

AMENDED SETTLEMENT AGREEMENT AND RELEASE

This Amended Settlement Agreement and Release (“Agreement”) between Environmental Research Center, Inc. (“ERC”) and Eniva USA, Inc., individually and dba Eniva Health (“Eniva USA”) is effective on the date on which it is fully executed (“Effective Date”) and supercedes any prior written settlement agreement between ERC and Eniva USA. ERC and Eniva USA are referred to individually as a “Party” and collectively as the “Parties.” The Parties agree as follows:

1. This matter arises out of the Notice of Violation of California Health & Safety Code §25249.5, *et seq.* (also known as “Proposition 65”) that ERC served on Eniva USA on October 27, 2025 (the “Notice”) with regard to the following products identified below (referred to as the “Covered Product(s)”):

- **Eniva Health LifeCleanse Fiber, Prebiotic & Spice Blend Colon, Liver & Bowel Health (also called the Lead Covered Product)**
- **Eniva Health Plant Protein Ultra Smooth Vegan Blend Organic Vanilla Plant Protein Powder Nutrition Powder Mix (also called the PFOA Covered Product)**

2. The Parties enter into this Agreement in order to fully resolve all claims, demands, and allegations regarding the Notice and for the purpose of avoiding prolonged litigation. Nothing in this Agreement shall be construed as an admission of the Parties of any fact, issue of law, or violation of law, nor shall compliance with this Agreement constitute or be construed as an admission by the Parties of any fact, issue of law or violation of law. Nothing in this Agreement or any document referred to shall be construed as giving rise to any presumption or inference of admission or concession by the Parties as to any fault, wrongdoing or liability. This Section shall not diminish or otherwise affect the obligations, responsibilities, and duties of the Parties under this Agreement.

3. **INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS**

In consideration of the following covenants and conditions contained in this Agreement, the Parties have provided the releases as set forth in Section 6 below:

3.1 Beginning on the Effective Date, Eniva USA shall be permanently enjoined from manufacturing for sale in the State of California, “Distributing into the State of California,” or directly selling in the State of California, any Lead Covered Product which exposes a person to a “Daily Lead Exposure Level” of more than 0.5 micrograms of lead per day and/or any PFOA Covered Product which exposes a person to any detectible level of Perfluorooctanoic Acid (“PFOA”) per day unless such Covered Product meets the warning requirements under Section 3.2.

3.1.1 As used in this Agreement, the term “Distributing into the State of California” shall mean to directly ship a Covered Product into California for sale in California

Initials

or to sell a Covered Product to a distributor that Eniva USA knows or has reason to know will sell the Covered Product in California.

3.1.2 For purposes of this Agreement, the “Daily Lead Exposure Level,” shall be measured in micrograms, and shall be calculated using the following formula: micrograms of lead per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), multiplied by servings of the product per day (using the largest number of recommended daily servings appearing on the label), which equals micrograms of lead exposure per day. If the label contains no recommended daily servings, then the number of recommended daily servings shall be one.

3.2 Clear and Reasonable Warnings

If Eniva USA is required to provide a warning pursuant to Section 3.1, the following warning must be utilized (“Warning”):

WARNING: Consuming this product can expose you to chemicals including [lead] [and] [perfluorooctanoic acid] which is [are] known to the State of California to cause [cancer and] birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

The Warning shall begin either with the word “**WARNING,**” as indicated above, or the words “**CA WARNING**” or “**CALIFORNIA WARNING,**” in all capital letters and bold print. Eniva USA shall use the phrase “cancer and” in the Warning if Eniva USA knows (a) for the PFOA Covered Product, that PFOA is present in the Covered Product, and/or (b) for the Lead Covered Product, that the “Daily Lead Exposure Level” is greater than 15 micrograms of lead as determined pursuant to the quality control methodology set forth in Section 3.4, and/or if Eniva USA has reason to believe that another Proposition 65 chemical is present at a level requiring the cancer warning. As identified in the brackets, the warning shall appropriately reflect whether there is lead (for the Lead Covered Product only), PFOA (for the PFOA Covered Product only), or multiple chemicals present in the Covered Products, but if there is a chemical present at a level that requires a cancer warning, the chemical requiring use of the phrase “cancer and” in the Warning shall always be identified.

The Warning shall be securely affixed to or printed upon the label of any Covered Product, and it must be set off from other surrounding information and enclosed in a box. In addition, for any Covered Product sold over the internet, the Warning shall appear on the checkout page when a California delivery address is indicated for any purchase of any Covered Product. An asterisk or other identifying method must be utilized to identify which product on the checkout page is subject to the Warning. In no event shall any internet or website Warning be contained in or made through a link.

The Warning shall be at least the same size as the largest of any other health or safety warnings also appearing on the website or on the label and in no event less than six (6) point type. No statements intended to or likely to have the effect of diminishing the impact of, or reducing the

Initials

clarity of, the Warning on the average lay person shall accompany the Warning. Further, no statements may accompany the Warning that state or imply that the source of the listed chemical has an impact on or results in a less harmful effect of the listed chemical.

Eniva USA must display the above Warning with such conspicuousness, as compared with other words, statements or designs on the label, or on its website, as applicable, to render the Warning likely to be read and understood by an ordinary individual under customary conditions of purchase or use of the product. Where a sign or label used to provide the Warning for a Covered Product includes consumer information about the Covered Product in a language other than English, the Warning must also be provided in that language in addition to English.

For purposes of this Agreement, the term "label" means a display of written, printed or graphic material that is printed on or affixed to a Covered Product or its immediate container or wrapper.

3.3 Conforming Covered Products

A Conforming Lead Covered Product is a Lead Covered Product for which the "Daily Lead Exposure Level" is no greater than 0.5 micrograms of lead per day as determined by the exposure methodology set forth in Section 3.1.2 and the quality control methodology described in Section 3.4, and that is not known by Eniva USA to contain other chemicals that violate Proposition 65's safe harbor thresholds. A Conforming PFOA Covered Product is a PFOA Covered Product that does not contain any detectible level of PFOA per day as determined by the quality control methodology described in Section 3.4, and that is not known by Eniva USA to contain other chemicals that violate Proposition 65's safe harbor thresholds

3.4 Testing and Quality Control Methodology

3.4.1 Beginning within one year of the Effective Date, Eniva USA shall arrange for lead and PFOA testing of the Covered Products at least once a year for a minimum of five (5) consecutive years by arranging for testing of three (3) randomly selected samples of the Covered Products, in the form intended for sale to the end-user, which Eniva USA intends to sell or is manufacturing for sale in California, directly selling to a consumer in California or "Distributing into the State of California." If tests conducted pursuant to this Section demonstrate that no Warning is required for the Covered Products during each of the five (5) consecutive years, then the testing requirements of this Section will no longer be required as to the Covered Products. However, if during or after the five-year testing period, Eniva USA changes ingredient suppliers for the Covered Products and/or reformulates the Covered Products, Eniva USA shall test that Covered Product annually for at least four (4) consecutive years after such change is made.

3.4.2 For purposes of measuring the "Daily Lead Exposure Level," the highest lead detection result of the three (3) randomly selected samples of the Covered Products will be controlling.

3.4.3 All testing pursuant to this Consent Judgment shall be performed using a laboratory method that complies with the performance and quality control factors appropriate for the method used, including limit of detection and limit of quantification, sensitivity, accuracy and precision that meets the following criteria: (a) For lead testing, Inductively Coupled Plasma-Mass Spectrometry (“ICP-MS”) achieving a limit of quantification of less than or equal to 0.005 mg/kg for lead and (b) For PFOA testing, Liquid Chromatography-Tandem Mass Spectrometry (“LC-MS/MS”) achieving a limit of quantification of less than or equal to 0.080 ng/g for PFOA.

3.4.4 All testing pursuant to this Consent Judgment shall be performed by an independent third-party laboratory certified by the State of California or accredited by the State of California, a federal agency, the National Environmental Laboratory Accreditation Program or similar nationally recognized accrediting organization to perform the particular method of detection and analysis in question.

3.4.5 Nothing in this Agreement shall limit Eniva USA’s ability to conduct, or require that others conduct, additional testing of the Covered Products, including the raw materials used in their manufacture.

3.4.6 Within thirty (30) days of ERC’s written request, Eniva USA shall deliver lab reports obtained pursuant to Section 3.4, and related documentation, to ERC. Eniva USA shall retain all such lab reports and related documentation for a period of five years from the date of each test. Any request by ERC for lab reports and related documentation shall be made prior to the expiration of the five-year time period identified in this section 3.4.6.

3.5 Nothing in Section 3 of this Agreement shall prevent or preclude ERC from obtaining and relying upon its own testing for purposes of enforcement, so long as such testing meets the requirements of Sections 3.4.3 and 3.4.4. Nothing in Section 3.4 of this Agreement is intended by either Party to set a precedent for the level of lead, PFOA, or other chemicals that is permissible in consumer products under Proposition 65.

4. Eniva USA shall make a total payment of \$20,000.00 (“Total Settlement Amount”) to ERC in three periodic payments (the “Periodic Payments”) according to the following payment schedule (“Due Dates”):

- Payment 1 -- \$6,666.67 within 5 days of the Effective Date (the first Due Date)
- Payment 2 -- \$6,666.67 within 35 days of the Effective Date (the second Due Date)
- Payment 3 -- \$6,666.66 within 65 days of the Effective Date (the third Due Date)

Eniva USA shall make these Periodic Payments by ACH transfer to ERC’s account, for which ERC will give Eniva USA the necessary account information. The Total Settlement Amount shall be allocated as follows:

a. \$2,000.00 shall be considered a civil penalty pursuant to California Health and Safety Code §25249.7(b)(1). ERC shall remit 75% (\$1,500.00) of the civil penalty to the Office

of Environmental Health Hazard Assessment ("OEHHA") for deposit in the Safe Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety Code §25249.12(c). ERC will retain the remaining 25% (\$500.00) of the civil penalty.

b. \$3,425.22 shall be considered a reimbursement to ERC for its costs incurred as a result of bringing this matter to Eniva USA's attention and negotiating a settlement.

c. \$14,574.78 shall be distributed to ERC for its in-house legal fees.

d. In the event that Eniva USA fails to remit, in full, any of the Periodic Payments owed under Section 4 of this Agreement on or before the applicable Due Date, Eniva USA shall be deemed to be in material breach of its obligations under this Agreement. ERC shall provide written notice of the delinquency to Eniva USA and its counsel via electronic mail. If Eniva USA fails to remit the delinquent payment within five (5) business days from the date of ERC's written notice, the Total Settlement Amount, less any amounts previously paid pursuant to Section 4, shall become immediately due and payable and shall accrue interest at the statutory judgment interest rate provided in the Code of Civil Procedure section 685.010, and any release provisions in Section 6 that are for the benefit of Eniva USA and the Released Parties (as defined in Section 6.1) shall be suspended and of no effect until such time as the Total Settlement Amount is paid in full. Additionally, Eniva USA agrees to pay ERC's reasonable attorneys' fees and costs for any efforts to collect the payment due under this Agreement.

5. Except as expressly set forth in Section 4, the Parties shall bear their own costs, expenses, and attorneys' fees related to the Notice.

6. Binding Effect; Claims Covered and Released

6.1. This Agreement is a full, final, and binding resolution between ERC, on behalf of itself, and Eniva USA and its respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions, suppliers, franchisees, licensees, customers (not including private label customers of Eniva USA), distributors, wholesalers, retailers, and all other upstream and downstream entities in the distribution chain of any Covered Product, and the predecessors, successors, and assigns of any of them (collectively, "Released Parties").

6.2 ERC, on behalf of itself only, hereby fully releases and discharges the Released Parties from any and all claims, actions, causes of action, suits, demands, liabilities, damages, penalties, fees, costs, and expenses asserted, or that could have been asserted from the handling, use, or consumption of the Covered Products, as to any alleged violation of Proposition 65 or its implementing regulations arising from the failure to provide Proposition 65 warnings on the Lead Covered Product regarding lead and/or on the PFOA Covered Product regarding PFOA, all up to and including the Effective Date.

6.3 ERC, on its own behalf only, and Eniva USA on its own behalf only, further waive and release any and all claims they may have against each other for all actions or statements made or undertaken in the course of seeking or opposing enforcement of Proposition

Initials

65 in connection with the Notice up to and including the Effective Date, provided, however, that nothing in Section 6 shall affect or limit any Party's right to seek to enforce the terms of this Agreement.

6.4 It is possible that other claims not known to the Parties, arising out of the facts alleged in the Notice, and relating to the Covered Products, will develop or be discovered. ERC, on behalf of itself only, and Eniva USA, on behalf of itself only, acknowledge that this Agreement is expressly intended to cover and include all such claims up to and including the Effective Date, including all rights of action therefor. ERC and Eniva USA acknowledge that the claims released in Sections 6.2 and 6.3 above may include unknown claims, and the Parties nevertheless waive California Civil Code section 1542 as to any such unknown claims. California Civil Code section 1542 reads as follows:

(i) A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

ERC, on behalf of itself only, and Eniva USA, on behalf of itself only, acknowledge and understand the significance and consequences of this specific waiver of California Civil Code section 1542.

6.5 Compliance with the terms of this Agreement shall be deemed to constitute compliance with Proposition 65 by any of the Released Parties regarding alleged exposures to lead in the Lead Covered Product and/or PFOA in the PFOA Covered Product as set forth in the Notice.

6.6 Nothing in this Agreement is intended to apply to any occupational or environmental exposures arising under Proposition 65, nor shall it apply to any of Eniva USA's products other than the Covered Products.

7. Nothing herein shall be construed as diminishing Eniva USA's continuing obligations to comply with Proposition 65.

8. It is Eniva USA's understanding that the commitments it has agreed to herein, and actions to be taken by Eniva USA under this Settlement Agreement confer a significant benefit to the general public, as set forth in Code of Civil Procedure § 1021.5 and Cal. Admin. Code tit. 11, § 3201. As such, it is the intent of Eniva USA that to the extent any other private party serves a notice and/or initiates an action alleging a violation of Proposition 65 with respect to Eniva USA's alleged failure to provide a warning concerning actual or alleged exposure to lead and/or PFOA prior to use of the Covered Products it has manufactured, distributed, sold, or offered for sale in California, or will manufacture, distribute, sell, or offer for sale in California, such private party action would not confer a significant benefit on the general public as to those
