The settlement agreement previously executed on November 11–12, 2025 between Center for Consumer Safety (“CCS”) and Laird Superfood, Inc. (“Laird Superfood”) has been adapted to include changes requested by the California Office of the Attorney General as follows:

A. Section 2 (Injunctive Relief) has been amended by the Parties. It shall now read:

2.0 Overview. As of the Effective Date of this Amendment, Laird Superfood, at its sole discretion, agrees to either (a) manufacture, import, or otherwise source for authorized sale in California only Compliant Products, as defined pursuant to Section 2.1 below, or (b) provide a clear and reasonable Proposition 65 warning on the Covered Product pursuant to Section 2.2 below.

The “Daily Cadmium Exposure Level” shall be calculated by multiplying (1) the micrograms of Cadmium per gram in a Covered Product, by (2) the grams of the Covered Product in a single serving as set forth on the package label.

As used in this Section 2, “distributed for sale in California” means to directly ship Covered Products into California or to sell Covered Products to a distributor Laird Superfood knows will sell Covered Products in California.

2.2 Warning Option. Covered Products that do not meet the warning exemption standard set forth in Section 2.1 above shall be accompanied by a warning as described in Section 2.3 below. Where required to meet the criteria set forth in Section 2.2, and commencing 120 days after the Effective Date of this Amendment, Laird Superfood agrees to provide a clear and reasonable Proposition 65 warning on the Covered Product¹ to be in alignment with Proposition 65 warning regulations.
