

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release ("Agreement") between Environmental Research Center, Inc. ("ERC") and Core Med Science, LLC and Renew Wellness Brands, LLC, individually and dba Core Med Science (collectively "Core Med Science") is effective on the date on which it is fully executed ("Effective Date"). ERC and Core Med Science are referred to individually as a "Party" and collectively as the "Parties." The Parties agree as follows:

1. This matter arises out of the Notice of Violation of California Health & Safety Code §25249.5, *et seq.* (also known as "Proposition 65") that ERC served on Core Med Science on June 26, 2026 (the "Notice") with regard to the following product identified below (referred to as the "Covered Product"):

- **Core Med Science Whey Protein Chocolate**

2. The Parties enter into this Agreement in order to fully resolve all claims, demands, and allegations regarding the Notice and for the purpose of avoiding prolonged litigation. Nothing in this Agreement shall be construed as an admission of the Parties of any fact, issue of law, or violation of law, nor shall compliance with this Agreement constitute or be construed as an admission by the Parties of any fact, issue of law or violation of law. Nothing in this Agreement or any document referred to shall be construed as giving rise to any presumption or inference of admission or concession by the Parties as to any fault, wrongdoing or liability. This Section shall not diminish or otherwise affect the obligations, responsibilities, and duties of the Parties under this Agreement.

3. INJUNCTIVE RELIEF, REFORMULATION, TESTING AND WARNINGS

In consideration of the following covenants and conditions contained in this Agreement, the Parties have provided the releases as set forth in Section 6 below:

3.1 Beginning on the Effective Date, Core Med Science shall be permanently enjoined from manufacturing for sale in the State of California, "Distributing into the State of California," or directly selling in the State of California, any Covered Product which exposes a person to a "Daily Lead Exposure Level" of more than 0.5 micrograms of lead per day unless it meets the warning requirements under Section 3.2.

3.1.1 As used in this Agreement, the term "Distributing into the State of California" shall mean to directly ship a Covered Product into California for sale in California or to sell a Covered Product to a distributor that Core Med Science knows or has reason to know will sell the Covered Product in California.

3.1.2 For purposes of this Agreement, the "Daily Lead Exposure Level," shall be measured in micrograms, and shall be calculated using the following formula: micrograms of lead per gram of product, multiplied by grams of product per serving of the product (using the largest serving size appearing on the product label), multiplied by servings of the product

Initials

SETTLEMENT AGREEMENT AND RELEASE

per day (using the largest number of recommended daily servings appearing on the label), which equals micrograms of lead exposure per day. If the label contains no recommended daily servings, then the number of recommended daily servings shall be one.

3.2 Clear and Reasonable Warnings

If Core Med Science is required to provide a warning pursuant to Section 3.1, one of the following warnings must be utilized ("Warning"):

OPTION 1:

WARNING: Consuming this product can expose you to chemicals including lead which is known to the State of California to cause [cancer and] birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

OPTION 2:

WARNING: Risk of [cancer and] reproductive harm from exposure to lead. See www.P65Warnings.ca.gov/food.

OPTION 3:

WARNING: Can expose you to lead, a [carcinogen and] reproductive toxicant. See www.P65Warnings.ca.gov/food.

The Warning shall begin either with the word "WARNING," as indicated above, or the words "CA WARNING" or "CALIFORNIA WARNING," in all capital letters and bold print. Core Med Science shall use the phrase "cancer and" in the Option 1 and Option 2 Warnings or the phrase "carcinogen and" in the Option 3 Warning (each phrase referred to individually as a "Cancer Phrase") if Core Med Science has reason to believe that lead, or another Proposition 65 chemical, is present at a level that requires a cancer warning. The warning shall appropriately reflect that there is lead present in the Covered Product, but if there is a chemical present at a level that requires Core Med Science to provide a cancer warning, the chemical requiring use of the Cancer Phrase in the Warning shall always be identified.

The Warning shall be securely affixed to or printed upon the label of any Covered Product, and it must be set off from other surrounding information and enclosed in a box. In addition, for any Covered Product sold over the internet, the Warning shall appear on the checkout page when a California delivery address is indicated for any purchase of any Covered Product. An asterisk or other identifying method must be utilized to identify which product on the checkout page is subject to the Warning. In no event shall any internet or website Warning be contained in or made through a link.

The Warning shall be at least the same size as the largest of any other health or safety warnings also appearing on the website or on the label and in no event less than six (6) point type.

SETTLEMENT AGREEMENT AND RELEASE

No statements intended to or likely to have the effect of diminishing the impact of, or reducing the clarity of, the Warning on the average lay person shall accompany the Warning. Further, no statements may accompany the Warning that state or imply that the source of the listed chemical has an impact on or results in a less harmful effect of the listed chemical.

Core Med Science must display the above Warning with such conspicuousness, as compared with other words, statements or designs on the label, or on its website, as applicable, to render the Warning likely to be read and understood by an ordinary individual under customary conditions of purchase or use of the product. Where a sign or label used to provide the Warning for a Covered Product includes consumer information about the Covered Product in a language other than English, the Warning must also be provided in that language in addition to English.

For purposes of this Agreement, the term "label" means a display of written, printed or graphic material that is printed on or affixed to a Covered Product or its immediate container or wrapper.

3.3 Conforming Covered Products

A Conforming Covered Product is a Covered Product for which the "Daily Lead Exposure Level" is no greater than 0.5 micrograms of lead per day as determined by the exposure methodology set forth in Section 3.1.2 and the quality control methodology described in Section 3.4, and that is not known by Core Med Science to contain other chemicals that violate Proposition 65's safe harbor thresholds.

3.4 Testing and Quality Control Methodology

3.4.1 Beginning within one year of the Effective Date, Core Med Science shall arrange for lead testing of the Covered Product at least once a year for a minimum of five (5) consecutive years by arranging for testing of three (3) randomly selected samples of the Covered Product, in the form intended for sale to the end-user, which Core Med Science intends to sell or is manufacturing for sale in California, directly selling to a consumer in California or "Distributing into the State of California." If tests conducted pursuant to this Section demonstrate that no Warning is required for the Covered Product during each of the five (5) consecutive years, then the testing requirements of this Section will no longer be required as to the Covered Product. However, if during or after the five-year testing period, Core Med Science changes ingredient suppliers for the Covered Product and/or reformulates the Covered Product, Core Med Science shall test that Covered Product annually for at least four (4) consecutive years after such change is made.

3.4.2 For purposes of measuring the "Daily Lead Exposure Level," the highest lead detection result of the three (3) randomly selected samples of the Covered Product will be controlling.

3.4.3 All testing pursuant to this Agreement shall be performed using a laboratory method that complies with the performance and quality control factors appropriate

for the method used, including limit of detection and limit of quantification, sensitivity, accuracy and precision that meets the following criteria: Inductively Coupled Plasma-Mass Spectrometry ("ICP-MS") achieving a limit of quantification of less than or equal to 0.005 mg/kg.

3.4.4 All testing pursuant to this Agreement shall be performed by an independent third-party laboratory certified by the State of California or accredited by the State of California, a federal agency, the National Environmental Laboratory Accreditation Program or similar nationally recognized accrediting organization to perform the particular method of detection and analysis in question.

3.4.5 Nothing in this Agreement shall limit Core Med Science's ability to conduct, or require that others conduct, additional testing of the Covered Product, including the raw materials used in their manufacture.

3.4.6 Within thirty (30) days of ERC's written request, Core Med Science shall deliver lab reports obtained pursuant to Section 3.4, and related documentation, to ERC. Core Med Science shall retain all such lab reports and related documentation for a period of five years from the date of each test. Any request by ERC for lab reports and related documentation shall be made prior to the expiration of the five-year time period identified in this section 3.4.6.

3.5 Nothing in Section 3 of this Agreement shall prevent or preclude ERC from obtaining and relying upon its own testing for purposes of enforcement, so long as such testing meets the requirements of Sections 3.4.3 and 3.4.4. Nothing in Section 3.4 of this Agreement is intended by either Party to set a precedent for the level of lead or other chemicals that is permissible in consumer products under Proposition 65.

4. Core Med Science shall make a total payment of \$20,000.00 ("Total Settlement Amount") by wire transfer to ERC's account within 5 days of the Effective Date ("Due Date"), for which ERC will give Core Med Science the necessary account information. The Total Settlement Amount shall be allocated as follows:

a. \$5,000.00 shall be considered a civil penalty pursuant to California Health and Safety Code §25249.7(b)(1). ERC shall remit 75% (\$3,750.00) of the civil penalty to the Office of Environmental Health Hazard Assessment ("OEHHA") for deposit in the Safe Drinking Water and Toxic Enforcement Fund in accordance with California Health and Safety Code §25249.12(c). ERC will retain the remaining 25% (\$1,250.00) of the civil penalty.

b. \$1,356.98 shall be considered a reimbursement to ERC for its costs incurred as a result of bringing this matter to Core Med Science's attention and negotiating a settlement.

c. \$13,643.02 shall be distributed to ERC for its in-house legal fees.

d. In the event that Core Med Science fails to remit the Total Settlement Amount owed under Section 4 of this Agreement on or before the Due Date, Core Med Science shall be

deemed to be in material breach of its obligations under this Agreement. ERC shall provide written notice of the delinquency to Core Med Science via electronic mail. If Core Med Science fails to deliver the Total Settlement Amount within five days from the written notice, the Total Settlement Amount shall become immediately due and payable and shall accrue interest at the statutory judgment interest rate provided in the Code of Civil Procedure section 685.010, and any release provisions in Section 6 that are for the benefit of Core Med Science and/or the Released Parties (as defined in Section 6.1) shall be suspended and waived during the period of time that transpires until the Total Settlement Amount is paid in full. Additionally, Core Med Science agrees to pay ERC's reasonable attorneys' fees and costs for any efforts to collect the payment due under this Agreement.

5. Except as expressly set forth in Section 4, the Parties shall bear their own costs, expenses, and attorneys' fees related to the Notice.

6. Binding Effect; Claims Covered and Released

6.1 This Agreement is a full, final, and binding resolution between ERC, on behalf of itself, and Core Med Science and its respective officers, directors, shareholders, employees, agents, parent companies, subsidiaries, divisions, suppliers, franchisees, licensees, customers (not including private label customers of Core Med Science), distributors, wholesalers, retailers, and all other upstream and downstream entities in the distribution chain of any Covered Product, and the predecessors, successors, and assigns of any of them (collectively, "Released Parties").

6.2 ERC, on behalf of itself only, hereby fully releases and discharges the Released Parties from any and all claims, actions, causes of action, suits, demands, liabilities, damages, penalties, fees, costs, and expenses asserted, or that could have been asserted from the handling, use, or consumption of the Covered Product, as to any alleged violation of Proposition 65 or its implementing regulations arising from the failure to provide Proposition 65 warnings on the Covered Product regarding lead up to and including the Effective Date.

6.3 ERC, on its own behalf only, and Core Med Science on its own behalf only, further waive and release any and all claims they may have against each other for all actions or statements made or undertaken in the course of seeking or opposing enforcement of Proposition 65 in connection with the Notice up to and including the Effective Date, provided, however, that nothing in Section 6 shall affect or limit any Party's right to seek to enforce the terms of this Agreement.

6.4 It is possible that other claims not known to the Parties, arising out of the facts alleged in the Notice, and relating to the Covered Product, will develop or be discovered. ERC, on behalf of itself only, and Core Med Science, on behalf of itself only, acknowledge that this Agreement is expressly intended to cover and include all such claims up to and including the Effective Date, including all rights of action therefor. ERC and Core Med Science acknowledge that the claims released in Sections 6.2 and 6.3 above may include unknown claims, and the Parties nevertheless waive California Civil Code section 1542 as to any such unknown claims.

SETTLEMENT AGREEMENT AND RELEASE

California Civil Code section 1542 reads as follows:

(i) A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

ERC, on behalf of itself only, and Core Med Science, on behalf of itself only, acknowledge and understand the significance and consequences of this specific waiver of California Civil Code section 1542.

6.5 Compliance with the terms of this Agreement shall be deemed to constitute compliance with Proposition 65 by any of the Released Parties regarding alleged exposures to lead in the Covered Product as set forth in the Notice.

6.6 Nothing in this Agreement is intended to apply to any occupational or environmental exposures arising under Proposition 65, nor shall it apply to any of Core Med Science's products other than the Covered Product.

7. Nothing herein shall be construed as diminishing Core Med Science's continuing obligations to comply with Proposition 65.

8. It is Core Med Science's understanding that the commitments it has agreed to herein, and actions to be taken by Core Med Science under this Settlement Agreement confer a significant benefit to the general public, as set forth in Code of Civil Procedure § 1021.5 and Cal. Admin. Code tit. 11, § 3201. As such, it is the intent of Core Med Science that to the extent any other private party serves a notice and/or initiates an action alleging a violation of Proposition 65 with respect to Core Med Science's alleged failure to provide a warning concerning actual or alleged exposure to lead prior to use of the Covered Product it has manufactured, distributed, sold, or offered for sale in California, or will manufacture, distribute, sell, or offer for sale in California, such private party action would not confer a significant benefit on the general public as to that Covered Product addressed in this Settlement Agreement, provided that Core Med Science is in material compliance with this Settlement Agreement.

9. All notices required to be given to either Party to this Agreement by the other shall be in writing and sent to the following agents listed below via first-class mail, or via electronic mail where required. Courtesy copies of notices sent via first-class mail may also be sent via email.
