

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (“**Agreement**”) between Public Health and Safety Advocacy, LLC (“**PHSA**”), on the one hand, and Beaver Street Fisheries, Inc., and Sea Best Corp. (collectively hereinafter referred to as “**BSF**”), on the other hand, is effective on the date on which this agreement is fully executed (“**Effective Date**”). **PHSA** and **BSF** are referred to individually as a “**Party**” and collectively as the “**Parties.**” The Parties agree as follows:

The parties have been advised that the California Attorney General’s Office is currently litigating with respect to fresh and frozen seafood items (Alameda County, Case # RG20085046) and that the parties have the option to wait or join the Attorney General’s litigation case as the outcome may vary or affect distributors. The parties have agreed to enter into this private out-of-court settlement agreement for the purpose of avoiding prolonged litigation. Except with respect to the amount of the total Settlement Amount as provided in Section 4 below, should the Attorney General’s Office object to this settlement, the parties agree to reasonably supplement this Agreement in order to be in conformity with the Attorney General’s objection requirements.

1. This Agreement is intended to fully resolve all claims, demands, and allegations set forth in or related to the Notice of Violations of California Health & Safety Code, section 25249.5 *et seq.* (also known as “**Proposition 65**”) that **PHSA** served on **Walmart, Inc.; Wal-Mart Stores, Inc.; and Walmart.com USA, LLC** on October 27, 2021, Notice of Violation No.: 2021-02655 (the “**Notice**”) with regards to the following product identified below (referred to as the “**Covered Product**”):

- **Seafood Festival Shrimp, Snow Crab and Mussels with Special Seasoning Blend- Lot No. 19485.**

BSF, allegedly, was a supplier of the Covered Product to **Walmart** during the time period in question.

2. The Parties enter into this Agreement in order to achieve a settlement of the claims as stated in Section 1 (collectively “this **Matter**”) and for the purpose of avoiding prolonged litigation. **BSF** denies all allegations contained in the Notice. Nothing in this Agreement shall be construed as an admission by **BSF** (or Walmart Inc. or any of its affiliates) of any fact, issue of law, or violation of law, nor shall compliance with this Agreement constitute or be construed as an admission by **BSF** (or Walmart Inc. or any of its affiliates) of any fact, issue of law, or violation of the law. Nothing in this Agreement or any document referred to herein shall be construed as giving rise to any presumption or inference of admission or concession by **BSF** (or Walmart Inc. or any of its affiliates) as to any fault, wrongdoing, or liability. This Section shall not diminish or otherwise affect the obligations, responsibilities, and duties of the Parties under this Agreement. The Parties agree and understand that neither Walmart Inc. nor any other Walmart-related entities are parties to this Agreement and that this Agreement imposes no obligations or duties on Walmart, Inc. or any of said other Walmart-related entities.

3. **Injunctive Relief; Reformulation; Testing; and Warnings.**

In consideration of the following covenants of **BSF**, and the other conditions contained in this Agreement, **PHSA** releases **BSF** as set forth in Section 6 below.

3.1 Beginning on the compliance date (“**Compliance Date**”) which refers to the date that is ninety (90) calendar days after the Effective Date, **BSF** shall not manufacture for sale in the State of California, “distribute into the State of California,” or directly sell in the State of California, any Covered Product which exposes a person to more than 0.5 micrograms of Lead, or 4.1 micrograms of Cadmium based on the recommended serving size on the Covered Product’s label, unless the Covered Product bears a Proposition 65 warning or

has some other code compliant warning located elsewhere which meets the requirements under Section 3.2 below.

3.1.1 As used in this Settlement Agreement and Release, the term “Distribute into the State of California” shall mean to directly ship a Covered Product into California for sale in California or to sell a Covered Product to a distributor that **BSF** knows will sell the covered Product in California.

3.1.2 For the purpose of this Agreement, the amount of Lead or Cadmium a person is exposed to from the Covered Product shall be calculated using the following formula: micrograms of Lead or Cadmium per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), which equals micrograms of Lead or Cadmium exposure per day.

3.2 **Clear and Reasonable Warnings.**

For Covered Product(s) that require a Proposition 65 warning under this Settlement Agreement, **BSF** shall utilize one of the following warnings statements (“**Warnings**”);

3.2.1 Option 1

WARNING: Consuming this product can expose you to chemicals including Lead and Cadmium, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov/food.

3.2.2 Option 2

WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov/food.

3.2.3 Option 3

Any warning authorized by any Proposition 65 law or regulation effective on or after the Effective Date.

With respect to the short-form warning under Section 3.2.2 above, the warning must appear in a type size no smaller than the largest type size used for other consumer information on the product. In no case shall the warning appear in a type size smaller than 6-point type.

3.3 **Calculation of Levels; Reformulated Covered Products.**

A “**Reformulated Covered Product**” is one for which the average daily exposure level does not exceed 0.5 micrograms of Lead per day, and 4.1 micrograms of Cadmium per day, as determined by the formula, testing, and quality control methodology described in Section 3.4.

As used in the Agreement, “no more than 0.5 micrograms of Lead per day” means that the samples of the testing under Section 3.4 yield an average daily exposure of no more than 0.5 micrograms of lead per day (with average daily exposure calculated pursuant to Section 3.4 of this Agreement).

Similarly, “no more than 4.1 micrograms of Cadmium per day” means that the samples of the testing under Section 3.4 yield an average daily exposure of no more than 4.1

micrograms of Cadmium per day (with average daily exposure calculated pursuant to Section 3.4 of this Agreement).

For the Covered Product that causes exposures in excess of 0.5 micrograms of Lead per day, or 4.1 micrograms of Cadmium per day, as of the Compliance Date **BSF** shall provide the warnings set forth in Section 3.2, the average concentration utilizing the geometric mean of Lead and Cadmium detection results of five (5) samples of the relevant product, randomly selected by **BSF**, will be controlling.

3.4 **Testing and Quality Control Methodology.**

3.4.1 To the extent that **BSF** decides to sell Reformulated Covered Product in California, **BSF** shall arrange, for at least two (2) consecutive years and at least once per year, commencing one year from the Effective Date, for the Lead and Cadmium testing of five (5) randomly-selected samples of five separate lots (or the maximum number of lots available if less than five) each year for each Covered Product to confirm whether the exposure to Lead from the maximum serving size is more or less than 0.5 micrograms of Lead per day and whether the exposure to Cadmium from the maximum serving size is more or less than 4.1 micrograms of Cadmium per day. For purpose of this Agreement, average daily exposure levels shall be measured in micrograms per day, and shall be calculated using the following formula: the average concentration of Lead or Cadmium in the product in micrograms per gram, multiplied by grams of the product per serving of the product (using the serving size appearing on the product label). The testing requirements of this Section 3.4.1 do not apply to any of the Covered Products for which **BSF** has provided a warning as specified in Section 3.2 Further, **BSF** is only required to produce information under this paragraph if it is selling Reformulated Covered Products in California.

3.4.2 The Parties agree that the Reformulated Covered Product may be offered for sale in California without the warning required by Section 3.2.

3.4.3 All testing pursuant to this Agreement shall be performed by an independent third-party laboratory certified by the California Environmental Laboratory or an independent third-party laboratory that is registered with the United States Food & Drug Administration or other state governmental agencies.

3.4.4 Testing for Lead and Cadmium shall be performed using Inductively Coupled Plasma-Mass Spectrometry (ICP-MS) achieving a limit of quantification of less than or equal to 0.010 mg/kg or any other testing method agreed upon in writing by the Parties.

3.4.5 Nothing in this Agreement shall limit **BSF's** ability to conduct or require that others conduct additional testing of the Covered Product, including raw material used in their manufacture.

3.5 **Exemptions.**

Notwithstanding anything to the contrary contained in this Agreement, the requirements of this Section 3 shall not apply to any inventories of the Covered Product that are physically located in the State of California on the Effective Date.

4. **Payments**

In full satisfaction of all potential civil penalties and attorney's fees, costs, and any other expenses incurred by **PHSA** or its counsel, **BSF** shall pay the total Settlement amount of Twenty-Seven Thousand Dollars (\$27,000) (the "**Settlement Amount**") as set forth below.

4.1 **Civil Penalties Pursuant To Health & Safety Code § 25249.7(B)**
