

# SETTLEMENT AND RELEASE AGREEMENT

## 1. **INTRODUCTION**

### 1.1. **Blue Sky Forever and Green Foods Corporation:**

This Settlement Agreement is entered into by and between Blue Sky Forever ("BSF"), represented by its attorneys KJT Law Group, LLP on the one hand, and Green Foods Corporation, ("GFC"), on the other hand, with BSF and GFC collectively referred to as the "Parties."

### 1.2. **General Allegations**

BSF alleges that GFC manufactured, distributed, and offered for sale in the State of California certain products containing lead and that such sales have not included warnings pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code sections 25249.6 *et seq.* ("Proposition 65"). California has identified and listed lead under Proposition 65 as a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

### 1.3. **Product Description**

The product covered by this Settlement Agreement is defined as Green Foods – Organic Beet – Essence Juice Powder – UPC #: 0 83851 20813 9, that GFC has sold, offered for sale, manufactured, or distributed in California. All such items shall be referred to herein as the "Covered Product."

### 1.4. **Notice of Violation**

On December 15, 2023, BSF served GFC and the requisite public enforcement agencies eligible to initiate Proposition 65 actions on behalf of the People of the State of California with documents entitled "60-Day Notice of Violation" ("Notice") that provided GFC and such public

enforcers with notice that GFC was allegedly in violation of California Health & Safety Code section 25249.6 for failing to warn consumers and customers that the Covered Product exposed users in California to lead. To the best of the Parties' knowledge, no public enforcer has commenced or is diligently prosecuting the allegations set forth in the Notice.

1.5. **No Admission**

The Parties enter into this Settlement Agreement to settle disputed claims between them as set forth herein and in the Notice concerning GFC's compliance with Proposition 65. Specifically, GFC denies the allegations contained in BSF's Notice and maintains that all products that it has placed for sale and distribution in California, including the Covered Product, have been and are in compliance with Proposition 65 or any other statutory, regulatory, common law or equitable doctrine. Nothing in this Settlement Agreement shall be construed as an admission by GFC of any fact, finding, issue of law, or violation of law; nor shall compliance with this Settlement Agreement constitute or be construed as an admission by GFC of any fact, finding, conclusion, issue of law, or violation of law, such being specifically denied by GFC. However, nothing in this section shall diminish or otherwise affect the obligations, responsibilities, and duties of GFC under this Settlement Agreement.

1.6. **Effective Date**

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date this Settlement Agreement is fully executed.

2. **INJUNCTIVE RELIEF:**

2.1 Beginning on the Effective Date, GFC shall be permanently enjoined from manufacturing for sale in the State of California, "Distributing into the State of California," or directly selling in the State of California, any Covered Product that expose a person to a "Daily Lead Exposure

Level" of more than 0.5 micrograms of lead per day, unless it meets the warning requirements under Section 2.2.

As used in this Settlement Agreement, the term "Distributing into the State of California" shall mean to directly ship a Covered Product into California for sale in California or to sell a Covered Product to a distributor that GFC knows or has reason to know will sell the Covered Product in California. The injunctive relief in Section 2 does not apply to any Covered Product that has left the possession, and is no longer under the control of GFC prior to the Effective Date and all claims as to such Covered Product is released in this Settlement Agreement.

For purposes of this Settlement Agreement, the "Daily Lead Exposure Level" shall be measured in micrograms, and shall be calculated using the following formula: micrograms of lead per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), multiplied by servings of the product per day (using the largest number of recommended daily servings appearing on the label), which equals micrograms of lead exposure per day. If the label contains no recommended daily servings, then the number of recommended daily servings shall be one.

## 2.2 Clear and Reasonable Warnings

If GFC is required to provide a warning pursuant to Section 2.1, one of the following warnings must be utilized ("Warning").

### Option 1:

**WARNING:** Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause [cancer and], birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov/food](http://www.P65Warnings.ca.gov/food).

**Option 2:**

**WARNING:** [Cancer and] Reproductive Harm <http://www.p65warnings.ca.gov/food>

GFC shall use the phrase "cancer and" in the Warning if the exposure level is greater than 15 micrograms of lead per day.

The Warning shall be securely affixed to or printed upon the label of each Covered Product and it must be set off from other surrounding information. For purposes of this Settlement Agreement, the term "label" means a display of written, printed or graphic material that is printed on or affixed to a Covered Product or its immediate container or wrapper. The warning must be set off from other surrounding information, enclosed in a box. If consumer information on the package is in a foreign language, the warning must also be provided in the foreign language. In addition, for any Covered Product sold over the internet, the Warning shall appear on the checkout page in full text or through a clearly marked hyperlink using the word "WARNING" in all capital and bold letters when a California delivery address is indicated for any purchase of any Covered Product. If a hyperlink is used, the hyperlink must go directly to a page prominently displaying either the Option 1 Warning or the Option 2 Warning without content that detracts from the Warning. An asterisk or other identifying method must be utilized to identify which products on the checkout page are subject to the Warning. The Warning shall comply with the Safe Harbor Provisions, applicable to the Covered Product and chemical at issue, as those regulations may be amended from time to time.
