However, this § 1.5 shall not diminish or otherwise affect the obligations, responsibilities and duties under this Settlement Agreement. Notwithstanding the allegations in the Notices, Value Source maintains that it

has not knowingly manufactured, or caused to be manufactured, the Products for sale in California in violation of Proposition 65.

1.6 Effective Date. For purposes of this Settlement Agreement, the term “Effective Date” shall mean the date this Agreement is last executed by the Parties.

2. INJUNCTIVE RELIEF: REFORMULATION AND/OR WARNINGS

2.1 Reformulation of Products. Commencing within sixty (60) days after the Effective Date, and continuing thereafter, Products that Value Source directly manufactures, imports, distributes, sells, or offers for sale in California shall either be: (a) reformulated Products pursuant to §§ 2.2 below; or (b) labeled with a clear and reasonable exposure warning pursuant to §§ 2.3 - 2.4, below. For purposes of this Settlement Agreement, a “Reformulated Product” is a Product that is in compliance with the standard set forth in § 2.2, below. The warning requirement set forth in §§ 2.4 - 2.5 shall not apply to any Reformulated Product. There shall be no obligation for Value Source to reformulate any Products that entered the stream of commerce, were imported, ordered, manufactured, or otherwise in the process of sale and distribution, within 60 days after the Effective Date.

2.2 Reformulation Standard. “Reformulated Products” shall mean Products that produce a wipe test result no higher than 1 microgram (μg) of lead when analyzed pursuant to NIOSH method no. 9100.

2.3 Clear and Reasonable Warning. Commencing within 60 days after the Effective Date, and continuing thereafter, a clear and reasonable exposure warning as set forth in this §§ 2.3 and 2.4 must be provided for all Products that Value Source manufactures, imports, distributes, sells, or offers for sale in California that is not a Reformulated Product. There shall be no obligation for Value Source to provide an exposure warning for Products that entered the stream of commerce, were imported, ordered, manufactured, or otherwise in the process of sale and distribution, within 60 days after the Effective Date. The warning shall consist of either the **Warning** or **Alternative Warning** described in §§ 2.3(a) or (b), respectively:

(a) **Warning.** The “Warning” shall consist of the statement:

 **WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Instead of “WARNING” Value Source has the option of using “CALIFORNIA WARNING” or “CA WARNING”

(b) **Alternative Warning:** Value Source may, but is not required to, use the alternative short-form warning¹ as set forth in this § 2.3(b) (“**Alternative Warning**”) as follows:

 **WARNING:** Cancer and Reproductive Harm - www.P65Warnings.ca.gov.

2.4 A **Warning** or **Alternative Warning** provided pursuant to § 2.3 must print the word “**WARNING:**” in all capital letters and in bold font, followed by a colon. The warning symbol to the left of the word “**WARNING:**” must be a black exclamation point in a yellow equilateral triangle with a black outline, except that if the sign or label for the Products does not use the color yellow, the symbol may be in black and white. The symbol must be in a size no smaller than the height of the word “**WARNING:**”. The **Warning** or **Alternative Warning** shall be affixed to or printed on the Products’ packaging or labeling, or on a placard, shelf tag, sign or electronic device or automatic process only if such electronic device or automatic process provides the **Warning** or **Alternative Warning** without the purchaser having to seek it out, provided that the **Warning** or **Alternative Warning** is displayed with such conspicuousness, as compared with other words, statements, or designs as to render it likely to be read and understood by an ordinary individual under customary conditions of purchase or use. The **Warning** or **Alternative Warning** may be contained in the same section of the packaging, labeling, or instruction booklet that states other safety warnings, if any, concerning the use of the Product and shall be at least the same size as those other safety warnings. If “consumer information,” as that term is defined in Title 27, California Code of Regulations, Section 25600.1(c) as it may be amended from time to time, is provided in a foreign language, Value Source shall provide the **Warning** or **Alternative Warning** in the foreign language in accordance with

¹ An **Alternative Warning** on a Product manufactured and labeled after January 1, 2028 shall be provided in accordance with Title 27, California Code of Regulations, § 25603(b).

applicable warning regulations adopted by the State of California's Office of Environmental Health Hazard Assessment ("OEHHA").

In addition to affixing the **Warning** or **Alternative Warning** to the Product's packaging or labeling, the **Warning** or **Alternative Warning** shall be posted on websites where Value Source offers Products for sale to consumers in California. The requirements of this Section shall be satisfied if the **Warning** or **Alternative Warning**, or a clearly marked hyperlink appears on the product display page, or by otherwise prominently displaying the warning to the purchaser prior to completing the purchase. If providing the **Warning**, Value Source may use one of these three options: "**CA WARNING**," "**CALIFORNIA WARNING**", or "**WARNING**," and the sole option of "**WARNING**" if providing the **Alternative Warning**. To comply with this Section, Value Source shall (a) post the **Warning** or **Alternative Warning** on its own website and, if it has the ability to do so, on the websites of its third-party internet sellers; and (b) if it does not have the ability to post the **Warning** or **Alternative Warning** on the websites of its third-party internet sellers, provide such sellers with written notice in accordance with Title 27, California Code of Regulations, Section 25600.2. Third-party internet sellers of the Product that have been provided with written notice in accordance with Title 27, California Code of Regulations, Section 25600.2 are not released in Section 5 of this Agreement if they fail to meet the warning requirements of this Section.

2.5 Compliance with Warning Regulations. The Parties agree that Value Source shall be deemed to be in compliance with this Settlement Agreement by either adhering to § 2 of this Settlement Agreement or by complying with warning regulations adopted by the State of California's OEHHA applicable to the Product and the exposure at issue.

5. RELEASE OF ALL CLAIMS

5.1 Release of Value Source and Downstream Customers and Entities. This Settlement Agreement is a full, final and binding resolution between Enforcers, acting on their own behalf, and

Value Source, of any violation of Proposition 65 that was or could have been asserted by Enforcers or on behalf of their past and current agents, representatives, attorneys, successors, and/or assigns (“Releasers”) for failure to provide warnings for alleged exposures to lead from use of the Products, and Releasers hereby release any such claims against Value Source and its parents, subsidiaries, affiliated entities, shareholders, marketplaces, directors, officers, agents, employees, attorneys, successors and assignees, and each entity to whom Value Source directly or indirectly distributes or sells the Products, including but not limited to, downstream distributors, wholesalers, customers, retailers, including but not limited to The TJX Companies, Inc., its respective subsidiaries, including Homegoods, affiliates and parents, franchisees, cooperative members and licensees (collectively, the “Releasees”), from all claims for violations of Proposition 65 within 60 days after the Effective Date based on exposure to lead from use of the Products.

In further consideration of the promises and agreements herein contained, and for the payments to be made pursuant to §§ 3 and 4 above, Enforcers, on behalf of themselves, their past and current agents, representatives, attorneys, successors and/or assignees, hereby covenants not to sue and waives any right to institute, participate in, directly or indirectly, any form of legal action and releases all claims that they may have, including without limitation, all actions and causes of action in law and in equity, all obligations, expenses (including without limitation all attorneys’ fees, expert fees, and investigation fees, and costs), damages, losses, liabilities and demands against any of the Releasees of any nature, character, or kind, whether known or unknown, suspected or unsuspected, limited to and arising out of the alleged or actual exposure to lead from use of the Products.

5.2 Value Source’s Release of Enforcers. Value Source, on behalf of itself, its past and current agents, representatives, attorneys, successors and/or assignees, hereby waives any and all claims against Enforcers, their attorneys and other representatives, for any and all actions taken or statements made (or those that could have been taken or made) by Enforcers and/or their attorneys and other representatives, whether in the course of investigating claims or otherwise seeking to enforce Proposition 65 against it in this matter or with respect to exposure to lead from the Products.

5.3 California Civil Code § 1542. It is possible that other claims not known to the Parties arising out of the facts alleged in the Notices and relating to the Products will develop or be discovered. Enforcers on behalf of themselves only, on one hand, and Value Source, on the other hand, acknowledge that this Agreement is expressly intended to cover and include all such claims up through 60 days after the Effective Date, including all rights of action therefor. The Parties acknowledge that the claims released in §§ 5.1 and 5.2, above, may include unknown claims, and nevertheless waive California Civil Code § 1542 as to any such unknown claims. California Civil Code § 1542 reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HER OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HER OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Enforcers and Value Source each acknowledge and understand the significance and consequences of this specific waiver of California Civil Code § 1542.

5.4 Deemed Compliance with Proposition 65. The Parties agree that compliance by Value Source with this Settlement Agreement constitutes compliance by Value Source with Proposition 65 with respect to exposure to lead from use of the Products.

5.5. Public Benefit. It is Value Source's understanding that the commitments it has agreed to herein, and actions to be taken by Value Source under this Settlement Agreement, would confer a significant benefit to the general public, as set forth in Code of Civil Procedure § 1021.5 and Cal. Admin. Code tit. 11, § 3201. As such, it is the intent of Value Source that to the extent any other private party initiates an action alleging a violation of Proposition 65 with respect to Value Source's failure to provide a warning concerning exposure to lead prior to use of the Products it has manufactured, distributed, sold, or offered for sale in California, or will manufacture, distribute, sell, or offer for sale in California, such private party action would not confer a significant benefit on the general public as to those Products addressed in this Settlement Agreement, provided that Value Source is in material compliance with this Settlement Agreement.

6. SEVERABILITY

If, subsequent to the execution of this Settlement Agreement, any of the provisions of this Settlement Agreement are deemed by a court to be unenforceable, the validity of the enforceable provisions remaining shall not be adversely affected but only to the extent the deletion of the provision deemed unenforceable does not materially affect, or otherwise result in the effect of the Settlement Agreement being contrary to the intent of the Parties in entering into this Settlement Agreement.

7. GOVERNING LAW

The terms of this Settlement Agreement shall be governed by the law of the State of California and apply within the State of California.

8. NOTICES

9. COUNTERPARTS: SIGNATURES

This Settlement Agreement may be executed in counterparts and by facsimile or .pdf signature, each of which shall be deemed an original, and all of which, when taken together, shall constitute one and the same document.

10. COMPLIANCE WITH HEALTH & SAFETY CODE § 25249.7(f)

Enforcers agree to comply with the reporting requirements referenced in Health & Safety Code § 25249.7(f).

11. MODIFICATION

This Settlement Agreement may be modified only by a written agreement of the Parties.

12. ENTIRE AGREEMENT

This Settlement Agreement contains the sole and entire agreement of the Parties and any and all prior negotiations and understandings related hereto shall be deemed to have been merged within it. No representations or terms of agreement other than those contained herein exist or have been made by any Party with respect to the other Party or the subject matter hereof.

13. NOTICE AND OPPORTUNITY TO CURE

13.1 A Party may enforce any of the terms and conditions of this Settlement Agreement only for Product that Value Source and/or Releasees directly manufactures, imports, distributes, sells, or offers for sale in California 60 days after the Effective Date that Enforcers or their representatives have tested and certified that the Products do not comply with Reformulation and/or Warnings pursuant to Section 2 of this Settlement Agreement only after that Party first provides sixty (60) days written notice to the Party allegedly failing to comply with the terms and conditions of this Settlement Agreement and attempts to resolve such Party's failure to comply in an open and good faith manner without the alleged non-complying Party having to pay any settlement amount.

13.2 Notice of Violation. Prior to bringing any proceeding to enforce the terms of this Settlement Agreement only for Products that Value Source and/or Releasees directly manufactures, imports, distributes, sells, or offers for sale in California 60 days after the Effective Date that Enforcers or their representatives have tested and certified that the Products do not comply with Reformulation and/or Warnings pursuant to Section 2 of this Settlement Agreement, Enforcers shall provide a written notice of violation ("NOV") to Value Source that includes information sufficient for them to be able to understand and correct the violation without payment of any settlement amount or monetary payment, including but not limited to: (a) the name of the product, (b) specific

dates when the product was sold in California, (c) the store, website, or other place at which the product was available for sale to California consumers, and (d) any other evidence or other support for the allegations in the NOV, including all test data obtained by Enforcers regarding the Products.

13.3 Determining Date of Sale. Within thirty (30) days of receipt of the NOV with the above information, Value Source shall first provide information showing whether the Products were shipped by Value Source for sale in California before 60 days after the Effective Date. If so, then no further action will be taken by the Enforcers.

13.4 Contesting the NOV. If the Products were shipped after 60 days from the Effective Date Value Source will have two options should it contest the NOV. The first option is for Products that Value Source asserts qualify as “Reformulated Products” in Section 2. In such an instance, Value Source shall either 1) provide to the Enforcers any existing test results it has of the Products that it claims shows they meet the definition of “Reformulated Product” based on the methodology above, or 2) retain a testing laboratory accredited to undertake such testing of the Product and produce the test results, along with any additional information it believes supports its position. The second option involves compliance with the warnings requirements in Section 2. In such an instance, Value Source shall produce information supporting compliance with the applicable warnings sections of this Agreement. Value Source will provide documentation it asserts show it did not knowingly and intentionally sell the Products in California without warnings.

13.5 Non-Contest and Corrective Action. If Value Source elects not to contest the NOV, or if the Enforcers, based on the Parties’ good faith meet and confer attempts, do not agree Value Source has met its burden to successfully contest the NOV, the Parties shall then meet and confer on any corrective action by Value Source. Value Source shall then confirm to the Enforcer all steps it will take to ensure the Products comply with the terms of this Settlement Agreement.

Upon receiving such notification from Value Source confirming the corrective action, Enforcers shall take no further action regarding the alleged violation against Value Source including, without limitation, requiring a monetary payment.
