

SETTLEMENT AGREEMENT
(Attorney General No. 2026-03226)

1. INTRODUCTION

1.1. The Parties.

This Settlement Agreement (“Agreement”) is entered into by and between Center for Consumer Safety, LLC (“CCS”), a California limited liability company, and Direct Digital, LLC and NAC Marketing Company, LLC (each a “Settling Defendant” and together the “Settling Defendants”). CCS and the Settling Defendants are collectively the “Parties.” CCS is proceeding in the public interest under the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code § 25249.6 et seq. (“Proposition 65”), which requires that consumers receive a clear and reasonable warning before exposure to chemicals known to the State of California to cause cancer or reproductive harm.

1.2. Consumer Product Description.

The product covered by this Agreement is New Vitality Coco Complete, ASIN B00GXL0FFA (the “Product”), a superfood powder that the Settling Defendants have manufactured, distributed, sold, or offered for sale in the State of California. CCS alleges the Product exposes consumers to lead. Lead is listed under Proposition 65 as a chemical known to the State of California to cause cancer and to cause birth defects or other reproductive harm.

1.3. Notice of Violation.

On July 9, 2026, CCS served Direct Digital, LLC, NAC Marketing Company, LLC, Amazon.com Services LLC, and the requisite public enforcement agencies with a 60-Day Notice of Violation, assigned Attorney General No. 2026-03226 (the “Notice”), alleging that the Settling Defendants failed to warn California consumers of exposure to lead from the Product. No public enforcer has commenced or is diligently prosecuting the allegations set forth in the Notice, and no complaint has been filed.

1.4. No Admission.

The Settling Defendants deny the factual and legal allegations in the Notice and maintain that the Product has at all times complied with all applicable laws. Nothing in this Agreement shall

constitute or be construed as an admission by the Settling Defendants of any fact, finding, conclusion, issue of law, or violation of law, nor shall compliance with this Agreement constitute or be construed as any such admission. This Section shall not diminish or otherwise affect the Settling Defendants' obligations under this Agreement.

1.5. Effective Date.

The "Effective Date" is the date on which all Parties have received notice that this Agreement has been fully executed.

2. INJUNCTIVE RELIEF: REFORMULATION OR WARNINGS

2.1. Overview.

Commencing on the Effective Date, the Settling Defendants shall be permanently enjoined from manufacturing, importing, distributing for sale in California, or selling in California any Product manufactured after the Effective Date that is not a Compliant Product as defined in Section 2.2, unless that Product bears a clear and reasonable Proposition 65 warning in accordance with Sections 2.3 and 2.4.

2.2. Compliant Products.

The Product shall be deemed to comply with Proposition 65 with respect to lead, and to be exempt from any Proposition 65 warning requirement for lead, if its lead content results in a Daily Lead Exposure Level of no more than 0.5 micrograms per person per day ("Compliant Product"). The "Daily Lead Exposure Level" shall be calculated by multiplying (1) the micrograms of lead per gram in the Product by (2) the grams of the Product in a single serving as set forth on the package label.

As used in this Section 2, "distributed for sale in California" means to sell, offer for sale, ship, or distribute the Product in or into California, whether directly or through one or more third-party retailers, distributors, or e-commerce marketplaces that the Settling Defendants know will sell the Product in California.

2.3. Warning Obligation and Scope.

Where a Product manufactured after the Effective Date is not a Compliant Product, the Settling Defendants shall not distribute it for sale in California unless it bears a warning that complies with Section 2.4.

2.4. Product Warnings.

A warning provided under this Agreement shall be prominently displayed with such conspicuousness, as compared with other words, statements, or designs, as to render it likely to be read and understood by an ordinary individual under customary conditions of purchase or use, and shall be clearly associated with the specific Product, in compliance with California Code of Regulations, Title 27, Article 6, Clear and Reasonable Warning Requirements, §§ 25601, 25602, 25607.1 and 25607.2.

2.4.1. Full Warning.

“WARNING: Consuming this product can expose you to lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.”

2.4.2. Short-Form Warnings.

In lieu of the warning in Section 2.4.1, the Settling Defendants may use any of the following:

(a) “WARNING: Risk of cancer and reproductive harm from exposure to lead. See www.P65Warnings.ca.gov/food.”

(b) “WARNING: Can expose you to lead, a carcinogen and reproductive toxicant. See www.P65Warnings.ca.gov/food.”

(c) “WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov/food.”
This form may be used only on Products manufactured and labeled before January 1, 2028, regardless of the date of sale.

2.4.3. Foreign Language.

If any label, sign, or shelf tag for the Product uses a language other than English, the warning shall also be provided in that language.

2.4.4. On-Product Warnings.

The warning shall be affixed to, printed on, or otherwise displayed on the Product label or immediate container. The word “WARNING:” shall appear in capital letters, in bold type, followed by a colon, and in a type size no smaller than that used for other consumer safety warnings appearing on the Product.

2.4.5. Internet Warnings.

For Products offered for sale to California consumers through a website operated by a Settling Defendant, the warning shall appear on the product display page, or by a clearly marked hyperlink using the word “WARNING” on that page, or by otherwise displaying the warning to the purchaser prior to completing the purchase, such that the purchaser does not have to search for it in the general content of the page. Where a Settling Defendant supplies the Product to a third-party internet seller, the Settling Defendant shall provide that seller with the warning and with written notice of the warning requirement as a condition of sale, in the manner contemplated by California Code of Regulations, Title 27, § 25600.2(b). A Settling Defendant shall not be liable under this Agreement for a third-party seller’s removal or failure to display a warning that the Settling Defendant has provided.

2.5. Compliance with Warning Regulations.

The Settling Defendants shall be deemed to be in compliance with Proposition 65 and this Agreement by either adhering to this Section 2 or by complying with warning regulations adopted by the State of California’s Office of Environmental Health Hazard Assessment (“OEHHA”) applicable to the Product and the exposures at issue.

2.6. Products Manufactured On or Before the Effective Date.

This Section 2 shall not apply to any Product manufactured on or before the Effective Date, including Products held in inventory or already in the stream of commerce as of the Effective Date. Such Products are expressly covered by the releases in Section 4, and nothing in this Agreement restricts the Settling Defendants from selling through that existing inventory.

3. MONETARY SETTLEMENT TERMS

In full settlement of all claims referred to in this Agreement, the Settling Defendants shall pay a total of \$21,000, allocated as set forth below.

3.1. Civil Penalty.

Within ten (10) calendar days of the Effective Date, the Settling Defendants shall pay a civil penalty of \$2,000, allocated in accordance with California Health & Safety Code §§ 25249.12(c)(1) and (d), with 75% (\$1,500) remitted to the Office of Environmental Health Hazard Assessment (“OEHHA”) and 25% (\$500) remitted to CCS.

3.2. Attorneys’ Fees and Costs.

The Parties reached an accord on the compensation due to CCS and its counsel under the private attorney general doctrine codified at California Code of Civil Procedure § 1021.5, for all work performed through the Effective Date, including the investigation, the negotiation of this Agreement, and the reporting required by Section 9. Within ten (10) calendar days of the Effective Date, the Settling Defendants shall pay \$19,000 to Coastal Aegis Law, APC by ACH transfer in accordance with Section 3.3.

3.3. Payments.

(a) The amounts owed to CCS under Section 3.1 (\$500) and to Coastal Aegis Law, APC under Section 3.2 (\$19,000) — \$19,500 in the aggregate — shall be made through a single ACH transfer to the Coastal Aegis Law, APC Client Trust Account, pursuant to payment instructions provided separately by CCS’s counsel following execution of this Agreement. The Settling Defendants’ obligations under Sections 3.1 and 3.2 as to those amounts shall be deemed fully satisfied upon successful transmission of the total payment amount to the designated account.

(b) The payment owed to OEHHA (EIN 68-0284486) under Section 3.1 (\$1,500) shall be mailed directly to OEHHA, memo line “Prop 65 Penalties,” at: Fiscal Operations Branch Chief, Office of Environmental Health Hazard Assessment, P.O. Box 4010, Sacramento, CA 95812-4010; or for non-United States Postal Service delivery, 1001 I Street, Sacramento, CA 95814.

(c) The Settling Defendants shall provide CCS’s counsel with a copy of the OEHHA payment simultaneously with its delivery.

3.4. Tax Documentation.

CCS shall provide a current Form W-9 and the ACH payment instructions contemplated by Section 3.3(a) to counsel for the Settling Defendants within three (3) calendar days of the Effective Date. Each day of delay beyond that period extends the payment deadlines in Sections 3.1 and 3.2 by one day.

4. CLAIMS COVERED AND RELEASED

4.1. CCS's Release of the Settling Defendants.

CCS, which serves notices in the public interest pursuant to California Health & Safety Code § 25249.7(d), in its individual capacity only and not in its representative capacity, and not on behalf of the public, releases and discharges the Settling Defendants and their officers, directors, employees, agents, attorneys, parents, subsidiaries, and affiliated entities, together with all downstream distributors, wholesalers, retailers, franchisees, licensees, and customers of the Product (collectively, the "Releasees") from all claims for violations of Proposition 65 based on exposure to lead from the Product sold or distributed in California on or before the Effective Date, as alleged in the Notice.

Compliance with the terms of this Agreement shall constitute compliance with Proposition 65 with respect to lead in the Product. This release does not extend to any Releasee that has been instructed to provide a warning under Section 2.4.5 and fails to do so.

This release does not extend upstream to any entity that manufactured the Product or any component or ingredient thereof, or to any distributor or supplier that sold the Product or any component or ingredient thereof to the Settling Defendants.

This release is given by CCS on its own behalf only. It does not release, and shall not be construed to release, any claim brought in the public interest by any other person, or any claim of the Attorney General, a district attorney, a city attorney, or any other public prosecutor.

4.2. The Settling Defendants' Release of CCS.

The Settling Defendants, on their own behalf and on behalf of their agents, representatives, attorneys, successors, and assigns, waive all claims against CCS and its attorneys and other

representatives arising from the investigation of the allegations in the Notice, the service of the Notice, and the negotiation of this Agreement, through the Effective Date.

Before commencing any action to enforce this Agreement, the Party seeking enforcement shall give written notice describing the alleged breach with reasonable particularity, and the Parties shall meet and confer to endeavor amicably to resolve the dispute.
