

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (“Agreement”) between Environmental Research Center, Inc. (“ERC”) and Miami Labs, Inc., individually and dba OpenStore, (“OpenStore”) is effective on the date on which it is fully executed (“Effective Date”). ERC and OpenStore are referred to individually as a “Party” and collectively as the “Parties.” The Parties agree as follows:

1. This matter arises out of the Notices of Violation of California Health & Safety Code §25249.5, *et seq.* (also known as “Proposition 65”) that ERC served on OpenStore on June 14, 2024 and June 28, 2024 (the “Notices”) with regard to the following products identified below (referred to as the “Covered Products”):

- **Future Kind + Vegan Organic Turmeric Supports Joint Health (lead)**
- **Future Kind + Organic Vegan Vanilla Protein Supports Muscle & Recovery (lead and perfluorooctanoic Acid (PFOA))**

2. The Parties enter into this Agreement in order to fully resolve all claims, demands, and allegations regarding the Notices and for the purpose of avoiding prolonged litigation. Nothing in this Agreement shall be construed as an admission of the Parties of any fact, issue of law, or violation of law, nor shall compliance with this Agreement constitute or be construed as an admission by the Parties of any fact, issue of law or violation of law. Nothing in this Agreement or any document referred to shall be construed as giving rise to any presumption or inference of admission or concession by the Parties as to any fault, wrongdoing or liability. This Section shall not diminish or otherwise affect the obligations, responsibilities, and duties of the Parties under this Agreement.

3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS

In consideration of the following covenants and conditions contained in this Agreement, the Parties have provided the releases as set forth in Section 6 below:

3.1 Beginning on the Effective Date, OpenStore shall be permanently enjoined from manufacturing for sale in the State of California, “Distributing into the State of California,” or directly selling in the State of California, any Covered Product which exposes a person to a “Daily Lead Exposure Level” of more than 0.5 micrograms of lead per day and/or any of the Covered Product Future Kind + Organic Vegan Vanilla Protein Supports Muscle & Recovery which exposes a person to a detectible level of PFOA per day unless it meets the warning requirements under Section 3.2.

3.1.1 As used in this Agreement, the term “Distributing into the State of California” shall mean to directly ship a Covered Product into California for sale in California or to sell a Covered Product to a distributor that OpenStore knows or has reason to know will sell the Covered Product in California.

Initials 

3.1.2 For purposes of this Agreement, the “Daily Lead Exposure Level ” for lead shall be measured in micrograms, and shall be calculated using the following formula: micrograms of lead per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), multiplied by servings of the product per day (using the largest number of recommended daily servings appearing on the label), which equals micrograms of lead exposure per day. If the label contains no recommended daily servings, then the number of recommended daily servings shall be one.

3.2 Clear and Reasonable Warnings

If OpenStore is required to provide a warning pursuant to Section 3.1, the following warning must be utilized (“Warning”):

WARNING: Consuming this product can expose you to chemicals including [lead][perfluorooctanoic acid] which is [are] known to the State of California to cause [cancer and] birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

OpenStore shall use the phrase “cancer and” in the Warning if OpenStore knows that PFOA is present in the Covered Product, and/or if the “Daily Lead Exposure Level” is greater than 15 micrograms of lead as determined pursuant to the quality control methodology set forth in Section 3.4 and/or if OpenStore has reason to believe that another Proposition 65 chemical is present at a level requiring the cancer warning. As identified in the brackets, the warning shall appropriately reflect whether there is lead, PFOA, or multiple chemicals present in each of the Covered Products, but if there is a chemical present at a level that requires a cancer warning, the chemical requiring use of the phrase “cancer and” in the Warning shall always be identified.

The Warning shall be securely affixed to or printed upon the label or labeling of each Covered Product, and it must be set off from other surrounding information and enclosed in a box. At brick-and-mortar locations, the Warning may alternatively be provided via any electronic device or process that automatically provides the required warning to the purchaser prior to or during the purchase of the Covered Product, without requiring the purchaser to seek out the warning. In addition, for any Covered Product sold over the internet, the Warning shall be prominently displayed prior to checkout when a California delivery address is indicated for any purchase of any Covered Product requiring a warning. If the Warning is provided on the checkout page, an asterisk or other identifying method must be utilized to identify which product on the checkout page is subject to the Warning. In addition, for any Covered Product sold over the internet, the Warning may be provided through a clearly marked hyperlink using the word “**WARNING**” in all capital and bold letters on the Covered Product’s primary product display page so long as the hyperlink goes directly to a page prominently displaying the Warning without content that detracts from the Warning. A Warning is not prominently displayed if the purchaser has to search for it in the general content of the website.

The Warning shall be at least the same size as the largest of any other health or safety warnings also appearing on the website or on the label and the word “**WARNING**” shall be in all

Initials TR 

capital letters and in bold print. No statements intended to or likely to have the effect of diminishing the impact of, or reducing the clarity of, the Warning on the average lay person shall accompany the Warning. Further, no statements may accompany the Warning that state or imply that the source of the listed chemical has an impact on or results in a less harmful effect of the listed chemical.

OpenStore must display the above Warning with such conspicuousness, as compared with other words, statements or designs on the label, or on its website, as applicable, to render the Warning likely to be read and understood by an ordinary individual under customary conditions of purchase or use of the product. Where a sign or label used to provide the Warning for a Covered Product includes consumer information about the Covered Product in a language other than English, the Warning must also be provided in that language in addition to English.

For purposes of this Agreement, the term “label” means a display of written, printed or graphic material that is printed on or affixed to a Covered Product or its immediate container or wrapper; and “labeling” means any written, printed, graphic, or electronically provided communication that accompanies a product, such as a package insert.

3.3 Conforming Covered Products

A Conforming Covered Product is a Covered Product for which the “Daily Lead Exposure Level” is no greater than 0.5 micrograms of lead per day and/or does not contain any detectible level of PFOA per day as determined by the exposure methodology set forth in Section 3.1.2 and the quality control methodology described in Section 3.4, and that is not known by OpenStore to contain other chemicals that violate Proposition 65’s safe harbor thresholds.

3.4 Testing and Quality Control Methodology

3.4.1 Beginning within one year of the Effective Date, OpenStore shall arrange for lead and PFOA testing of the Covered Products at least once a year for a minimum of five (5) consecutive years by arranging for testing of three (3) randomly selected samples of the Covered Products, in the form intended for sale to the end-user, which OpenStore intends to sell or is manufacturing for sale in California, directly selling to a consumer in California or “Distributing into the State of California.” If tests conducted pursuant to this Section demonstrate that no Warning is required for the Covered Products during each of the five (5) consecutive years, then the testing requirements of this Section will no longer be required as to the Covered Products. However, if during or after the five-year testing period, OpenStore changes ingredient suppliers for the Covered Products and/or reformulates the Covered Products, OpenStore shall test that Covered Product annually for at least four (4) consecutive years after such change is made.

3.4.2 For purposes of measuring the “Daily Lead Exposure Level,” the highest lead detection result of the three (3) randomly selected samples of the Covered Products will be controlling.

3.4.3 All testing pursuant to this Consent Judgment shall be performed using a laboratory method that complies with the performance and quality control factors appropriate for

Initials

TR 

the method used, including limit of detection and limit of quantification, sensitivity, accuracy and precision that meets the following criteria: Inductively Coupled Plasma-Mass Spectrometry (“ICP-MS”) achieving a limit of quantification of less than or equal to 0.005 mg/kg for lead and the lowest level that can be reliably detected using available technologies for PFOA.

3.4.4 All testing pursuant to this Agreement shall be performed by an independent third-party laboratory certified by the California Environmental Laboratory Accreditation Program or an independent third-party laboratory that is registered with the United States Food & Drug Administration.

3.4.5 Nothing in this Agreement shall limit OpenStore’s ability to conduct, or require that others conduct, additional testing of the Covered Products, including the raw materials used in their manufacture.

3.4.6 Within thirty (30) days of ERC’s written request, OpenStore shall deliver lab reports obtained pursuant to Section 3.4, and related documentation, to ERC. OpenStore shall retain all such lab reports and related documentation for a period of five years from the date of each test. Any request by ERC for lab reports and related documentation shall be made prior to the expiration of the five-year time period identified in this section 3.4.6.

3.4.7 The testing requirements of Section 3.4 do not apply to any Covered Product for which OpenStore has provided the Warning specified in Section 3.2 continuously and uninterrupted after the Effective Date; however, in the event OpenStore ceases to provide the Warning specified in Section 3.2, OpenStore shall be required to comply with the testing requirements of this Section 3.4 beginning immediately after the date the Warning ceases to be provided or one year after the Effective Date, whichever date is later.

3.5 Nothing in Section 3 of this Agreement shall prevent or preclude ERC from obtaining and relying upon its own testing for purposes of enforcement, so long as such testing meets the requirements of Sections 3.4.3 and 3.4.4. Nothing in Section 3.4 of this Agreement is intended by either Party to set a precedent for the level of lead, PFOA, or other chemicals that is permissible in consumer products under Proposition 65

4. OpenStore shall make a total payment of \$32,500.00 (“Total Settlement Amount”) by wire transfer to ERC’s account within ten (10) days of the Effective Date (“Due Date”), for which ERC will give OpenStore the necessary account information. The Total Settlement Amount shall be allocated as follows:

a. \$2,500.00 shall be considered a civil penalty pursuant to California Health and Safety Code §25249.7(b)(1). ERC shall remit 75% (\$1,875.00) of the civil penalty to the Office of Environmental Health Hazard Assessment (“OEHHA”) for deposit in the Safe Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety Code §25249.12(c). ERC will retain the remaining 25% (\$625.00) of the civil penalty.

b. \$2,694.81 shall be considered a reimbursement to ERC for its ^{Initial} costs incurred as a

result of bringing this matter to OpenStore's attention and negotiating a settlement.

c. \$8,880.00 shall be distributed to Michael Freund & Associates as reimbursement of ERC's attorney fees, while \$18,425.19 shall be distributed to ERC for its in-house legal fees.

d. In the event that OpenStore fails to remit the Total Settlement Amount owed under Section 4 of this Agreement on or before the Due Date, OpenStore shall be deemed to be in material breach of its obligations under this Agreement. ERC shall provide written notice of the delinquency to OpenStore via electronic mail. If OpenStore fails to deliver the Total Settlement Amount within five days from the written notice, the Total Settlement Amount shall become immediately due and payable and shall accrue interest at the statutory judgment interest rate provided in the Code of Civil Procedure section 685.010. Additionally, OpenStore agrees to pay ERC's reasonable attorneys' fees and costs for any efforts to collect the payment due under this Agreement.

5. Except as expressly set forth in Section 4, the Parties shall bear their own costs, expenses, and attorneys' fees related to the Notices.

6. Binding Effect; Claims Covered and Released

6.1. This Agreement is a full, final, and binding resolution between ERC, on behalf of itself, and OpenStore and its respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions, suppliers, franchisees, licensees, customers (not including private label customers of OpenStore), distributors, wholesalers, retailers, and all other upstream and downstream entities in the distribution chain of any Covered Product, and the predecessors, successors, and assigns of any of them (collectively, "Released Parties").

6.2 ERC, on behalf of itself only, hereby fully releases and discharges the Released Parties from any and all claims, actions, causes of action, suits, demands, liabilities, damages, penalties, fees, costs, and expenses asserted, or that could have been asserted from the handling, use, or consumption of the Covered Products, as to any alleged violation of Proposition 65 or its implementing regulations arising from the failure to provide Proposition 65 warnings on the Covered Products regarding lead and/or PFOA up to and including the Effective Date.

6.3 ERC, on its own behalf only, and OpenStore on its own behalf only, further waive and release any and all claims they may have against each other for all actions or statements made or undertaken in the course of seeking or opposing enforcement of Proposition 65 in connection with the Notices up through and including the Effective Date, provided, however, that nothing in Section 6 shall affect or limit any Party's right to seek to enforce the terms of this Agreement.

6.4 It is possible that other claims not known to the Parties, arising out of the facts alleged in the Notices, and relating to the Covered Products, will develop or be discovered. ERC, on behalf of itself only, and OpenStore, on behalf of itself only, acknowledge that this

Agreement is expressly intended to cover and include all such claims up through and including the Effective Date, including all rights of action therefore. ERC and OpenStore acknowledge that the claims released in Sections 6.2 and 6.3 above may include unknown claims, and the Parties nevertheless waive California Civil Code section 1542 as to any such unknown claims. California Civil Code section 1542 reads as follows:

(i) A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

ERC, on behalf of itself only, and OpenStore, on behalf of itself only, acknowledge and understand the significance and consequences of this specific waiver of California Civil Code section 1542.

6.5 Compliance with the terms of this Agreement shall be deemed to constitute compliance with Proposition 65 by any of the Released Parties regarding alleged exposures to lead and/or PFOA in the Covered Products as set forth in the Notices.

6.6 Nothing in this Agreement is intended to apply to any occupational or environmental exposures arising under Proposition 65, nor shall it apply to any of OpenStore's products other than the Covered Products.

7. Nothing herein shall be construed as diminishing OpenStore's continuing obligations to comply with Proposition 65.

8. All notices required to be given to either Party to this Agreement by the other shall be in writing and sent to the following agents listed below via first-class mail, or via electronic mail where required. Courtesy copies of notices sent via first-class mail may also be sent via email.
