

SETTLEMENT AND RELEASE AGREEMENT

1. INTRODUCTION

1.1. Clean Product Advocates, LLC and Stavis Seafoods

This Settlement Agreement is entered into by and between Clean Products Advocates, LLC, a California limited liability company ("CPA"), on the one hand, and Stavis Seafoods, LLC, a Massachusetts limited liability company ("Stavis"), on the other hand, with CPA and Stavis collectively referred to as the "Parties."

1.2. General Allegations

CPA alleges that Stavis manufactured and distributed and offered for sale in the State of California "Bos'n Langostino Lobster Pre-Cooked" containing Cadmium, and that such sales have not included warnings pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code sections 25249.6 *et seq.* and its implementing regulations ("Proposition 65"). California has identified and listed Cadmium under Proposition 65 as a chemical known to the State of California to cause cancer, birth defects or other reproductive harm. Stavis denies these allegations.

1.3. Product Description

The products that are covered by this Settlement Agreement are defined as those products that Stavis has manufactured, imported, sold, offered for sale or distributed in California. All such items shall be referred to herein as the "Products."

1.4. Notice of Violation

On 09/23/2025 CPA served Stavis Seafoods, Profand USA Inc., Walmart Inc., and the requisite public enforcement agencies eligible to initiate Proposition 65 actions on behalf of the People of the State of California with a document entitled "60-Day Notice of Violation" ("Notice") that provided Stavis and such public enforcers with notice that Stavis was allegedly in violation of California Health & Safety Code section 25249.6 for failing to warn consumers and customers that the Products exposed users in California to Cadmium. To the best of the Parties' knowledge, no public enforcer has commenced or is diligently prosecuting the allegations set forth in the Notice.

1.5. No Admission

The Parties enter into this Settlement Agreement to settle disputed claims between them as set forth herein and in the Notice concerning Stavis's compliance with Proposition 65. Stavis denies

the material factual and legal allegations contained in CPA's Notice and maintains that all products that it has manufactured for sale and distribution in California, including the Products, have been and are in compliance with Proposition 65 or any other statutory, regulatory, common law or equitable doctrine. Nothing in this Settlement Agreement shall be construed as an admission by Stavis of any fact, finding, issue of law, or violation of law; nor shall compliance with this Settlement Agreement constitute or be construed as an admission by Stavis of any fact, binding, conclusion, issue of law, or violation of law, such being specifically denied by Stavis on its behalf. However, nothing in this section shall diminish or otherwise affect the obligations, responsibilities, and duties of Stavis under this Settlement Agreement.

1.6. Effective Date

For purposes of this Settlement Agreement, the term "Effective Date" shall mean the date this Settlement Agreement is fully executed.

2. INJUNCTIVE RELIEF: REFORMULATION AND WARNINGS

As of the Effective Date, Stavis, at its sole discretion, agrees to either (a) manufacture, import, or otherwise source for authorized sale in California only Reformulated Products, as defined pursuant to Section 2.1 below, or (b) provide a clear and reasonable Proposition 65 warning on the Products pursuant to Section 2.2 below.

2.1. Reformulation Standards

The Products shall be deemed to comply with Proposition 65 with regard to Cadmium and be exempt from any Proposition 65 warning requirements for Cadmium in the Products if the exposure does not exceed 4.1 micrograms of Cadmium per day as calculated below ("Reformulated Products").

For the Purpose of this Agreement, the amount of Cadmium a person is exposed to from the Covered Product shall be calculated using the following formula: micrograms of Cadmium per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), multiplied by servings of the product per day (using the largest number of servings recommended on the product label), which equals micrograms of Cadmium exposure per day.

Products that were supplied or contracted to be supplied to third parties by Stavis prior to 6 months after the Effective Date shall be deemed exempted from the requirements of this Section 2 and shall be permitted to be sold through as previously manufactured, packaged and labeled.

2.2. Warning Option

Products that do not meet the warning exemption standard set forth in Section 2.1 above shall be accompanied by a warning as described in Section 2.3 below. This warning requirement shall

only be required as to Products that are manufactured, distributed, marketed, imported, sold, shipped for sale or offered for sale to consumers by Stavix in the State of California. No Proposition 65 warning shall be required for any Products that are supplied or contracted to be supplied to third parties by Stavix prior to 6 months after the Effective Date, and all such Products are hereby deemed to be exempt from Proposition 65 enforcement.

2.3. Warning Language

2.3.1. A clear and reasonable exposure Warning must be provided for Covered Product(s) that do not qualify as Reformulated Products under Section 2.1 and that Sunnyvale Seafood Corporation distributes into the State of California after the Compliance Date. The Warning shall consist of either the Standard Warning (under 2.3.1. (a)) or the Short-Form Warning (under 2.3.1. (b)).

a. Standard Warning. The Standard Warning shall consist of the statement:

WARNING: Consuming this product can expose you to chemicals including Cadmium, which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food

or

b. Short-Form Warning. The Short-Form Warning shall consist of either of the statements below:

WARNING [or] CA WARNING [or] CALIFORNIA WARNING: Risk of reproductive harm from exposure to Cadmium. See www.P65Warnings.ca.gov/food

or

WARNING [or] CA WARNING [or] CALIFORNIA WARNING: Can expose you to Cadmium, a reproductive toxicant. See www.P65Warnings.ca.gov/food

The font size of the Short-Form warning must be a minimum of 6 points, and it cannot be smaller than the largest size font used for Consumer Information.

Warning language on products manufactured on or after **January 1, 2028** must use the Short-Form Warning requirements outlined in Section 25603(b)(3) and must include at least one chemical name for each applicable endpoint (cancer and/or reproductive toxicity).

2.3.2. Print Warning. Standard Warning or Short-Form Warning provided pursuant to Section 2.3 in print form must:

- a. contain the word “**WARNING:**” in all capital letters, in bold font, followed by a colon;
- b. be affixed to or printed on the Products’ label, or on a placard, shelf tag, sign or electronic device;
- c. be displayed with such conspicuousness, as compared with other words, statements, or designs as to render it likely to be read and understood by an ordinary individual under customary conditions of purchase or use;
- d. be set off from other surrounding information;
- e. be enclosed in a box with a black, bold border.

2.3.3. Online/Internet Warning. If Stavis sell(s) Covered Product via internet websites to customers located in California, a warning meets the requirements of this sub-article if it complies with the content requirements of Section 25603 and the warning must also be provided using one or more of the following methods:

(a) a warning on the product display page, or

(b) a clearly marked hyperlink using the word “**WARNING**” or the words “**CA WARNING**” or “**CALIFORNIA WARNING**” on the product display page that links to the warning, or

(c) an otherwise prominently displayed warning provided to the purchaser prior to completing the purchase. If the warning is provided using the short-form warning label content pursuant to Section 25602(a)(4), the warning provided on the website may use the same content. For purposes of this subsection, the warning is not prominently displayed if the purchaser must search for it in the general content of the website.

2.3.4. For internet purchases made before January 1, 2028, a retail seller is not responsible under Section 25600.2(e)(4) for conspicuously posting or displaying the new warning online until 60 calendar days after the retailer receives a warning or a written notice under Section 25600.2(b) and (c) which updates a short-form warning compliant with Section 25603(c) with content compliant with Section 25603(b).

2.3.5 FOREIGN LANGUAGE - Where a sign, labeling, or label, as defined in Section 25600.1, is used to provide a warning that includes consumer information about a product in a language other than English, the warning must also be provided in that language in addition to English.

2.3.6 SAFE HARBOR WARNINGS - The Parties acknowledge that the warnings required by this section are not the exclusive methods of providing Proposition 65 warnings and agree that Stavis may utilize “safe harbor” warning language and methods promulgated by the Office of Environmental Health Hazard Assessment and contained in 27 CCR §§ 25602-25603, applicable to lead and the Products, in effect on or after the Effective Date, without being deemed in breach of this Settlement Agreement.

2.3.7 GRACE PERIOD FOR EXISTING INVENTORY OF PRODUCTS - The injunctive requirements of Section 2 shall not apply to Products that are already in the stream of commerce as of the Effective Date, which Products are expressly subject to the releases provided in Section 4.1. For the avoidance of doubt, Products in the stream of commerce specifically include, but are not limited to, Products in the process of manufacture.
