Belly - Lead**
- 3. Equilibrium Daily Fruit and Vegetable Blend - Lead**

April 30, 2020

Page 2

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least April 30, 2017, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

---

Chris Heptinstall  
Executive Director  
Environmental Research Center

Certificate of Merit  
Certificate of Service  
OEHHA Summary (to Equilibrium Nutrition, LLC, Equilibrium Nutrition Products LLC, and their Registered Agents for Service of Process only)  
Additional Supporting Information for Certificate of Merit (to AG only)

**CERTIFICATE OF MERIT**

**Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Equilibrium Nutrition, LLC and Equilibrium Nutrition Products LLC**

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: April 30, 2020

## APPENDIX A

### OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

#### THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.<sup>1</sup> These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

#### *WHAT DOES PROPOSITION 65 REQUIRE?*

***The “Proposition 65 List.”*** Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

---

<sup>1</sup> All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: [http://www.oehha.ca.gov/prop65/prop65\\_list/Newlist.html](http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html).

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

***Clear and reasonable warnings.*** A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

***Prohibition from discharges into drinking water.*** A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

#### ***DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?***

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

***Grace Period.*** Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

***Governmental agencies and public water utilities.*** All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

***Businesses with nine or fewer employees.*** Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

***Exposures that pose no significant risk of cancer.*** For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

***Exposures that will produce no observable reproductive effect at 1,000 times the level in question.*** For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

***Exposures to Naturally Occurring Chemicals in Food.*** Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant<sup>2</sup> it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

***Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water.*** The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

---

<sup>2</sup> See Section 25501(a)(4).

## *HOW IS PROPOSITION 65 ENFORCED?*

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:  
<http://oehha.ca.gov/prop65/law/p65law72003.html>.
