

## AMENDMENT TO SETTLEMENT AGREEMENT

This Amendment to the Settlement Agreement between EnviroProtect, LLC (“EP”) and Enchante Accessories, Inc. (“EAI”) shall operate to replace Section 2.3 of the original Settlement Agreement between the parties, which had an Effective Date of September 11, 2023. All other provisions of the original Settlement Agreement shall remain unchanged.

**2.3 Warning Language.** Commencing on the Effective Date, EAI shall ensure that any unreformulated Covered Products that it ships to California retailers or for sale in California include a clear and reasonable warning. The warning shall be affixed to the packaging or labeling. The triangle must have a yellow body with a black exclamation point, and include the language set out in the warnings below:

⚠ **WARNING:** This product can expose you to chemicals including Di-n-butyl phthalate (DBP), which are known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

OR

⚠ **WARNING:** Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

The warning shall be prominently displayed with such conspicuousness as compared with other words, statements, designs, or devices as to render it likely to be read and understood by an ordinary individual under customary conditions before purchase or use. Each warning shall be provided in a manner such that the consumer or user is reasonably likely to understand to which specific Product the warning applies, so as to minimize the risk of consumer confusion. If the product contains consumer information in a language other than English, EAI must provide the warning in the other language(s). In the event that the Office of Environmental Health Hazard Assessment promulgates one or more regulations requiring or permitting warning text and/or methods of transmission different than those set forth above, EAI shall be entitled to use, at its discretion, such other warning text and/or methods of transmission with respect to the Covered Products without being deemed in breach of this Agreement.
