27 **CASE NO. 21CV001657**

28 **STIPULATED CONSENT**
JUDGMENT

Health & Safety Code § 25249.5 *et seq.*

Action Filed: November 3, 2021

Trial Date: None set

1 **1. INTRODUCTION**

2 On November 3, 2021, Plaintiff Environmental Research Center, Inc. (“ERC”), a non-
3 profit corporation, as a private enforcer and in the public interest, initiated this action by filing
4 a Complaint for Injunctive and Declaratory Relief and Civil Penalties pursuant to the
5 provisions of California Health and Safety Code section 25249.5 *et seq.* (“Proposition 65”),
6 against The Health & Wellness Center, Inc., individually and dba Dr. Berg Nutritionals (“Dr.

1 Berg Nutritionals”) and Does 1-100. Subsequently, on February 14, 2022, a First Amended
2 Complaint was filed (the operative Complaint, hereinafter referred to as “Complaint”). In this
3 action, ERC alleges that four products manufactured, distributed, or sold by Dr. Berg
4 Nutritionals contain lead, a chemical listed under Proposition 65 as a carcinogen and
5 reproductive toxin, and expose consumers to this chemical at a level requiring a Proposition 65
6 warning. These products (referred to hereinafter individually as a “Covered Product” or
7 collectively as “Covered Products”) are: (1) Dr. Berg Cruciferous Superfood Phytonutrient
8 Complex, (2) Dr. Berg Estrogen Balance With DIM, (3) Dr. Berg Keto Meal Replacement
9 Shake Pea Protein With MCT Oil Powder Chocolate Brownie Flavor, and (4) Dr. Berg's
10 Instant Kale Shake Chocolate.

11 **1.1** ERC and Dr. Berg Nutritionals are hereinafter referred to individually as a
12 “Party” or collectively as the “Parties.”

13 **1.2** ERC is a 501 (c)(3) California non-profit corporation dedicated to, among other
14 causes, helping safeguard the public from health hazards by reducing the use and misuse of
15 hazardous and toxic chemicals, facilitating a safe environment for consumers and employees,
16 and encouraging corporate responsibility.

17 **1.3** For purposes of this Consent Judgment, the Parties agree that Dr. Berg
18 Nutritionals is a business entity that has employed ten or more persons at all times relevant to this
19 action, and qualifies as a “person in the course of doing business” within the meaning of
20 Proposition 65. Dr. Berg Nutritionals manufactures, distributes, and/or sells the Covered Products.

21 **1.4** The Complaint is based on allegations contained in ERC’s Notices of Violation
22 dated August 5, 2021 and August 24, 2021 that were served on the California Attorney
23 General, other public enforcers, and Dr. Berg Nutritionals (“Notices”). True and correct copies
24 of the 60-Day Notices dated August 5, 2021 and August 24, 2021 are attached hereto as
25 *Exhibits A* and *B* and each is incorporated herein by reference. More than 60 days have passed
26 since the Notices were served on the Attorney General, public enforcers, and Dr. Berg
27 Nutritionals and no designated governmental entity has filed a Complaint against Dr. Berg
28 Nutritionals with regard to the Covered Products or the alleged violations.

1 **1.5** ERC’s Notices and Complaint allege that use of the Covered Products by
2 California consumers exposes them to lead without first receiving clear and reasonable
3 warnings from Dr. Berg Nutritionals, which is in violation of California Health and Safety
4 Code section 25249.6. Dr. Berg Nutritionals denies all material allegations contained in the
5 Notices and Complaint.

6 **1.6** The Parties have entered into this Consent Judgment in order to settle,
7 compromise, and resolve disputed claims and thus avoid prolonged and costly litigation.
8 Nothing in this Consent Judgment nor compliance with this Consent Judgment shall constitute
9 or be construed as an admission by any of the Parties or by any of their respective officers,
10 directors, shareholders, employees, agents, parent companies, subsidiaries, divisions,
11 franchisees, licensees, customers, suppliers, distributors, wholesalers, or retailers of any fact,
12 issue of law, or violation of law.

13 **1.7** Except as expressly set forth herein, nothing in this Consent Judgment shall
14 prejudice, waive, or impair any right, remedy, argument, or defense the Parties may have in
15 any current or future legal proceeding unrelated to these proceedings.

16 **1.8** The Effective Date of this Consent Judgment is the date on which it is entered
17 as a Judgment by this Court.

18 **2. JURISDICTION AND VENUE**

19 For purposes of this Consent Judgment and any further court action that may become
20 necessary to enforce this Consent Judgment, the Parties stipulate that this Court has subject matter
21 jurisdiction over the allegations of violations contained in the Complaint and personal jurisdiction
22 over Dr. Berg Nutritionals as to the acts alleged in the Complaint, that venue is proper in Alameda
23 County, and that this Court has jurisdiction to enter this Consent Judgment as a full and final
24 resolution of all claims up through and including the Effective Date that were or could have been
25 asserted in this action based on the facts alleged in the Notices and Complaint.

26 **3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS**

27 **3.1** Beginning on the Effective Date, Dr. Berg Nutritionals shall be permanently
28 enjoined from manufacturing for sale in the State of California, “Distributing into the State of

1 California,” or directly selling in the State of California, any Covered Product that exposes a
2 person to a “Daily Lead Exposure Level” of more than 0.5 micrograms of lead per day unless it
3 meets the warning requirements under Section 3.2.

4 **3.1.1** As used in this Consent Judgment, the term “Distributing into the State
5 of California” shall mean to directly ship a Covered Product into California for sale in
6 California or to sell a Covered Product to a distributor that Dr. Berg Nutritionals knows or has
7 reason to know will sell the Covered Product in California.

8 **3.1.2** For purposes of this Consent Judgment, the “Daily Lead Exposure
9 Level” shall be measured in micrograms, and shall be calculated using the following formula:
10 micrograms of lead per gram of product, multiplied by grams of product per serving of the
11 product (using the largest serving size appearing on the product label), multiplied by servings
12 of the product per day (using the largest number of recommended daily servings appearing on
13 the label), which equals micrograms of lead exposure per day. If the label contains no
14 recommended daily servings, then the number of recommended daily servings shall be one.

15 **3.2 Clear and Reasonable Warnings**

16 If Dr. Berg Nutritionals is required to provide a warning pursuant to Section 3.1, one of
17 the following warnings must be utilized (“Warning”):

18 **OPTION 1 (Long-Form Warning):**

19 **WARNING:** Consuming this product can expose you to chemicals including [lead]
20 which is [are] known to the State of California to cause [cancer and] birth defects or other
21 reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

22 Or

23 **OPTION 2 (Short-Form Warning):**

24 **WARNING:** Reproductive Harm - www.P65Warnings.ca.gov/food.

25
26 Dr. Berg Nutritionals shall use the phrase “cancer and” in the Warning if Dr. Berg
27 Nutritionals has reason to believe that the “Daily Lead Exposure Level” is greater than 15
28 micrograms of lead as determined pursuant to the quality control methodology set forth in

1 Section 3.4 or if Dr. Berg Nutritionals has reason to believe that another Proposition 65 chemical
2 is present which may require a cancer warning. A symbol consisting of a black exclamation
3 point in a yellow equilateral triangle with a bold black outline shall be placed to the left of the
4 text of the Warning, in a size no smaller than the height of the word “**WARNING.**” Where the
5 sign, label or shelf tag for the product is not printed using the color yellow, the symbol may be
6 printed in black and white. For the Option 2 Warning, the entire Warning must be in a type size
7 no smaller than the largest type size used for other consumer information on the product. In no
8 case shall the Warning appear in a type size smaller than 6-point type.

9 The Warning shall be securely affixed to or printed upon the label of each Covered
10 Product and it must be set off from other surrounding information. In addition, for any Covered
11 Product sold over the internet, the Warning shall appear on the checkout page when a
12 California delivery address is indicated for any purchase of any Covered Product. An asterisk
13 or other identifying method must be utilized to identify which products on the checkout page
14 are subject to the Warning. The Warning may be provided with a conspicuous hyperlink
15 stating “**WARNING**” in all capital and bold letters so long as the hyperlink goes directly to a
16 page prominently displaying the Warning without content that detracts from the Warning.

17 The Warning shall be at least the same size as the largest of any other health or safety
18 warnings also appearing on the website or on the label and the word “**WARNING**” shall be in all
19 capital letters and in bold print. No statements intended to or likely to have the effect of
20 diminishing the impact of the Warning on the average lay person shall accompany the Warning.
21 Further no statements may accompany the Warning that state or imply that the source of the listed
22 chemical has an impact on or results in a less harmful effect of the listed chemical.

23 Dr. Berg Nutritionals must display the above Warning with such conspicuousness, as
24 compared with other words, statements or designs on the label, or on its website, if applicable, to
25 render the Warning likely to be read and understood by an ordinary individual under customary
26 conditions of purchase or use of the product.

27 For purposes of this Consent Judgment, the term “label” means a display of written,
28 printed or graphic material that is printed on or affixed to a Covered Product or its immediate

1 container or wrapper.

2 **3.3 Conforming Covered Products**

3 A Conforming Covered Product is a Covered Product for which the “Daily Lead Exposure
4 Level” is no greater than 0.5 micrograms of lead per as determined by the exposure methodology
5 set forth in Section 3.1.2 and the quality control methodology described in Section 3.4, and that is
6 not known by Dr. Berg Nutritionals to contain other chemicals that violate Proposition 65’s safe
7 harbor thresholds.

8 **3.4 Testing and Quality Control Methodology**

9 **3.4.1** Beginning within one year of the Effective Date, Dr. Berg Nutritionals
10 shall arrange for lead testing of the Covered Products at least once a year for a minimum of
11 three consecutive years by arranging for testing of three (3) randomly selected samples of each
12 of the Covered Products, in the form intended for sale to the end-user, which Dr. Berg
13 Nutritionals intends to sell or is manufacturing for sale in California, directly selling to a
14 consumer in California or “Distributing into the State of California.” If tests conducted
15 pursuant to this Section demonstrate that no Warning is required for a Covered Product during
16 each of three consecutive years, then the testing requirements of this Section will no longer be
17 required as to that Covered Product.

18 **3.4.2** For purposes of measuring the “Daily Lead Exposure Level,” the highest
19 lead detection result of the three (3) randomly selected samples of each of the Covered
20 Products tested will be controlling. If, for whatever reason, the highest result reflects an
21 exposure to lead in excess of the Daily Lead Exposure Level for a Covered Product tested, Dr.
22 Berg Nutritionals has the right to test three alternate randomly selected samples of that
23 Covered Product, in the form intended for sale to the end-user and which Dr. Berg Nutritionals
24 intends to sell or is manufacturing for sale in California, directly selling to a consumer in
25 California or “Distributing into the State of California” (“Retest”), and the highest lead
26 detection result from the three alternate randomly selected samples tested during the Retest
27 shall be used as controlling for calculating the Daily Lead Exposure Level for that Covered
28 Product for purposes of the Consent Judgment. Dr. Berg Nutritionals shall only be permitted

1 one Retest of each of the Covered Products, as outlined in this Section, during each yearly
2 period during which testing is performed pursuant to Section 3.4.1.

3 **3.4.3** All testing pursuant to this Consent Judgment shall be performed using
4 Inductively Coupled Plasma-Mass Spectrometry (“ICP-MS”) or another laboratory method
5 appropriate for determination of lead in food that can achieve a limit of quantitation of 0.005
6 mg/kg.

7 **3.4.4** All testing pursuant to this Consent Judgment shall be performed by an
8 independent third party laboratory certified or accredited to test for lead in foods.

9 **3.4.5** Nothing in this Consent Judgment shall limit Dr. Berg Nutritionals’
10 ability to conduct, or require that others conduct, additional testing of the Covered Products,
11 including the raw materials used in their manufacture.

12 **3.4.6** Within thirty (30) days of ERC’s written request, Dr. Berg Nutritionals
13 shall deliver lab reports obtained pursuant to Section 3.4 to ERC. Dr. Berg Nutritionals shall
14 retain all test results and documentation for a period of five years from the date of each test.

15 **3.4.7** The testing requirements of this Section 3.4 do not apply to any Covered
16 Product for which Dr. Berg Nutritionals has provided a Warning in compliance with Section
17 3.2 continuously and uninterrupted after the Effective Date; however, in the event Dr. Berg
18 Nutritionals ceases to provide the Warning in compliance with Section 3.2, Dr. Berg
19 Nutritionals shall be required to comply with the testing requirements of this Section beginning
20 immediately after the date the Warning ceases to be provided or one year after the Effective
21 Date, whichever date is later, unless Dr. Berg Nutritionals can show to the satisfaction of ERC
22 that the cessation in providing the Warning was a temporary error that was resolved when
23 discovered.

24 **4. SETTLEMENT PAYMENT**

25 **4.1** In full satisfaction of all potential civil penalties, additional settlement
26 payments, attorney’s fees, and costs, Dr. Berg Nutritionals shall make a total payment of
27 \$82,500.00 (“Total Settlement Amount”) to ERC within 10 business days of the Effective Date
28 (“Due Date”). Dr. Berg Nutritionals shall make this payment by wire transfer to ERC’s

1 account, for which ERC will give Dr. Berg Nutritionals the necessary account information. The
2 Total Settlement Amount shall be apportioned as follows:

3 **4.2** \$38,325.00 shall be considered a civil penalty pursuant to California Health and
4 Safety Code section 25249.7(b)(1). ERC shall remit 75% \$28,743.75 of the civil penalty to the
5 Office of Environmental Health Hazard Assessment (“OEHHA”) for deposit in the Safe
6 Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety
7 Code section 25249.12(c). ERC will retain the remaining 25% \$9,581.25 of the civil penalty.

8 **4.3** \$3,262.26 shall be distributed to ERC as reimbursement to ERC for reasonable
9 costs incurred in bringing this action.

10 **4.4** \$28,728.14 shall be distributed to ERC as an Additional Settlement Payment
11 (“ASP”), pursuant to California Code of Regulations, title 11, sections 3203, subdivision (d)
12 and 3204. ERC will utilize the ASP for activities that address the same public harm as
13 allegedly caused by Defendant in this matter. These activities are detailed below and support
14 ERC’s overarching goal of reducing and/or eliminating hazardous and toxic chemicals in
15 dietary supplement products in California. ERC’s activities have had, and will continue to
16 have, a direct and primary effect within the State of California because California consumers
17 will be benefitted by the reduction and/or elimination of exposure to lead in dietary
18 supplements and/or by providing clear and reasonable warnings to California consumers prior
19 to ingestion of the products.

20 Based on a review of past years’ actual budgets, ERC is providing the following list of
21 activities ERC engages in to protect California consumers through Proposition 65 citizen
22 enforcement, along with a breakdown of how ASP funds will be utilized to facilitate those
23 activities: (1) ENFORCEMENT (up to 65-80%): obtaining, shipping, analyzing, and testing
24 dietary supplement products that may contain lead and are sold to California consumers. This
25 work includes continued monitoring and enforcement of past consent judgments and
26 settlements to ensure companies are in compliance with their obligations thereunder, with a
27 specific focus on those judgments and settlements concerning lead and/or mercury. This work
28 also includes investigation of new companies that ERC does not obtain any recovery through

1 settlement or judgment; (2) VOLUNTARY COMPLIANCE PROGRAM (up to 10-20%):
2 maintaining ERC's Voluntary Compliance Program by acquiring products from companies,
3 developing and maintaining a case file, testing products from these companies, providing the
4 test results and supporting documentation to the companies, and offering guidance in warning
5 or implementing a self-testing program for lead in dietary supplement products; and (3) "GOT
6 LEAD" PROGRAM (up to 5%): maintaining ERC's "Got Lead?" Program which reduces the
7 numbers of contaminated products that reach California consumers by providing access to free
8 testing for lead in dietary supplement products (Products submitted to the program are screened
9 for ingredients which are suspected to be contaminated, and then may be purchased by ERC,
10 catalogued, sent to a qualified laboratory for testing, and the results shared with the consumer
11 that submitted the product).

12 ERC shall be fully accountable in that it will maintain adequate records to document
13 and will be able to demonstrate how the ASP funds will be spent and can assure that the funds
14 are being spent only for the proper, designated purposes described in this Consent Judgment.
15 ERC shall provide the Attorney General, within thirty days of any request, copies of
16 documentation demonstrating how such funds have been spent.

17 **4.5** \$12,184.60 shall be distributed to ERC for its in-house legal fees. Except as
18 explicitly provided herein, each Party shall bear its own fees and costs.

19 **4.6** In the event that Dr. Berg Nutritionals fails to remit the Total Settlement
20 Amount owed under Section 4 of this Consent Judgment on or before the Due Date, Dr. Berg
21 Nutritionals shall be deemed to be in material breach of its obligations under this Consent
22 Judgment. ERC shall provide written notice of the delinquency to Dr. Berg Nutritionals via
23 electronic mail. If Dr. Berg Nutritionals fails to deliver the Total Settlement Amount within
24 five (5) days from the written notice, the Total Settlement Amount shall accrue interest at the
25 statutory judgment interest rate provided in the California Code of Civil Procedure section
26 685.010. Additionally, Dr. Berg Nutritionals agrees to pay ERC's reasonable attorney's fees
27 and costs for any efforts to collect the payment due under this Consent Judgment.

28 ///

1 **5. MODIFICATION OF CONSENT JUDGMENT**

2 **5.1** This Consent Judgment may be modified only as to injunctive terms (i) by
3 written stipulation of the Parties and upon entry by the Court of a modified consent judgment
4 or (ii) by motion of either Party pursuant to Section 5.3 and upon entry by the Court of a
5 modified consent judgment.

6 **5.2** If either Party seeks to modify this Consent Judgment under Section 5.1, then
7 that Party must provide written notice to the other Party of its intent (“Notice of Intent”). If
8 the other Party seeks to meet and confer regarding the proposed modification in the Notice of
9 Intent, then the other Party must provide written notice to the Party seeking the modification
10 within thirty (30) days of receiving the Notice of Intent. If the other Party notifies the Party
11 seeking the modification in a timely manner of the other Party’s intent to meet and confer, then
12 the Parties shall meet and confer in good faith as required in this Section. The Parties shall
13 meet in person or via telephone or via remote platform (e.g. Zoom) within thirty (30) days of
14 the other Party’s notification of its intent to meet and confer. Within thirty (30) days of such
15 meeting, if the other Party disputes the proposed modification, the other Party shall provide to
16 the Party seeking the modification a written basis for its position. The Parties shall continue to
17 meet and confer for an additional thirty (30) days in an effort to resolve any remaining
18 disputes. Should it become necessary, the Parties may agree in writing to different deadlines
19 for the meet-and-confer period.

20 **5.3** In the event that Dr. Berg Nutritionals initiates or otherwise requests a
21 modification under Section 5.1, and the meet and confer process leads to a joint motion or
22 application for a modification of the Consent Judgment, Dr. Berg Nutritionals shall reimburse
23 ERC its costs and reasonable attorney’s fees for the time spent in the meet-and-confer process
24 and filing and arguing the motion or application.

25 **6. RETENTION OF JURISDICTION, ENFORCEMENT OF CONSENT**
26 **JUDGMENT**

27 **6.1** This Court shall retain jurisdiction of this matter to enforce, modify, or
28 terminate this Consent Judgment.

1 **6.2** If ERC alleges that any Covered Product fails to qualify as a Conforming
2 Covered Product (for which ERC alleges that no Warning has been provided), then ERC shall
3 inform Dr. Berg Nutritionals in a reasonably prompt manner of its test results, including
4 information sufficient to permit Dr. Berg Nutritionals to identify the Covered Products at issue.
5 Dr. Berg Nutritionals shall, within thirty (30) days following such notice, provide ERC with
6 testing information, from an independent third-party laboratory meeting the requirements of
7 Sections 3.4.3 and 3.4.4, demonstrating Dr. Berg Nutritionals' compliance with the Consent
8 Judgment. The Parties shall first attempt to resolve the matter prior to ERC taking any further
9 legal action.

10 **7. APPLICATION OF CONSENT JUDGMENT**

11 This Consent Judgment may apply to, be binding upon, and benefit the Parties and their
12 respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries,
13 divisions, franchisees, licensees, customers (excluding private labelers), distributors, wholesalers,
14 retailers, predecessors, successors, and assigns. This Consent Judgment shall have no application
15 to any Covered Product that is distributed or sold exclusively outside the State of California and
16 that is not used by California consumers.

17 **8. BINDING EFFECT, CLAIMS COVERED AND RELEASED**

18 **8.1** This Consent Judgment is a full, final, and binding resolution between ERC,
19 on behalf of itself and in the public interest, and Dr. Berg Nutritionals and its respective
20 officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions,
21 suppliers, franchisees, licensees, customers (not including private label customers of Dr. Berg
22 Nutritionals), distributors, wholesalers, retailers, and all other upstream and downstream
23 entities in the distribution chain of any Covered Product, and the predecessors, successors, and
24 assigns of any of them (collectively, "Released Parties").

25 **8.2** ERC, acting in the public interest, releases the Released Parties from any
26 and all claims for violations of Proposition 65 up through the Effective Date based on exposure
27 to lead from the Covered Products as set forth in the Notices of Violation. ERC, on behalf of
28 itself only, hereby fully releases and discharges the Released Parties from any and all claims,

1 actions, causes of action, suits, demands, liabilities, damages, civil penalties, fees, costs, and
2 expenses asserted, or that could have been asserted from the handling, use, or consumption of
3 the Covered Products, as to any alleged violation of Proposition 65 or its implementing
4 regulations arising from the failure to provide Proposition 65 warnings on the Covered
5 Products regarding lead up to and including the Effective Date.

6 **8.3** ERC on its own behalf only, and Dr. Berg Nutritionals on its own behalf
7 only, further waive and release any and all claims they may have against each other for all
8 actions or statements made or undertaken in the course of seeking or opposing enforcement of
9 Proposition 65 in connection with the Notices and Complaint up through and including the
10 Effective Date, provided, however, that nothing in Section 8 shall affect or limit any Party's
11 right to seek to enforce the terms of this Consent Judgment.

12 **8.4** It is possible that other claims not known to the Parties, arising out of the facts
13 alleged in the Notices and Complaint, and relating to the Covered Products, will develop or be
14 discovered. ERC on behalf of itself only, and Dr. Berg Nutritionals on behalf of itself only,
15 acknowledge that this Consent Judgment is expressly intended to cover and include all such
16 claims up through and including the Effective Date, including all rights of action therefore.
17 ERC and Dr. Berg Nutritionals acknowledge that the claims released in Sections 8.2 and 8.3
18 above may include unknown claims, and nevertheless waive California Civil Code section
19 1542 as to any such unknown claims. California Civil Code section 1542 reads as follows:

20 A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE
21 CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO
22 EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE
23 AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY
AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED
PARTY.

24 ERC on behalf of itself only, and Dr. Berg Nutritionals on behalf of itself only, acknowledge
25 and understand the significance and consequences of this specific waiver of California Civil
26 Code section 1542.

27 **8.5** Compliance with the terms of this Consent Judgment shall be deemed to
28 constitute compliance with Proposition 65 by any of the Released Parties regarding alleged

1 exposures to lead in the Covered Products as set forth in the Notices and Complaint.

2 **8.6** Nothing in this Consent Judgment is intended to apply to any occupational or
3 environmental exposures arising under Proposition 65, nor shall it apply to any of Dr. Berg
4 Nutritionals' products other than the Covered Products.

5 **9. SEVERABILITY OF UNENFORCEABLE PROVISIONS**

6 In the event that any of the provisions of this Consent Judgment are held by a court to be
7 unenforceable, the validity of the remaining enforceable provisions shall not be adversely
8 affected.

9 **10. GOVERNING LAW**

10 The terms and conditions of this Consent Judgment shall be governed by and construed in
11 accordance with the laws of the State of California.

12 **11. PROVISION OF NOTICE**

13 All notices required to be given to either Party to this Consent Judgment by the other shall
14 be in writing and sent to the following agents listed below via first-class mail or via electronic
15 mail where required.

16 **12. COURT APPROVAL**

17 **12.1** Upon execution of this Consent Judgment by the Parties, ERC shall notice a
18 Motion for Court Approval. The Parties shall use their best efforts to support entry of this
19 Consent Judgment.

20 **12.2** If the California Attorney General objects to any term in this Consent Judgment,
21 the Parties shall use their best efforts to resolve the concern in a timely manner, and if possible
22 prior to the hearing on the motion.

23 **12.3** If this Stipulated Consent Judgment is not approved by the Court, it shall be
24 void and have no force or effect.

25 **13. EXECUTION AND COUNTERPARTS**

26 This Consent Judgment may be executed in counterparts, which taken together shall be
27 deemed to constitute one document. A facsimile or .pdf signature shall be construed to be as valid
28 as the original signature.

14. DRAFTING

The terms of this Consent Judgment have been reviewed by the respective counsel for
each Party prior to its signing, and each Party has had an opportunity to fully discuss the terms
and conditions with legal counsel. The Parties agree that, in any subsequent interpretation and

1 construction of this Consent Judgment, no inference, assumption, or presumption shall be drawn,
2 and no provision of this Consent Judgment shall be construed against any Party, based on the fact
3 that one of the Parties and/or one of the Parties' legal counsel prepared and/or drafted all or any
4 portion of the Consent Judgment. It is conclusively presumed that all of the Parties participated
5 equally in the preparation and drafting of this Consent Judgment.

6 **15. GOOD FAITH ATTEMPT TO RESOLVE DISPUTES**

7 If a dispute arises with respect to either Party's compliance with the terms of this Consent
8 Judgment entered by the Court, the Parties shall meet and confer in person, by telephone, and/or
9 in writing and endeavor to resolve the dispute in an amicable manner. No action or motion may
10 be filed in the absence of such a good faith attempt to resolve the dispute beforehand.

11 **16. ENFORCEMENT**

12 ERC may, by motion or order to show cause before the Superior Court of Alameda
13 County, enforce the terms and conditions contained in this Consent Judgment. In any action
14 brought by ERC to enforce this Consent Judgment, ERC may seek whatever fines, costs,
15 penalties, or remedies as are provided by law for failure to comply with the Consent Judgment.
16 To the extent the failure to comply with the Consent Judgment constitutes a violation of
17 Proposition 65 or other laws, ERC shall not be limited to enforcement of this Consent
18 Judgment, but may seek in another action whatever fines, costs, penalties, or remedies as are
19 provided by law for failure to comply with Proposition 65 or other laws.

20 **17. ENTIRE AGREEMENT, AUTHORIZATION**

21 **17.1** This Consent Judgment contains the sole and entire agreement and
22 understanding of the Parties with respect to the entire subject matter herein, including any and
23 all prior discussions, negotiations, commitments, and understandings related thereto. No
24 representations, oral or otherwise, express or implied, other than those contained herein have
25 been made by any Party. No other agreements, oral or otherwise, unless specifically referred to
26 herein, shall be deemed to exist or to bind any Party.

27 **17.2** Each signatory to this Consent Judgment certifies that he or she is fully
28 authorized by the Party he or she represents to stipulate to this Consent Judgment.

18. REQUEST FOR FINDINGS, APPROVAL OF SETTLEMENT AND ENTRY OF CONSENT JUDGMENT

This Consent Judgment has come before the Court upon the request of the Parties. The Parties request the Court to fully review this Consent Judgment and, being fully informed regarding the matters which are the subject of this action, to:

- (1) Find that the terms and provisions of this Consent Judgment represent a fair and equitable settlement of all matters raised by the allegations of the Complaint that the matter has been diligently prosecuted, and that the public interest is served by such settlement; and
(2) Make the findings pursuant to California Health and Safety Code section 25249.7(f)(4), approve the Settlement, and approve this Consent Judgment.

IT IS SO STIPULATED:

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violator identified below.

Alleged Violator. The name of the company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

The Health & Wellness Center, Inc., individually and dba Dr. Berg Nutritionals

Consumer Products and Listed Chemical. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

- 1. Dr. Berg Cruciferous Superfood Phytonutrient Complex - Lead**
- 2. Dr. Berg Estrogen Balance With DIM - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least August 5, 2018, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.’s Notice of Proposition 65 Violations by The Health & Wellness Center, Inc., individually and dba Dr. Berg Nutritionals

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that “reasonable and meritorious case for the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: August 5, 2021

Chris Heptinstall

CERTIFICATE OF SERVICE PURSUANT TO 27 CCR § 25903

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am a citizen of the United States and over the age of 18 years of age. My business address is 306 Joy Street, Fort Oglethorpe, Georgia 30742. I am a resident or employed in the county where the mailing occurred. The envelope or package was placed in the mail at Fort Oglethorpe, Georgia.

On August 5, 2021, between 8:00 a.m. and 5:00 p.m. Eastern Time, I served the following documents: **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; “THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY”** on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it in a U.S. Postal Service Office with the postage fully prepaid for delivery by Certified Mail:

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The "Proposition 65 List." Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

² See Section 25501(a)(4).

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at: <http://oehha.ca.gov/prop65/law/p65law72003.html>.

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violator identified below.

Alleged Violator. The name of the company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

The Health & Wellness Center, Inc., individually and dba Dr. Berg Nutritionals

Consumer Products and Listed Chemicals. The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

- 1. Dr. Berg Keto Meal Replacement Shake Pea Protein With MCT Oil Powder Chocolate Brownie Flavor - Lead**
- 2. Dr. Berg's Instant Kale Shake Chocolate – Lead, Mercury**
- 3. Dr. Berg Veggie Solution Raw Green Superfood Powder - Mercury**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

On July 1, 1990, the State of California officially listed mercury and mercury compounds as chemicals known to cause developmental toxicity and male and female reproductive toxicity.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to these chemicals has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least August 24, 2018, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons ingesting these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time-consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by The Health & Wellness Center, Inc., individually and dba Dr. Berg Nutritionals

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: August 24, 2021

Chris Heptinstall

CERTIFICATE OF SERVICE PURSUANT TO 27 CCR § 25903

I, the undersigned, declare under penalty of perjury under the laws of the State of California that the following is true and correct:

I am a citizen of the United States and over the age of 18 years of age. My business address is 306 Joy Street, Fort Oglethorpe, Georgia 30742. I am a resident or employed in the county where the mailing occurred. The envelope or package was placed in the mail at Fort Oglethorpe, Georgia.

On August 24, 2021, between 8:00 a.m. and 5:00 p.m. Eastern Time, I served the following documents: **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE §25249.5 ET SEQ.; CERTIFICATE OF MERIT; “THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY”** on the following parties by placing a true and correct copy thereof in a sealed envelope, addressed to each of the parties listed below and depositing it in a U.S. Postal Service Office with the postage fully prepaid for delivery by Certified Mail:

Current President or CEO
The Health & Wellness Center, Inc., individually and
dba Dr. Berg Nutritionals
4501 Ford Ave, Apt 609
Alexandria, VA 22302

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The "Proposition 65 List." Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

² See Section 25501(a)(4).

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:
<http://oehha.ca.gov/prop65/law/p65law72003.html>.
