1.4 General Allegations

Ecological Rights Foundation has alleged in its action entitled *Ecological Rights Foundation v. Staples, Inc., et al.* filed in the San Francisco Superior Court and bearing Case No. CGC-20-584232 (the “Action”), that Best Buy employs ten or more persons and is a person in the course of doing business for purposes of the Safe

Drinking Water and Toxic Enforcement Act of 1986, California Health and Safety Code section 25249.6 *et seq.* (“Proposition 65”), that Best Buy manufactures, sells, and distributes for sale in California the Covered Products, that styrene is listed pursuant to Proposition 65 as a chemical known to the State of California to cause cancer, and that Best Buy failed to provide the warning required by Proposition 65 for exposures to styrene.

1.5 No Admission, and Denial of Allegations

Best Buy denies the material, factual, and legal allegations contained in the Notice and the Action and maintains that all of the Covered Products that it has sold and distributed in California, have been sold, and are, in compliance with all laws, including because Best Buy alleges that it is a “retail seller” as that term is defined and used in 27 Cal. Code of Regulations §25600.2, and that it (1) has not sold any of the Covered Products under a brand or trademark that is owned or licensed by it or any affiliated entity, (2) has not knowingly introduced a listed chemical into the Covered Products, or knowingly caused a listed chemical to be created in the Covered Products, (3) has not covered, obscured or altered a warning label that has been affixed to the Covered Products pursuant to subsection (b), (4) has not received a notice or warning materials for the exposure pursuant to subsections (b) and (c) and nor sold the Covered Products without conspicuously posting or displaying the warning; and (5) (a) has no actual knowledge of the potential consumer product exposure requiring the warning, and (b) there is a manufacturer, producer, packager, importer, supplier, or distributor of the product who: (A) is a “person in the course of doing business” under Section 25249.11(b) of the Act, and (B) has designated an agent for service of process in California, or has a place of business in California. Additionally, Best Buy contends that it has not taken possession of the Covered Products as a result of sales practices which result in the Covered Products being shipped directly to customers. Furthermore, Best Buy contends that any claim for civil penalties or injunctive relief is barred by the

applicable statutes of limitations, and that the claims asserted have been released through settlements with other parties that have become effective either by the approval of government authorities expressly or through the passage of time.

As such, nothing in this Settlement Agreement shall be construed as an admission by Best Buy of any fact, finding, conclusion, issue of law, or violation of law, nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Best Buy of any fact, finding, conclusion, issue of law, or violation of law, such being specifically denied by Best Buy. This Section shall not, however, diminish or otherwise affect Best Buy's obligations, responsibilities, and duties under this Settlement Agreement.

1.6 Effective Date

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date on which this Settlement Agreement is approved by the court in the Action.

1.7 Dismissal of the Action

On or before thirty (30) days after the Effective Date, Ecological Rights Foundation shall dismiss the Action with prejudice as to Best Buy. Upon dismissal, each party shall bear its own fees and costs except as to the payments and other obligations under this Agreement which shall remain operative notwithstanding the dismissal.

2. OBLIGATION OF NOTICE TO MANUFACTURERS OR DISTRIBUTORS

2.1 Notice Obligation

Within twenty-one (21) days after the Effective Date, Best Buy agrees to send, by email to the extent there is any existing email contact related to the purchase and sale of 3D Printers, and U.S. certified or registered mail on Best Buy letterhead, to its upstream manufacturers or distributors of the Covered Products Best Buy sold within the four years preceding the Effective Date the following notice:

Best Buy is sending this letter pursuant to a Proposition 65 settlement with

Ecological Rights Foundation wherein Best Buy has agreed to notify its manufacturers or distributors of 3D Printers that Ecological Rights Foundation contends you must have a legible Proposition 65 warning online and on packaging of all your 3D Printers that are capable of being used with a styrene filament. Ecological Rights Foundation contends the Proposition 65 warning must specifically warn that when the 3D Printer is used with a filament incorporating a styrene monomer, users of 3D Printers may be exposed to styrene, a chemical known to the State of California to cause cancer.

Plaintiff's counsel may also provide to Best Buy information concerning styrene and the release of styrene from the Covered Products (the "Styrene Information"). The Styrene Information shall be provided to Best Buy through its counsel in an electronic graphic form (such as .pdf or .tif file). Best Buy shall provide the Styrene Information to its manufacturers or distributors of the Covered Products simultaneously with providing the above notice.

2.2 Product Warnings

Except to the extent that 27 California Code of Regulations Section 25600.2 is modified or repealed or otherwise is no longer applicable to such Covered Products or the sale of such Covered Products, Best Buy agrees to comply with Health & Safety Code § 25249.5 et seq. and 27 California Code of Regulations Section 25600.2 with respect to Covered Products it sells in the future.

Ecological Rights Foundation acting on its own behalf, and *not* on behalf of the public, releases Best Buy, its parents, subsidiaries, affiliated entities under common ownership by its ultimate parent corporation, directors, officers, agents employees, attorneys, and each entity to whom Best Buy has directly or indirectly distributed or sold the Covered Products, including, but not limited, to downstream distributors, wholesalers, and retailers (all whether those persons' and entities' identities are known or unknown), and customers, franchisees, cooperative members, importers, and licensees (collectively, "Releasees"), from all claims for violations of Proposition 65 and its implementing statutes and regulations raised in the Notice or in the Complaint through the Effective Date based on or related to or arising out of sales of the Covered Products. The Parties understand and agree that this Section 4.1 release shall not extend upstream to any entities that manufactured the Covered Products or any component parts thereof, or any distributors or suppliers who sold the Covered Products or any component parts thereof to Best Buy.

4.2 Ecological Rights Foundation's Individual Release of Claims

Ecological Rights Foundation, in its individual capacity only and *not* in its representative capacity, provides a release herein which shall be effective as a full and final accord and satisfaction, as a bar to all actions, causes of action, obligations, costs, expenses, attorneys' fees, damages, losses, claims, liabilities, and demands of Ecological Rights Foundation raised in the Notice or in the Complaint of any nature, character, or kind, whether known or unknown, suspected or unsuspected, including but not limited to all failure to warn claims, arising out of alleged or actual exposures to styrene in the Covered Products manufactured, imported, distributed, or sold by Best Buy prior to the Effective Date. The Parties understand and agree that this Section 4.2 release shall not extend upstream to any entities that manufactured the Covered Products, or any

component parts thereof, or any distributors or suppliers who sold the Covered Products, or any component parts thereof to Best Buy. Nothing in this Section affects Ecological Rights Foundation's right to commence or prosecute an action under Proposition 65 against a Releasee that does not involve Best Buy's manufacture, distribution, or sale of Covered Products.

4.3 Representations and Warranties Concerning Other Clients and Claims

By their execution of this Agreement, except to the extent such agreement may be forbidden by the equivalent of Rule 5.6(b) of the ABA Model Rules of Professional Conduct or any other applicable ethical rules or legal requirements, Ecological Rights Foundation and its counsel represent and warrant that, to the best of their knowledge, they have not had any communication with any other person who intends to bring a claim against Best Buy on any matter. Ecological Rights Foundation and its counsel further represent and warrant that they are not aware, at the time of their execution of this Agreement, of any other client(s) currently represented by Ecological Rights Foundation's counsel, or any persons or entities who are currently in the client intake process or have contacted Ecological Rights Foundation's counsel but have not yet hired them, who have a potential claim against Best Buy. In addition, Ecological Rights Foundation's counsel represents and warrants that they currently do not represent any other person(s) and are not soliciting for any other person(s) with claims against Best Buy, and affirm that Ecological Rights Foundation's counsel does not currently represent any other individual who it knows has claims against Best Buy. The releasing parties agree that the release provisions hereof shall remain effective notwithstanding any such difference(s) in fact(s). This Agreement shall not be subject to attack on the ground that any or all of the theories or factual assumptions used for negotiating purposes are for any reason inaccurate or inappropriate.

The releasing parties, after reviewing the provisions of Section 1542 of the California Civil Code set out below, hereby expressly waive any rights or protections provided by said Section 1542, and expressly acknowledge that this Agreement and the releases contained in it include claims both known and unknown to the releasing parties as of the time of execution of this Agreement. Section 1542 of the California Civil Code provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, AND THAT IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.
