(Health & Safety Code § 25249.6 et seq. and  
Code of Civil Procedure § 664.6)

## 1. INTRODUCTION

2 This Consent Judgment is entered into by and between plaintiff Center for Advanced Public  
3 Awareness (“CAPA”) and defendant American International Industries, a California General  
4 Partnership (“AII”), with CAPA and AII each individually referred to as a “Party” and collectively, as  
5 the “Parties,” to resolve the allegations in the September 19, 2022 and May 22, 2023 60-Day Notices  
6 of Violation in compliance with the Safe Drinking Water and Toxic Enforcement Act of 1986, Health  
7 & Safety Code § 25249.6 et seq. (“Proposition 65”).

1                   **1.1     The Parties**

2                   CAPA is a California-based non-profit organization proceeding in the public interest pursuant  
3 to California Health & Safety Code § 25249.7(d) to ensure that chemicals known to the State of  
4 California to cause cancer, birth defects, or other reproductive harm are disclosed or eliminated from  
5 consumer products sold in California. AII is a person in the course of doing business for purposes of  
6 California Health & Safety Code § 25249.11(b).

7                   **1.2     Consumer Product Description**

8                   CAPA alleges that AII manufactures, imports, sells, or distributes for sale in California glass  
9 bottles with exterior decoration containing the heavy metal, Lead, including but not limited to, *China*  
10 *Glaze Nail Lacquer with Hardeners, 1749 Tangerine Heat, #85001, UPC 0 19965 85001 8*, without  
11 providing the health hazard warning that CAPA alleges is required by California Health & Safety  
12 Code § 25249.5 *et seq.* (“**Proposition 65**”). Glass bottles with exterior decoration are referred to  
13 hereinafter as the “**Products**.” Lead is listed pursuant to Proposition 65 as a chemical known to the  
14 State of California to cause birth defects or other reproductive harm. AII denies the material, factual  
15 and legal allegations in the Notices and maintains that all of the products it has sold and/or distributed  
16 for sale in California, including Products, have been and are in compliance with all applicable laws,  
17 rules and regulations.

18                   **1.3     Notices of Violation**

19                   On September 19, 2022 and May 22, 2023, CAPA served AII, the California Attorney  
20 General, and the requisite public enforcement agencies with a 60-Day Notice of Violation  
21 (“**Notices**”), alleging AII violated Proposition 65 by failing to warn its customers and consumers in  
22 California that the Products can expose users to Lead. No public enforcer has commenced and is  
23 diligently prosecuting an action to enforce the allegations set forth in the Notices.

24                   **1.4     Complaint**

25                   On January 23, 2024, CAPA commenced the instant action (“**Complaint**”), naming AII as a  
26 defendant for the alleged violations of Proposition 65 that are the subject of the Notices.

1                   **1.5    No Admission**

2                   AII denies the material, factual and legal allegations contained in the Notices and Complaint  
3 and maintains that all products it sold or distributed for sale in California, including the Products,  
4 have been, and are, in compliance with all laws. Nothing in this Consent Judgment shall be construed  
5 as, nor shall compliance with this Consent Judgment constitute or be construed as, an admission by  
6 AII of any fact, finding, conclusion of law, issue of law, or violation of law. This section shall not,  
7 however, diminish or otherwise affect AII's obligations, responsibilities, and duties under this  
8 Consent Judgment.

9                   **1.6    Jurisdiction**

10                  For purposes of this Consent Judgment only, the Parties stipulate that this Court has  
11 jurisdiction over AII as to the allegations contained in the Complaint; that venue is proper in  
12 Sacramento County; and that the Court has jurisdiction to enter and enforce the provisions of this  
13 Consent Judgment, pursuant to Proposition 65 and Code of Civil Procedure § 664.6.

14                  **1.7    Effective Date**

15                  The term "Effective Date" means the date on which the Court approves this Consent  
16 Judgment and enters Judgment pursuant to its terms.

17                  **2.    INJUNCTIVE RELIEF: REFORMULATION**

18                  **2.1    Reformulation Commitment**

19                  Commencing on the Effective Date and continuing thereafter, all Products AII manufactures,  
20 imports, sells, ships, or distributes for sale in or into California, directly or through one or more third  
21 party retailers or e-commerce marketplaces, shall meet the Reformulation Standard for Reformulated  
22 Products, as defined by Section 2.2.

23                  **2.2    Reformulation Standard**

24                  For purposes of this Agreement, "Reformulated Products" are defined as those Products  
25 complying with the Reformulation Standard below:

26                  (a) containing no more than 0.009% or 90 parts per million ("ppm") Lead in any decoration,  
27 description, artwork and/or design on the exterior surface when analyzed pursuant to U.S.  
28 Environmental Protection Agency ("EPA") testing methodologies 3050B and 6020A or equivalent

1 methodologies utilized by federal or state agencies for the purpose of determining Lead content in a  
2 solid substance by a laboratory certified or accredited by the State of California, the United States  
3 Food and Drug Administration/Environmental Protection Agency, the National Environmental  
4 Laboratory Accreditation Program, or a member accreditation body of the International Laboratory  
5 Accreditation Cooperation (“ILAC”); and

6 (b) yielding a test result of no more than 1.0 microgram of Lead on any exterior surface  
7 covered with a decoration, description, artwork and/or design when sampled pursuant to the NIOSH  
8 9100 testing protocol and analyzed pursuant to EPA 3050B and 6020A.

9 If the decoration is tested after it is affixed to the Product, the percentage of the Lead by  
10 weight must relate only to the decorating materials and must not include any quantity of the non-  
11 decorating material (e.g., glass substrate).

### 12 **2.3 Certification of Compliance with Reformulation Standard**

13 On or before the thirtieth (30<sup>th</sup>) day after the Effective Date, an officer of AII shall provide  
14 Seven Hills LLP with a written attested declaration stating, as of the Effective Date, and continuing  
15 thereafter, any and all Products manufactured or imported by AII for sale to (a) consumers in  
16 California directly including through its own website, affiliated websites or a third party website, to  
17 consumers located in California, and (b) customers with nationwide distribution and e-commerce  
18 websites, are Reformulated Products as defined by Section 2.2. Along with its attested declaration,  
19 AII shall provide a recent test result performed after the date of the Notices, showing the Products  
20 were tested and analyzed according to the parameters set forth in Section 2.2 and are Reformulated  
21 Products. Failure to comply with this section shall render this Agreement null and void.

### 22 **2.4 Compliance with Regulations**

23 The Parties agree that AII’s compliance with Section 2.1 and Section 2.2 of this Consent  
24 Judgment shall be deemed compliance with Proposition 65. If AII seeks to otherwise comply with  
25 regulations and/or safe harbor levels adopted by the California Office of Environmental Health  
26 Hazard Assessment applicable to the Product and the exposure at issue, it may seek a modification of  
27 this Consent Judgment pursuant to Section 13 below.

1        **3. MONETARY SETTLEMENT TERMS**

2        **3.1 Civil Penalty**

3           Pursuant to Health and Safety Code § 25249.7(b), AII agrees to pay a civil penalty of \$10,500  
4 within twenty-one (21) days of the Effective Date. AII's civil penalty payment will be allocated  
5 according to Health and Safety Code § 25249.12(c)(1) and (d), with seventy-five percent (75%) of the  
6 penalty paid to the California Office of Environmental Health Hazard Assessment ("OEHHA") and  
7 the remaining twenty-five percent (25%) retained by CAPA. AII shall issue its payment in two  
8 checks made payable to: (a) "OEHHA" in the amount of \$7,875; and (b) "Center for Advanced  
9 Public Awareness" in the amount of \$2,625. CAPA's counsel shall be responsible for delivery to  
10 OEHHA and CAPA their respective portions of the penalty payment.

11        **3.2 Additional Settlement Payments**

12           AII shall pay \$7,500 as an Additional Settlement Payment ("ASP"), payable to "Center for  
13 Advanced Public Awareness," pursuant to the guidelines and requirements set forth in Health &  
14 Safety Code § 25249.7(b) and California Code of Regulation, Title 11, § 3204. In accordance with  
15 California Code of Regulations § 3204(b)(6), the following paragraphs detail the utilization and  
16 documentation of the ASP.

17        **(a) Payment Recipient**

18           CAPA, a tax-exempt, California-based, nonprofit organization, shall be the sole recipient of  
19 any payment under this Section 3.2 and shall be fully accountable, utilizing the allocated ASP  
20 according to the foregoing designated purposes. No individual or entity, other than CAPA, has an  
21 economic interest in any part of the payment described in this Section.

22        **(b) Nexus Between Harm Alleged and Usage of Payment**

23           CAPA will utilize the ASP to address the same harm as alleged in the Notices, Complaint, and  
24 this Consent Judgment, namely the elimination or reduction of Lead and other chemicals known to  
25 the State of California to cause cancer and birth defects or other reproductive harm ("Listed  
26 Chemicals") found in consumer products, such as glass bottles with exterior decorations, in the State  
27 of California. CAPA's stated mission is: to educate consumers about toxins in consumer goods; to  
28 protect California citizens from exposures to harmful chemicals; and to hold companies accountable

for such exposures, through advocacy and, where necessary, litigation, to effectuate change and reduce the potential for future harm. To create a safer environment and a more knowledgeable citizenry, CAPA actively pursues enforcement of laws designed to protect California citizens from the health hazards arising as a result of the manufacturing of consumer goods containing harmful chemicals, such as Lead, while educating consumers about the health effects such chemicals pose.

**(c) Payment-Funded Activities**

There is a direct nexus between the ASP and the harm alleged: the Notices, Complaint and this Consent Judgment all seek to remedy allegations involving Lead, known to cause cancer and birth defects or other reproductive harm, in glass bottles with exterior decoration in California, and CAPA will utilize the ASP to fund actions focused on the reduction of Lead and other Listed Chemicals in consumer goods. Specifically, CAPA will designate the funds according to the following activities: (1) ENFORCEMENT (70-80%): investigating, obtaining, analyzing, and testing similar products containing Listed Chemicals; consulting with experts regarding new Listed Chemical exposures, based on initial product assessments; continued monitoring and enforcement of settlements to ensure compliance with required settlement terms and obligations, namely elimination or reduction of Listed Chemicals, with a specific emphasis on the category of consumer products covered by this Consent Judgment; (2) PUBLIC OUTREACH (10-15%): Maintenance of the organization’s website, available at [www.capasafe.org](http://www.capasafe.org), to include updated information related to Lead and other Listed Chemicals, including reformatory efforts of note, supplementary chemicals of interest, articles explaining the impact and effect of Lead and other Listed Chemicals, and other information as it relates to California consumers; (3) SPECIAL PROJECTS (5-10%): projects involving consultation with experts not specific to any one consumer product but to a category of products to determine and assess consumer exposure probabilities to Lead and other Listed Chemicals under differing scenarios to consider viability of enforcement initiatives; (4) PRODUCT DATABASE (5-10%): maintenance of CAPA’s product database, including past enforcement actions, ongoing compliance initiatives and new products sold to consumers in California.

**(d) Documentation of Payment Usage**

CAPA will maintain documentation, in the form of business records, detailing how the ASP

1 was allocated and disbursed, consistent with the description above, and shall, upon request by the  
2 Attorney General, provide documentation of such activities and distributions, within thirty (30) days  
3 of such request. CAPA shall only utilize the ASP according to its intended purposes, pursuant to  
4 California Code of Regulations § 3204(b).

5 **3.3 Reimbursement of Attorneys' Fees and Costs**

6 CAPA and its counsel offered to resolve the allegations in the Notices and Complaint without  
7 reaching terms on the amount of reimbursement of attorneys' fees and costs. Shortly after the Parties  
8 finalized the other material settlement terms, they negotiated and reached an accord on the amount of  
9 reimbursement to be paid to CAPA's counsel, under general contract principles and the private  
10 attorney general doctrine, codified at California Code of Civil Procedure § 1021.5, for all work  
11 performed through the mutual execution and reporting of this Consent Judgment to the Office of the  
12 California Attorney General and entry of Judgment pursuant its terms, but exclusive of fees and  
13 costs on appeal, if any. Within twenty-one (21) days of the Effective Date, AII shall issue a check in  
14 the amount of \$32,000 and made payable to "Seven Hills LLP" for all fees and other costs incurred  
15 investigating, bringing this matter to AII's attention, litigating, negotiating a settlement in the public  
16 interest, obtaining the Court's approval of its terms pursuant to Section 5, and reporting to the  
17 California Attorney General.

18 **3.3 Payments**

19 All payments payable and due under this Consent Judgment shall be delivered to CAPA's  
20 counsel at the following address:

21 Seven Hills LLP  
22 Attn: Laralei Paras  
23 1 Embarcadero Center, Suite 1200  
24 San Francisco, CA 94111

25 **4. CLAIMS COVERED AND RELEASED**

26 **4.1 CAPA's Release of Proposition 65 Claims**

27 CAPA acting on its own behalf and in the public interest releases AII, its past and present  
28 directors, officers, partners, members, employees, attorneys, and each entity to whom AII directly or  
indirectly distributes or sells the Products including, but not limited to, its downstream distributors,

1      wholesalers, customers, retailers, franchisees, cooperative members, and licensees (“**Releasees**”)  
2      from all claims for violations of Proposition 65 up through the Effective Date based on exposure to  
3      Lead from glass bottles with exterior decoration as set forth in the Notices. Compliance with the  
4      terms of this Consent Judgment constitutes compliance with Proposition 65 with respect to  
5      exposures to Lead from the Products as set forth in the Notices.

6              The Parties understand and agree this Section 4.1 release shall not extend upstream to any  
7      entities that sold, supplied, or manufactured the Products or any component parts thereof, or any  
8      distributors or suppliers who sold the Products or any component parts thereof to AII.

#### 9              **4.2     CAPA’s Individual Release of Claims**

10             CAPA, in its individual capacity only and not in its representative capacity, also hereby  
11     provides a release to AII and the Releasees which shall be effective as a full and final accord and  
12     satisfaction, as a bar to all actions, causes of actions, obligations, costs, expenses, attorneys’ fees,  
13     damages, losses, claims, liabilities and demands of CAPA of any nature, character, or kind arising out  
14     of alleged or actual exposures to Lead in Products manufactured, imported, sold or distributed for  
15     sale, in or into the State of California, by AII prior to the Effective Date, as alleged in the Notices and  
16     Complaint. The Parties understand and agree that this Section 4.2 release shall neither extend  
17     upstream to any entities that sold, supplied, or manufactured the Products or any component parts  
18     thereof, or any distributors or suppliers who sold the Products or any component parts thereof to AII  
19     nor extend to Releasees who have been instructed by AII to provide a warning on Products that are  
20     not Reformulated Products and have failed to do so. Nothing in this section shall affect CAPA’s right  
21     to commence or prosecute an action under Proposition 65 against a Releasee that does not involve  
22     AII’s Products.

#### 23             **4.3     AII’s Release of CAPA**

24             AII, on behalf of itself, its past and current agents, representatives, attorneys, successors, and  
25     assignees, hereby waives any and all claims against CAPA and its attorneys and other representatives,  
26     for any and all actions taken or statements made (or those that could have been taken or made) by  
27     CAPA and its attorneys and other representatives, whether in the course of investigating claims or  
28     otherwise seeking to enforce Proposition 65 against it in this matter with respect to the Products.

#### 4.4 Mutual Waiver of Rights Under Section 1542

CAPA, in its individual capacity only and not in its representative capacity, and AII expressly understand and acknowledge that it is possible that unknown losses or claims exist or that present losses may have been underestimated in amount or severity. Consequently, CAPA, in its individual capacity only and not in its representative capacity, and AII expressly waive all rights under California Civil Code section 1542, which provides that:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR  
RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER  
FAVOR AT THE TIME OF EXECUTING THE RELEASE, AND THAT, IF KNOWN BY  
HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT  
WITH THE DEBTOR OR RELEASED PARTY.

## 5. COURT APPROVAL

Pursuant to California Health and Safety Code § 25249.7(f)(4), CAPA shall file a noticed motion for judicial approval of this Consent Judgment. The Parties agree to mutually employ their best efforts, and those of their counsel, to support the entry of a judgment pursuant to the terms of this Consent Judgment, and to judicial approval of their settlement in a timely manner. For purposes of this section, “best efforts” shall include, at a minimum, supporting the motion for approval, responding to any third-party objection, and appearing at the hearing before the Court if so requested.

## 6. SEVERABILITY

If, subsequent to the Court's approval and entry of this Consent Judgment as a judgment, any provision of this Consent Judgment is deemed by a court to be unenforceable, the validity of the remaining provisions shall not be adversely affected.

1           **7. ENFORCEMENT**

2           Prior to filing an action to enforce the terms of this Consent Judgment, CAPA shall provide a  
3 written letter stating the basis for its allegations of non-compliance, and the Parties shall meet and  
4 confer for a period of no less than sixty (60) days in an attempt to informally resolve such dispute.

5           **8. GOVERNING LAW**

6           The terms of this Consent Judgment shall be governed by the laws of the State of California  
7 and apply within California. Nothing in this Consent Judgment shall be interpreted to relieve AII  
8 from its obligation to comply with any pertinent state or federal law or regulation.
