

SETTLEMENT AGREEMENT AND RELEASE

1. INTRODUCTION

1.1 Parties

This Settlement Agreement and Release (“Settlement Agreement”) is entered into by and between Environmental Health Advocates, Inc. (“EHA”), on the one hand, and American Outdoor Products, Inc. (“American Outdoor”), on the other hand, with EHA and American Outdoor each individually referred to as a “Party” and collectively as the “Parties.” EHA is a corporation in the State of California serving in the interest of the general public by seeking to promote awareness of exposures to toxic chemicals and to improve human health by reducing or eliminating hazardous substances used in consumer Product. American Outdoor employs ten or more individuals and is a person in the course of doing business for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health and Safety Code § 25249.6 *et seq.* (“Proposition 65”).

1.2 General Allegations

EHA alleges that American Outdoor manufactures, sells, and distributes for sale in California, a freeze dried meal product that contains lead and cadmium and that it does so without first providing the health hazard warning required by Proposition 65. Lead and cadmium are listed pursuant to Proposition 65 as a chemicals known to cause cancer and birth defects or other reproductive harm.

1.3 Product Description

The product covered by this Settlement Agreement is defined as, and expressly limited to Wild West Chili & Beans – Backpacker’s Pantry (“the Product”), that EHA alleges contains lead and cadmium and that is manufactured, sold or distributed for sale in California by American Outdoor.

1.4 Notice of Violation and Complaint

On November 1, 2022, EHA served American Outdoor Products, Inc., Recreational Equipment, Inc., the California Attorney General and other requisite public enforcers with a 60-Day Notice of Violation (“Notice”), alleging that American Outdoor and others violated Proposition 65 when they failed to warn its customers and consumers in California of the health risks associated with exposures to lead and cadmium from the Product.

To the best of the Parties' knowledge, no public enforcer has commenced and is diligently prosecuting an action to enforce the violations alleged in the Notice.

1.5 No Admission

American Outdoor denies the material, factual, and legal allegations in the Notice and maintains that all of the Product it sold and/or distributed for sale in California, including the Product, have been, and are, in compliance with all laws. Nothing in this Settlement Agreement shall be construed as an admission by American Outdoor of any fact, finding, conclusion, issue of law or violation of law, nor shall compliance with this Settlement Agreement constitute or be construed as an admission by American Outdoor of any fact, finding, conclusion, issue of law or violation of law, such being specifically denied by American Outdoor. This Section shall not, however, diminish or otherwise affect American Outdoor obligations, responsibilities, and duties under this Settlement Agreement.

1.6 Effective Date

For purposes of this Settlement Agreement, the term "Effective Date" shall mean fourteen (14) days following the execution of this Settlement Agreement by the Parties.

2. INJUNCTIVE RELIEF

The "Daily Lead Exposure Level" shall be calculated by using the methods outlined in Cal. Code Regs., tit. 27, § 25821. As used in this Section 2, "distributed for sale in CA" means to directly ship Covered Products into California or to sell Covered Products to a distributor American Outdoor knows will sell Covered Products in California.

any Covered Product that exposes a person to a “Daily Cadmium Exposure Level” of more than 4.1 micrograms of cadmium based on a single serving per day unless such Covered Products comply with the warning requirements of Section 2.2. The “Daily Cadmium Exposure Level” shall be calculated by multiplying the recommended serving size in Covered Product by the concentration of cadmium in Covered Products. As used in this Section 2, “distributed for sale in CA” means to directly ship Covered Products into California or to sell Covered Products to a distributor American Outdoor knows will sell Covered Products in California

2.2 Clear and Reasonable Warnings

As of the Effective Date, and continuing thereafter, if and only if the Daily Lead Exposure Level in the Product is more than 0.5 micrograms of lead, and/or if the Daily Cadmium Exposure Level in the Product is more than 4.1 micrograms of cadmium, a clear and reasonable Proposition 65 warning as set forth below must be provided for the Product that American Outdoor sells in California.

If required, American Outdoor shall provide one of the following warning statements:

If the warning statement is displayed on the Product’s packaging, it must be in a type size no smaller than the largest type size used for other consumer information on the Product. In no case shall a warning statement displayed on the Product’s packaging appear in a type size smaller than 6-point type if the Product contains more than 0.5 micrograms of lead per day, or more than 4.1 micrograms of cadmium per day. For internet purchases on any websites under the exclusive control of American Outdoor where the Product is sold into

California, the warning must be provided by including either the warning or a clearly marked hyperlink using the word “WARNING” on the product display page, or by otherwise prominently displaying the warning to the purchaser prior to completing the purchase. If the warning is provided using the short-form warning label content pursuant to Section 25602(a)(4), the warning provided on the website may use the same content.

2.3 Grace Period for Existing Inventory of Product

The requirements of Sections 2.1 and 2.2 shall not apply to the Product that is already manufactured and labeled as of the Effective Date, which Product is expressly subject to the releases provided in Section 4.1.
